Industrial Visit Report "SUDDPRAM AUTO ENGINEERING CO. PVT. LTD.", Chakan, Pune

Objective	To provide us an insight regarding PCB manufacturing, LED bulb manufacturing and Transformer manufacturing. Industry visits bridge the gap between Industry and Academics in a real-life environment.
Date of Conduction	9 th October 2018
Managing Director	Mr. Sudhir Deshkhaire
Timing	10 am to 3 pm
Coordinator	Dr. Y. S. Angal & Prof. P. R. Shah
Students & Faculties Participated	50 students & 04 faculties

At the beginning Mr. Sudhir Deshkhaire, Managing Director had given a brief introduction regarding the visit.

Photo1: Felicitation of Mr. Sudhir Deshkhaire, Managing Director SUDDPRAM AUTO ENGINEERING CO. PVT. LTD by Dr. Yogesh Angal, HOD E&TC Department.

Suddpram Auto Engineering Co. Pvt. Ltd., are an eminent Manufacturer, Exporter and Supplier of Die Casting Component. Some of our products in this range include PCB designing, Aluminium Die Casting, Aluminium Die Casting Components, Automotive Component, Non Automotive Component, Engine Side Cover and Piaggio Ape Spares.

Photo2: Interaction of students with R&D section coordinator.

They are manufacturing 100 types of LED's, they make sure the LED Flood Light for long lifetime as well as superior working flexibility that provide of brighter and longer service life. Their products are manufactured using the best quality material. We took almost an hour to see complete set of production which was followed by questions of students. We appreciate efforts taken by **SUDDPRAM AUTO ENGINEERING CO. PVT. LTD** supervisors, who guided students with each and every question with detailed answers.

Photo4: Group photo of all the students and Faculties with Managing Director

The visit was organized with the prior permission and guidance of Hon. Principal Dr. T. K. Nagaraj and HOD of E&TC Department Dr. Y. S. Angal, along with the staff members Prof. P. R. Shah, Prof. Janvi Nagaraj & Prof. P. Katkar, teaching faculty of E& TC Department.

Expected Outcome: We conclude that while going through the entire industrial visit, the cooperation is found to be very well organized developed & most ideal industry in every walk of its production, administration & management aspects. It is rightly said that "See & know" is better than "read & learn". Students have got real feel of company working after this visit. They got a chance to transfer their theoretical knowledge to practical implication. This will even help students to understand the Automation and Manufacturing Process clearly.
