CRITERION 4 - INFRASTRUCTURE AND LEARNING RESOURCES

4.2

Library as a Learning Resource

4.2.1

Library is automated using Integrated Library Management System (ILMS)

4.2 Library as a learning Resource

4.2.1. Library is automated using Integrated Library Management System (ILMS)

The Central Library of the institute is partially automated with Autolib Software , version 10, from 2010. This system enables efficient library administration to cater students and staff services.

This software has various following modules as under:

Circulation: Circulation module provision is used to issue/return/renew books, non-print material circulation (CD, DVD, etc.) and Print Journals/Magazines).

Library rules setting: Generate the barcodes, listing of books (by authors, publishers, and suppliers) Printing of member barcode, etc. with transactions through the email and message alert facility.

OPAC: Online Public Access Catalogue for searching the library resources. User can search the library resources as follows:

General Search: Title Author Publication Keywords Classification.

Advance Search: The searching can be done with various combinations Title Author Publication

Keywords Classification.

Accession Search: Search can also be done through the accession numbers without remembering the title or author of the book. This facilitates fast & accurate searching.

Reports: This is an important component of the Integrated Library Management System (ILMS) which helps to generate various report namely. Books Issue/Return date wise, user wise.

Software Details are as given Below:

Autolib Screen Shot:

The screenshot displays the Autolib Library Management System interface. The main window is titled "Issue / Return Books" and is currently in the "Issue" tab. The interface includes a sidebar menu with options like Master, Member, Acquisition, Circulation, Tools, Search, Reports, System Admin, View, and Utilities. The main area contains a form for issuing books, with fields for Institute, Member Name, Accession No, Issue Date, and Issue Period in Days. A table titled "Previous Issued Books Details" shows a list of books with columns for Acc No, Book Title, Issue Date, Period, Expected Date, and Authors. The table contains one entry: Acc No 13515, Book Title Theory Of Computation, Issue Date 06/10/2021, Period 7, Expected Date 13/10/2021, and Authors Kulkarni, Vivek. The interface also features a toolbar with buttons for Issue, Return, Save, Search, Delete, Cancel, and Exit. A status bar at the bottom indicates "Total No of Books : 16665" and "Issued Books : 683". The system is licensed to "JSPMs Bhivarabai Sawant Institute of Technology And Research".
