6.5.2-The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

(For first cycle - Incremental improvements made for the preceding year with regard to quality

Institutional reviews and implementation of teaching learning reforms facilitated by the IQAC

Example No 1: Use of MOODLE in teaching-learning process.

The course material, NPTEL video links, MOOC video links, YouTube video links and videos of experiments prepared by faculty members were uploaded on MOODLE. The details of text books and reference books are also uploaded on the MOODLE. The module coordinators periodically verify the contents uploaded on the MOODLE by subject teachers. The internal assessment through unit tests, assignments, mini-projects, MCQ test is done using MOODLE. Specific guidelines are given to subject teachers to upload the study material as per quality parameters. Students use this material for self-studies.

Example No 2: Improving Structure And Quality Of Assessment

The guidelines given by AICTE in the booklet on “Examination Reform Policy” published in 2018 was followed in questions paper setting.

The assessment plans for each of the course in the program that brings clarity to the following are adopted:

- Alignment of assessment with learning outcome of the course
- Level of learning (cognitive) student is expected to achieve

Bloom’s Taxonomy is used to design curriculum and teaching methodologies but also to design appropriate examination questions belonging to various cognitive levels. Choice of action verbs in constructing assessment questions is was given importance which are indicators of the complexity (level) of the question.

Assessing Higher-Order Abilities & Professional Skills

Following educational experiences are used to teach and assess professional outcomes and higher-order cognitive abilities: Course projects • Open-ended experiments in laboratories • Project-based learning modules • MOOCs • Co-Curricular experiences • Mini / Minor projects • Final year projects • Internship experiences • E-portfolios of student works.

APPEAL LETTER CONCERN TO STUDENT FEEDBACK

To,
Prof. NIKHIL GURAV
Department: Engg. Science

Appreciated
Ajs

We are writing this letter to appeal to improve your student feedback, your score for the subject Engg. Mechanics is 73% of Class: B Sem: I in Academic year 2021-22. So your performance and dedication towards teaching and conducting practical must be enhanced.

During the next feedback we hope that you will exceed the current score with your support and efforts for the betterment of Engg. Science Department and Bhivarabai Sawant Institute of Technology and Research, Wagholi, Pune- 412 207.

Appreciation Letter

To,
Prof. VIPUL BHOSALE
Department: Engg. Science

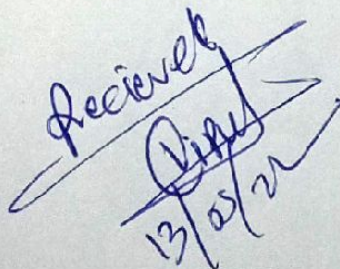

We are writing this letter to extend our heartiest appreciation towards you for taking efforts towards our Engineering Science Students for your subject "**Engineering Physics**". Your efforts are reflected in the **student feedback** with an Exceptional score of **90%** of Class: **FE for both Div B and Div C Sem: II** in Academic year 2021-22. Thank you for your excellent performance and dedication towards teaching this subject.

During the next academic year we hope that you will continue to extend your support and efforts for the betterment of **Engineering Science Department** and **Bhivarabai Sawant Institute of Technology and Research, Wagholi, Pune- 412 207.**

APPEAL LETTER CONCERN TO STUDENT FEEDBACK

To,
Prof. NIKHIL GURAV
Department: Engg. Science

Appreciated
Ajs

We are writing this letter to appeal to improve your student feedback, your score for the subject Engg. Mechanics is 73% of Class: B Sem: I in Academic year 2021-22. So your performance and dedication towards teaching and conducting practical must be enhanced.

During the next feedback we hope that you will exceed the current score with your support and efforts for the betterment of Engg. Science Department and Bhivarabai Sawant Institute of Technology and Research, Wagholi, Pune- 412 207.

Appreciation Letter

To,
Prof. VIPUL BHOSALE
Department: Engg. Science

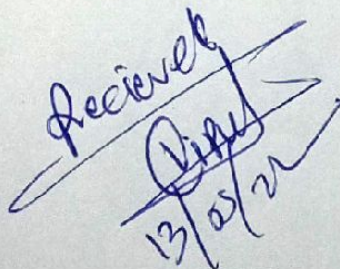

We are writing this letter to extend our heartiest appreciation towards you for taking efforts towards our Engineering Science Students for your subject "**Engineering Physics**". Your efforts are reflected in the **student feedback** with an Exceptional score of **90%** of Class: **FE for both Div B and Div C Sem: II** in Academic year 2021-22. Thank you for your excellent performance and dedication towards teaching this subject.

During the next academic year we hope that you will continue to extend your support and efforts for the betterment of **Engineering Science Department** and **Bhivarabai Sawant Institute of Technology and Research, Wagholi, Pune- 412 207.**
