Vani Institute , Pune

The ceremony of this course was commenced by our Honorable Principal Dr.T.K.Nagaraj. Dr.G.M.Bhandari (Head of Computer Department) and arranged by Prof. Madhavi Kulkarni introduced the audience with the speaker. TE computer engineering students attended a workshop on "Guidance for Gate"(1 days). in JSPM's BSIOTR Computer Department Seminar Hall .A total of 60 students participated in the workshop. The workshop started at 9.00 am. Mr. Dayekar was the resource faculty for the day. Graduate Aptitude Test in Engineering (GATE) is an examination conducted jointly by the Indian Institute of Science (IISc), Bangalore and the seven Indian Institutes of Technology (at Bombay, Delhi, Guwahati, Kanpur, Kharagpur, Madras and Roorkee) on behalf of the National Coordination Board (NCB)-GATE, Department of Higher Education, Ministry of Human Resource Development (MHRD), Government of India.

Qualifying in GATE is a mandatory requirement for seeking admission and/or financial assistance to: (i) Master's programs and direct Doctoral programs in Engineering/Technology/Architecture and (ii) Doctoral programs in relevant branches of Science, in the institutions supported by the MHRD and other Government agencies. Even in some colleges and institutions, which admit students without MHRD scholarship/assistantship, the GATE qualification is mandatory. Further, many Public Sector Undertakings (PSUs) have been using the GATE score in their recruitment process.

**Report on
Three Days Workshop on "PCB Designing"**

**Organized by
Department of Electronics & Telecommunication Engineering**

**In association with
Smartelix, Pune**

On 11th to 13th October, 2018

At

**JSPM's
Bhivarabai Sawant Institute of Technology & Research
Wagholi, Pune.412207**

Objectives of workshop:

- To make students an expert in designing of PCB.
- To make students learn and interact with renowned industry experts.

Overview about Workshop:

The Electronics & Telecommunication Department of Bhivarabai Sawant Institute of Technology and Research, Wagholi arranges the various kinds of Workshops on continuous basis to enhance student's practical & technical skill and to make them compatible with industry. To fulfill departmental goal and industry need, Electronics & Telecommunication Department has organized a three days workshop on "PCB Designing" in association Smartelix, Pune. In this workshop, knowledge of "How to design PCB?" was given to the undergraduate level students during 11th October 2018 to 13th October 2018. The technical session was taken by Mr. Amit Satpute, CEO, Smartelix, Pune. The lab (practical) session was conducted by Ms. Sayali Lokhande Smartelix, Pune.

PCB Designing is one of most emerging field in Electronics in today's era. For the students of Electronics this is a good field to start their career. PCB designers are key persons in research and development (R&D), electronics production units as well as in the PCB industry. The workshop was aimed to provide knowledge about simulation tool to test electronics circuit in software environment, PCB design software named Proteus & to make physical PCB at home, so that any student can make project on his own. Almost 31 students from E&TC Department have participated in the workshop.

Event was started by the informative and motivational talk to have a healthy "PCB Designing Workshop". The workshop started with an inaugural function at 11:00 A.M. on 11th October 2018. The HOD Electronics Dr. Y.S. Angal welcomed Trainers of Smartelix Mr. Amit Satpute & Ms. Sayali Lokhande, Students and faculties for the workshop.

Following content were covered in workshop:

- Introduction of PCB design software
- Different tools used for PCB designing
- Circuit design using software tools
- PCB Fabrication as per design input
- Testing PCB after loading components

Further, Confidential Information of the Disclosing Party shall also include the analyses, business plans, compilations, data, studies or other documents prepared by the Receiving Party based on the information disclosed or derived therefrom. It shall not be necessary for the Disclosing Party to mark the information as "confidential" at the time of disclosing the same. The non-marking of the same shall not mean that the information ceases to be Confidential Information.

- C. In maintaining the confidentiality of Confidential Information hereunder both Parties agree that they shall not, without first obtaining the written consent of the other, disclose or make available to any person (including all natural and legal persons {whether incorporated or not}), firm or enterprise, reproduce or transmit, or use (directly or indirectly) for its own benefit or the benefit of others, any Confidential Information save and except both Parties may disclose any Confidential Information to its Directors, officers, employees or advisors on a "need to know" basis to enable them to evaluate such "Confidential Information" in connection with the MOU.
- D. Both Parties shall ensure that the said employee(s) and /or the said person(s) shall maintain confidentiality with regard to the disclosed Confidential Information, if any being disclosed to them, and shall issue suitable instructions and/or get suitable written undertakings or MOU executed to bind its employees and / or the said person(s) to the same obligations of confidence and safeguarding as the Parties hereto and to adhere to the confidentiality / non-disclosure terms contained in this MOU. Provided that the execution of such a MOU shall not absolve the responsibility of the Receiving Party to confidentiality and in the event of any breach by the employees of their obligations of confidentiality, it shall always be construed to be a breach of the obligations of the Receiving Party under this MOU.
- E. Save and except for the purposes mentioned in clause (a) above both Parties further agree that neither Party will part with/disclose any "Confidential Information" received by it to any other person directly or indirectly and such written material /documents will be retained under strict confidentiality by the receiving Party nor make copy(s) or reproduce in any way (including without limitation store in any computer or electronic system any written material/documents) such Confidential Information. Both Parties further agree that the Confidential Information which may pertain to or touch upon any regulatory aspects and /or dealings of either Party with any statutory /government/ related agencies / bodies, whether the said information is received verbally or in writing, will not be disclosed in any manner, either directly or indirectly, to any other persons. Both Parties further agree to use the same degree of care that it uses to protect its own Confidential Information of a like nature from unauthorized disclosure, but in no event less than a reasonable degree of care.
- F. It is mutually acknowledged and agreed that information shall not be considered "Confidential Information" and the receiving Party shall have no confidentiality obligations under this MOU with regard to that information to the extent, that such information:
 - I. at the time of disclosure was in the public domain; or

- II. is already known to the Receiving Party free of any confidentiality obligation at the time it is obtained from the Disclosing Party or a third Party on the Disclosing Party's behalf;
or
 - III. after disclosure is or becomes publicly known or available through no wrongful act of the Receiving Party; or
 - IV. rightfully received from a third party without restriction or
 - V. is required to be disclosed pursuant to a requirement of a governmental agency or law so long as the Parties provide each other with timely prior written notice of such requirement; or
 - VI. the Disclosing Party has given its prior written approval to disclose; provided, however that any information consisting of a combination of non-confidential information and Confidential Information will only be considered by the Receiving Party as non-confidential information if the combination itself is in the public domain or the prior possession of the Receiving Party, or is received by the Receiving Party without obligation of confidence, is independently developed, or is approved for disclosure as described above; or
 - VII. Has been disclosed in written graphic or other tangible form unless clearly designated in writing as "confidential". Provided that the burden of proving the existence of any such exceptions shall always be on the Party claiming the same.
- G. Both Parties further agree and undertake not to disclose the Confidential Information of the other to their agents or contractors without prior written approval from the other and without having first obtained from each agent or contractor a separate written agreement or undertaking binding them to the same obligations of confidence and safeguarding. Further in the event of a business relationship being agreed to, whether a contractor or agent can be appointed at all would be dependent on the terms and conditions governing the business relationship Both Parties further agree to indemnify and keep indemnified each other against all actual loss and damage which the Disclosing Party may suffer as a result of any breach of this MOU by the Receiving Party.
- H. Both Parties further agree that upon termination/expiry of the MOU or at any time during its currency, at the request of the Disclosing Party, the Receiving Party shall promptly deliver to the Disclosing Party all copies of the Confidential Information in its possession or under its direct or indirect control, and shall destroy all memoranda, notes and other writings prepared by the Receiving Party or its Directors, officers, employees or advisors based on the Confidential Information, provided that the obligations of this Clause 4 shall always survive the completion/termination/expiry of this MOU. Notwithstanding the expiration or early termination of this MOU, the obligations of confidentiality set forth in this MOU will survive such expiration or earlier termination for a period of three (3) years, and will be binding on agents, successors and assigns of the other Party including its past and/or present employees to whom the Confidential Information was disclosed in terms of this MOU.

9. INDEMNITY

- A. <JSPM's BSIOTR> hereby irrevocably and unconditionally agrees to indemnify and hold RPGF harmless from and against any action, proceedings, claims or demands, liabilities, losses, damages arising out of its day to day activities and/or any omission or commission or default of <JSPM's BSIOTR> or its employees, servants, agents against all costs, claims, actions, proceedings, judgments, settlements, expenses or the like, which RPGF may have to pay or incur or sustain or suffer as a result of such action, proceedings, claim or demand whatsoever.
- B. RPGF shall not be held responsible for any damages or injury caused to any person or persons or property, whether by fire, tempest, leakage, accidents, explosion, bursting of water or gas pipes or electrical installations or short circuit, medical procedures or otherwise during the implementation of said CSR initiative by <JSPM's BSIOTR>, whatsoever in nature.

10. INTELLECTUAL PROPERTY

- A. Any intellectual property rights owned by the Parties before the date of this MOU and during the term of this MOU will remain the property of that respective Party. Nothing contained in this MOU will affect the absolute ownership rights of any Party in such Party's intellectual property rights. For the avoidance of doubt, no licenses are granted under this MOU.
- B. In the event that either Party wished to use name and/or logo of the other Party for any purposes, including without limitation for the objectives of this MOU or any other purposes, such Party shall obtain written consent of the other Party in advance of such use.
- C. Each of the Parties shall not publish any marketing material relating to this MOU without the prior written consent of the other Party and undertake that the wording for any marketing materials shall be jointly agreed in writing between the Parties prior to its use.

11. ADVERTISEMENT

RPGF shall permit - _____ to install suitable signage board of RPGF and _____ along with name of such RPG Group Company or beyond, on whose behalf CSR Activities are being implemented at the site of CSR Activities. The designs and specifications of the same shall be mutually discussed and agreed by and between the Parties hereto, subject to _____ obtaining necessary approvals from the concerned authorities and any municipal levies or other charges in respect of such signage would be adjusted from the payment provided herein.

12. WARRANTIES

Each Party warrants and undertakes to the other Party that

- A. It has the right to enter into this MOU and perform its Role and Responsibilities in this MOU.
- B. it shall comply with all applicable laws and regulations in the performance of its obligations in this MOU;
- C. it has all necessary rights, authorizations, or licenses to perform its obligations under this MOU;

13. TERM AND TERMINATION

This MOU comes into force from the day of signing by the last Party. The term of this MOU is three (3) years from the last Party signing hereof. This MOU will terminate if either Party defaults in performance of its obligations and responsibilities stated herein above. Either Party may terminate this MOU by giving thirty (30) days prior written notice to the other Party.

14. LIMITATION OF LIABILITY

Neither Party shall be liable for any special, indirect, incidental, punitive, contingent nor consequential loss or damages suffered out of or in connection with the aforesaid MOU whether as a result of a breach of this MOU or otherwise and whether such liability arises from any claim based upon contract, warranty, tort, product liability or otherwise, and whether or not the Parties have been advised of the possibility of such loss or damage, except in case where such loss or damage has been the result of gross negligence, fraudulent and/or willful acts of the Parties.

15. DISPUTE RESOLUTION

- A. **Informal Dispute Resolution:** The Parties recognize that a bona fide dispute as to certain matters may from time to time arise during the term of this MOU, which relates to either Party's rights or obligations hereunder. In the event of the occurrence of such dispute, either Party may, by written notice to the other Party, have such dispute referred jointly to the authorized officer of the Parties, or their successors or counterparts, for resolution by good faith negotiations within 30 days after such notice is received in respect of such dispute.
- B. **Arbitration:** If the Parties are unable to reach agreement with respect to such referred dispute pursuant to Clause above, then such dispute shall be resolved as described in Clause below.

- C. If any disputes, controversies or differences arise between the Parties hereto out of, or in relation to or in connection with this MOU, or for any breach thereof, the same shall be if possible settled amicably and promptly by mutual consent of the Parties. If such disputes, controversies or differences cannot be settled between the Parties, they shall be finally settled by arbitration in accordance with the arbitration laws and rules prevailing in India. The award rendered by the arbitrator(s) shall be final and binding upon all the Parties. Any such arbitration proceeding shall be held in Pune. This MOU shall be subjected to the exclusive territorial jurisdiction of Pune courts.

TERMINATION

- A. Both parties hereto are free to terminate this MOU by giving a notice of not less than 30 days to the other Party and above termination notice so given shall be effective only after it is duly served upon by the other Party.
- B. In the event <JSPM's BSIOTR> fails and neglects to comply with the terms and conditions mentioned herein, the same would amount to a breach of this MOU and RPGF shall, immediately upon knowing the said breach, give one month's notice in writing to <JSPM's BSIOTR> demanding and calling upon them to comply with the terms and conditions strictly mentioned in this MOU. If, <JSPM's BSIOTR> in spite of the receipt of notice from RPGF, fails and neglects to comply with the terms and condition or is unable to satisfy RPGF, the said MOU shall be *ipso facto* treated as terminated upon the expiry of the above one-month notice.
- C. On termination or expiry of this MoU all unutilized amounts advanced by RPGF shall be immediately repaid and refunded by <JSPM's BSIOTR> including any indemnity amount as contemplated under clause 10 herein above to RPGF, if any.
- D. The provisions of clauses mentioned in this MoU shall survive the termination or expiry of this MoU.

17. LIMITATION OF LIABILITY

Neither Party shall be liable for any special, indirect, incidental, punitive, contingent nor consequential loss or damages suffered out of or in connection with the aforesaid MOU whether as a result of a breach of this MOU or otherwise and whether such liability arises from any claim based upon contract, warranty, tort, product liability or otherwise, and whether or not the Parties have been advised of the possibility of such loss or damage, except in case where such loss or damage has been the result of gross negligence, fraudulent and/or willful acts of the Parties.

18. GENERAL

- A. Third Party Right: No person who is not a party to this MOU shall have any right to enforce any terms of this MOU.

MOU/ Expression of Interest

1. This Memorandum of Understanding is being executed on 04/07/2019 between **M/s Knowledge Solutions India A Microsoft-AEP (Authorized Education Partner)** having its registered office at 2nd Floor Ghyanshyam Park Housing Society, Dhole Patil Road, Pune 411001 and represented by Mr. Sandeep Givyan Jjethani (**Director Operations**) hence for purpose of MOU known as '**Delivery Partner**' and Degree College (ASLOTE) represented by Dr. T. K. Nagarkar (**Principal**), hence for purpose of MOU known as '**Resource partner / College**'.
2. Delivery Partner would be offering International Certifications to the interested students from different vendors @ academic discounted price and those students who voluntarily pay the exam fees would be getting bundled training free of cost mapped to the certifications.
3. This contract in no way creates any financial binding nor does it imply that 'resource partner / College' has committed to provide any fixed number of student's registrations per year for the certification exams /bundled workshops, the only commitment from their end is to provide platform to address students / seminar to educate and motivate them about the various certifications and subsequent permission for registering the students who are voluntarily interested in the same in online/offline mode.
4. As part of the special offering all exam vouchers provided to the students for certifications would have a **second attempt bundled** in case the student fails to clear the same in first attempt in Rs. 470 - (inclusive all).
5. Delivery Partner would bundle a '**free of charge**' faculty development Program as per the availability of the Trainer/Industry Expert once a year for the faculty members of the **resource partner / College**.
6. Students would be registering directly for the certification exam by making payment to the SPOC appointed by the **resource partner / College** or with M/s (**Knowledge Solutions India**) either online or offline. Proper receipts would be issued for the same. In case if only the **resource partner / College** collects the payments, the same would have to be transferred to **delivery partner** max within 7 days, as exam vouchers can only be registered once payment is made. Students would be receiving a conformation mail of their voucher being booked and entitlement to free training/workshop, once they register either online or offline.

7. The fee charged is against Microsoft /other vendor Certification exam and all other services like training are complimentary / bundled free and cannot be linked anywhere with the release of payment to **delivery partner** (in case if the certification fees is collected by **resource partner / College**)
8. Student would be receiving their **transcript and certificates** for the exam directly in their account in e-format, from the specific vendor like Microsoft /Oracle/Certiport etc. post successfully clearing the exam
9. Resource partner / College would be provided **15% 'Resource Utilization Fees'** against use of infrastructure and other resources for the bundled free training. The Resource Utilization fees will be paid on basic fee excluding the taxes once completion of training & Certification.
10. Resource partner / College would provide necessary infrastructure within college, like labs with Computers, LCD Projector's, internet etc. for the execution of the **free training** and conducting the **Certification Exam**.
11. Resource partner / College would allocate time slot either on weekends/holidays /regular slot for min 6-8hrs or as per mutual consent with delivery partner for execution of FREE training in their campus.
12. The duration of the training may increase as per the level of participants and shall not be linked with the release of payments.
13. The tenure of the contract would be for a period of three years i.e. from 04/07/19 to 03/07/2022, same cannot be terminated for min period of one year from the date of signing of the MOU.
14. Prices of the certification are subject to yearly review and revision as per the policy of the Certification vendor and other state and govt taxes as and when applicable by the Govt of India. However, a proper communication would be provided, whenever there is impact on the same.
15. "**Resource partner / College**" cannot hire or take services from any current full time /part time, ex- employee of the Delivery Partner either directly or indirectly for any fulltime or part time assignment for minimum period of one year from the date of expiry of contract.
16. "**Resource partner / College**" must follow from time to time rules/regulation & operational protocols laid down by Microsoft/Certiport other international vendors for their respective certification.
17. In case of any dispute, or difference whatsoever arising between the parties out of or relating to the construction, meaning, scope, operation or effect of this contract or the validity or the breach there of shall be settled by arbitration in accordance with the Rules of Arbitration of the Indian Council of Arbitration and the award made in pursuance thereof shall be binding on the parties "however the court of jurisdiction would be Pune.
18. This **clause** is intended to be legally binding and the parties agree and acknowledge that both the terms of this **MOU** and the discussions relating to the collaborative activity are **confidential** and neither party will disclose them without the prior written consent of the other party.
19. **Resource partner / College** would issue a letter of completion upon successful completion of the certification and bundled training program.

Report on Industrial Visit @ BSNL, Pune

Date: 29th April 2022

Report Consists of activities conducted at RTTC and BSNL Exchange:

1. Overview of telecommunication networks:

- ✓ Visit to Transmission lab
- ✓ Visit to BTS Lab
- ✓ Visit to BSC Lab
- ✓ Visit to MSC Lab
- ✓ Visit to GMSC Lab

2. Organisation Profile:

Bharat Sanchar Nigam Limited (BSNL) is an Indian state-owned telecommunications company headquartered in New Delhi, India. It was incorporated on 15 September 2000 and took over the business of providing of telecom services and network management from the erstwhile Central Government Departments of Telecom Services (DTS) and Telecom Operations (DTO), with effect from 1 October 2000 on a going concern basis. It is the largest provider of fixed telephony, largest broadband services provider with more than 60% Market share, and fourth largest mobile telephony provider in India. BSNL is India's oldest and largest communication service provider (CSP). It had a customer base of 117 million as of January 2014. It has foot prints throughout

India except for the metropolitan cities of Mumbai and New Delhi, which are managed by Mahanagar Telephone Nigam (MTNL). etc.

3. Objective of Visit:

Main Objectives of Industrial Visit at RTTC – BSNL was to understand Basic Fundamentals of various computer networks, mobile network and telephone networks services and hardware architecture like GSM, Broadband, OFC (Optical Fiber Cable / communication), To understand evolution of Telephone communication, To understand how FTTH (Fiber to the home) will be implemented in future And to get idea about upcoming technologies in Mobile communication and Networking. RTTC Pune heartily welcomes you to pollution free & beautiful campus of a training center. While enjoying the healthy atmosphere, this institute assures you quality training in the respective fields of telecom technologies.

4. Overview of Visit:

JSPM,s Bhivarabai Sawant Institute of Technology and Research ,Wagholi (E&TC Dept) had organized an Industrial Visit on 29th April 2022 to BSNL located in industrial sector of Chinchwad for the students of BE(E&TC). Dr. Anil Wanare, Prof. Meenakshi A., Prof. Yogesh Bahendwar, and Prof. Tushar Kafare . were the staff coordinators for this Industrial Visit.

5. Brief Information about the Visit:

We started travelling from the college campus at 9:30 am by our college bus on 29th April 22 along with our staff coordinators. We reached to the BSNL Chinchwad premises at 10:30am. At the very beginning of our visit we met following staff at BSNL Shri. S. P. Sonawane, Principal of RTTC BSNL, DGM, Shri. N.D. Baviskar and R.S.Sakhalikar at the entrance who is working for BSNL as Telecom Engineer.

Figure 01: Begin journey from campus to BSNL

At the beginning Mr. Rajesh Sakhalikar sir and Mr. N.D.Bavaskar sir has explained the students about GSM architecture by showing the Mobile Tower and the various Antennas mounted on it. He showed many antennas like the Microwave Antenna, 2G GSM Antenna, 3G GSM Antenna etc. We also had seen the Waveguides or Radio cables which were connected from antenna to the BTS. There were various antennas like Pannel Antenna, Microwave Links. Earthling was provided by lightning spike. Aviation Lamps were provided for indication of height.

Mr. Sakhalikar sir explained about BST and its control panel in class due to heat out then after completion of theory class he escorted the students to BST which is located on the building of BSNL.

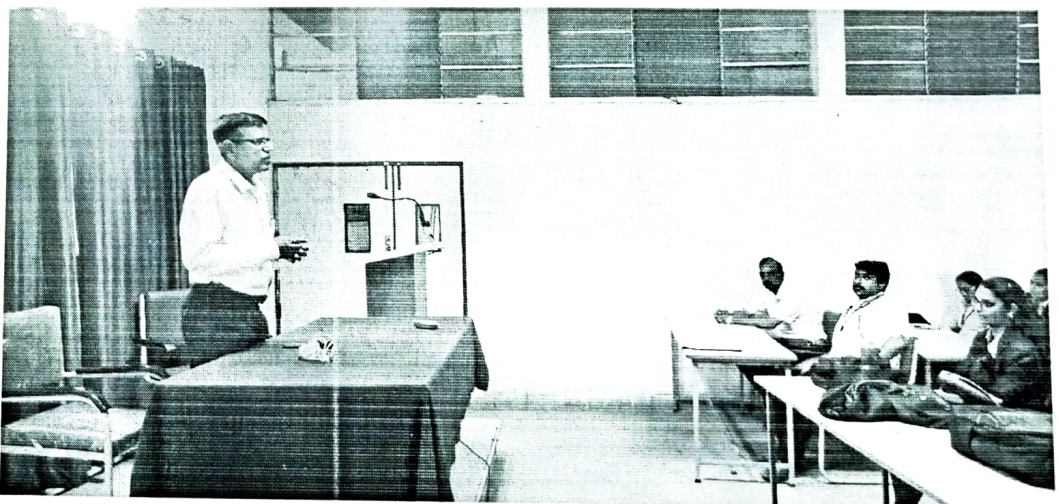

Figure 02: Explanation about the BSNL (Mr. Sakhalikar , SDE)

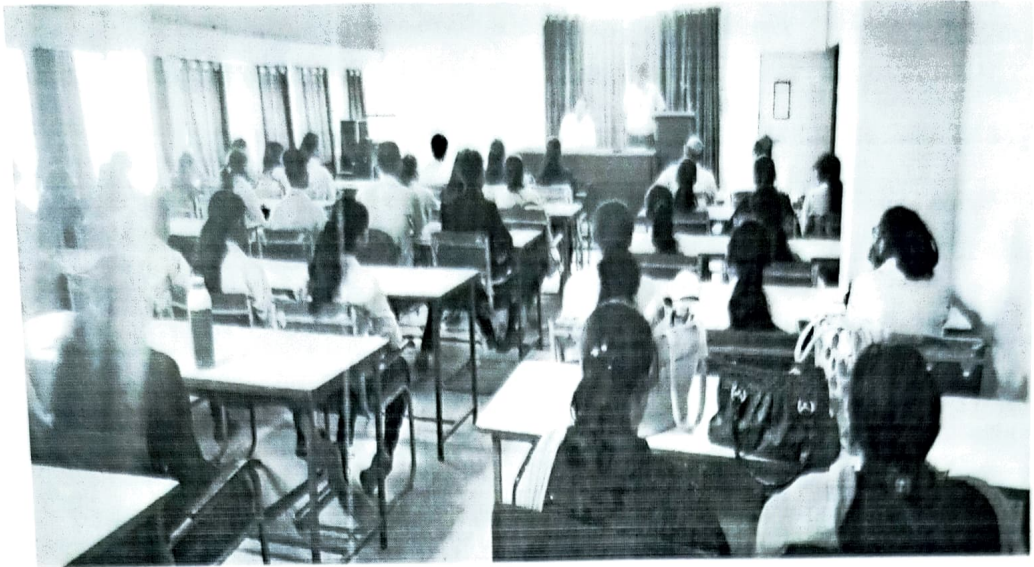

Figure 03: Students divided into two groups for Practical Sessions

All the students are gathered at Gateway OCB-283 Lab to get the information from N.D.Bavaskar. He gave us information about the following topics.

1. Evolution of Mobile Communication Network from 1G to 4G.
2. GSM Architecture
3. CDMA Technology
4. Time Switching, Space Switching
5. Frequency Bands of GSM-900, GSM-1800, GSM-1900.

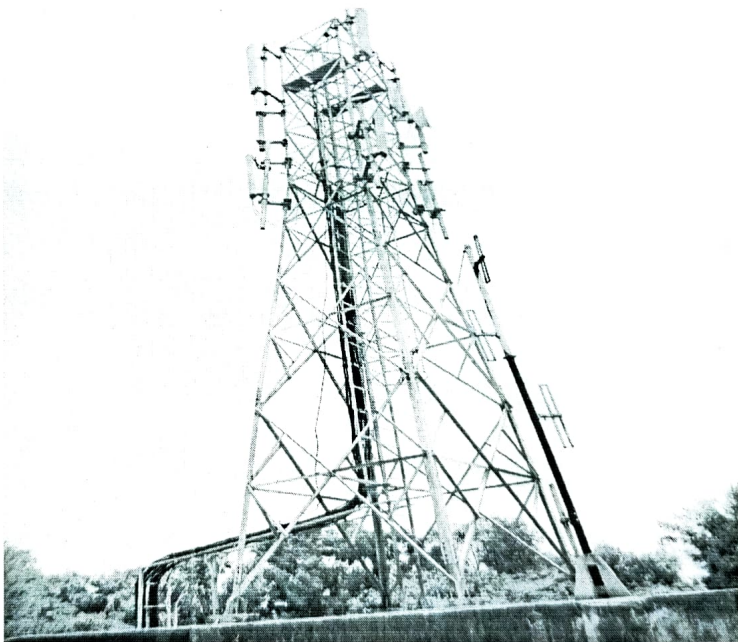

Figure 04: BST Antenna

6. BTS Tower:

As per schedule we visited Ground based BTS Tower (tower height 80 mtr). There were different types of antennas mounted on the tower. Circular shaped antenna, rectangular antenna, parabolic antenna; circular antenna is used for microwave communication with the range of 1 km. Another antenna was rectangular shaped which was mounted vertically with some tilt. There were 3 such antennas mounted along the same horizontal axis covering 3 different directions (Sectorization). These antennas were unidirectional used for transmission and receiving the signals from Mobile Station.

Figure 05: BST Antenna Base

Antennas were implemented with optimum planning to cover radius of 5-10 Km. Each antenna was connected with coaxial cables (feeders) for transmission & reception of the signals. Drum antennas were used as link (microwave frequencies) to communicate with other towers. This kind of communication is called as the mini-link communication. Apart from Ground based Tower, different other kinds of towers can also serve the purpose:

- ✓ Rooftop Telecommunication tower
- ✓ Triangular Telecommunication tower
- ✓ Tubular Telecommunication tower
- ✓ Angular Telecommunication tower

7. Base Station Controller (BSC):

From BTS we visited BSC Lab. BSC stands for (Base Station Controller), and is responsible for handling traffic and signaling between a mobile phone and network switching subsystem. As per the GSM Architecture, single BSC handles few BTS (Base Transceiver Station). At Chinchwad Telephone Exchange, BSCs were installed to serve 2G as well as 3G connections. BSCs used for 3G are compact in size as compared to that of 2G BSCs. These BSCs are also connected to the Ethernet Cables, to provide seamless connectivity through internet. BSC contains 3 connection wires one for transmission and remaining two for reception. The rooms containing BSCs are generally unmanned room, so as to avoid any damage due static human charges. BSCs work on -ve 48 volt supply. BSC is responsible for the allocation of Radio Resources to a mobile handset. Also, Handoffs are also been handled by BSC. Transfer of data is carried out through link. Digital Distribution Frame (DDF) is used to transfer the call to their respective BTS. Data Traffic from BSC to MSC is carried through Transcoders (TC). After link is used to relay the signal between BSC to TC. As per the statistics provided by the supervisors, one BSC can handle maximum of 1900 Erlangs of traffic, and maximum of 448 TREs

8. Mobile Switching Centre (MSC):

The MSC is a telephone exchange that makes the connection between mobile users within the network, from mobile users to the public switched telephone network and from mobile users to other mobile networks. The MSC also administers handovers to neighboring base stations, it also keeps a record of the location of the mobile subscribers, and is responsible for subscriber services and billing. MSC can be divided into few blocks as shown in the figure above, they can be as follow:

1. **Home Locator Register (HLR):** It stores the information related to the subscriber identity. MSC authenticate the subscriber based on the data stored in HLR.
2. **Visitor Locator Register (VLR):** It is a part of MSC which stores the current location of the subscriber. VLR is responsible for Roaming.
3. **Equipment Identity Register (EIR):** It is a registry which stores IMEI information from the mobile subscriber. Entry in EIR is used during call setup procedure.

9. Gateway Mobile Switching Centre (GMSC):

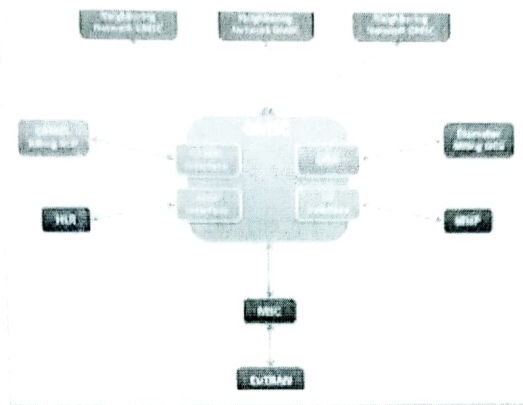

Figure 06: GMSC gateway @ BSNL

The GMSC is a special kind of MSC that is used to route calls outside the mobile network. Whenever a call for a mobile subscriber comes from outside the mobile network or the subscriber wants to make a call to somebody outside the mobile network the call is routed through the GMSC. In practice, the GMSC is just a function that can be part of a MSC.

Figure 07: All Staff of BSNL, Students and BSIOTR Teaching Staff

10. Summary of the Visit:

At the beginning of the visit one faculty of the training centre explained what BSNI, exactly is and what are the functions of BSNI. Then after this introductory session all the students were divided into 2 groups to visit 7 different labs on campus.

- Network
- Broadband
- GSM – BTS lab
- C-Dot switch
- Telecom museum
- FTTH (Fiber to the home) lab
- OFC (Optical fiber communication lab)
- BTS
- MSC

11. Outcome of Visit:

“See & know, is better motto than, read & learn”, Students understood the basic working of MSC and BSC. Visit has resulted into enhanced learning process. During the visit students observed the practical implementations of syllabus, apart from this, they gained the knowledge related to the building architecture of tower, room temperature and safety. Thus this visit was accomplished satisfactorily.

Activity Report

Name of Activity :- Guest Lecture
Organization :- BSIOTR Computer Department
Duration :- 1 day
Target Audience :- TE

With above reference we have successfully organized a **guest lecture for TE computer students** held on 25/04/2023. The details for event are given below:

Faculty Coordinator	Prof. Dr. G.M. Bhandari Prof. Madhavi Kulkarni
Resource Person	Mr. Paresh Gugale
Venue	Computer Seminar hall D1 411

Organizer:-BSIOTR Comp Dept

Department Of Computer Engineering has organized the guest motivational lecture on placement and higher studies opportunities through GATE and other competitive exams. Computer department Prof. Dr. G.M. Bhandari has welcomed him with a momento. **Mr. Paresh Gugale** has guided students and motivated students for the same. He has shared his experience and knowledge in his field.

Students were very much happy and satisfied with this guest lecture. The program ended with a vote of thanks by the Prof. Madhavi Kulkarni. Thus overall the event was a great success.

Department of Electronics & Telecommunication

Objective	Faculty and Student guidance for Allan Bradly PLC MICROLIGIX 1500
Date of Conduction	28 / 09/ 2022
Resource Person	Shri. Shrivaji rao Jadhav, Director Neeshionins, Pune.
Coordinator	Dr. Y. S. Angal / Prof. N. A. Mohota
Venue	E&TC Dept. (203)
Outcome	Students were able to understand that: <ol style="list-style-type: none">1) Automation is the use of Machines, Control Systems and Information Technology to optimize productivity in the production of goods and delivery services.[PO5,PO6]2) The correct incentive for applying automation is to increase productivity with quality.[PO6,PO7]3) Each and every process requires the need of certain specific instruments for their control.[PO4,PO5]4) Without knowledge of instrumentation automation cannot be applied.[PO12]

A one day workshop was organized by the department of Electronics & Telecommunication under the Memorandum of Understanding by Neeshionics Industry, for Allan Bradly PLC MICROLIGIX 1500 for which the expert was Mr. Shrivaji rao Jadhav, Director Neeshionins, Pune, who has accepted our invitation for the same. Dr. Y. S. Angal in his speech welcomed the guest and briefed about the importance of automation.

The following things were covered in the workshop

- 1) PLC Lab Set Up and Maintenance
- 2) Faculty and Student guidance for Allan Bradly PLC MICROLIGIX 1500
- 3) Training to Students for PLC Programming
- 4) Guidance to the faculty members for PLC Installation and Commissioning.

Mr. Shrivaji rao Jadhav has explained the concept through real life examples like Home Automation and Industrial Automation, to name a few. He had also given the knowledge of

Objectives of this event:

S.No.	Objectives	Aligned PO's
1.	To know theories, they learn in the classroom being applied in real-life settings.	PO-1, PO-2, PO-3
2.	To acquire and apply fundamental principles of science and engineering.	PO-5, PO-6, PO-8, PO-12
3.	To enhance their skills-set in the area of their expertise	PO-8, PO-9, PO-10, PO-12

JSPM's Bhivarabai Sawant Institute of Technology and Research, Wagholi (E&TC Dept) had organized an Industrial Visit on 16th Feb, 2023.

The Industrial visit was carried out at Dolphin Labs, Pune on 16th Feb, 2023 for Semester V and VII Electronics and Telecommunication Engineering Students. Prof. Sneha Dhere, Prof. Poonam Gawde, Prof. Manoj Sonawane and Prof. Aniket Gunjal along with 42 students visited Dolphin Lab Pune.

Students observed various Electronic components like ARDUINO, Raspberry Pie, Microcontroller, various sensors, motors, PCB and types, various input output components like Fan, LEDS, Buzzers, project models, IOT devices etc

The company has been started by the joint collaboration of industrial professionals and consultants. Incepted in the year 2013. They provide manufacturer, trader, service provider and supplier of Microcontroller Board, Arduino and Shields, Raspberry Pi, Quadcopter Parts, Remote and Control Boards, R and D Service for VLSI and Embedded System, Training Services of VLSI and Embedded System etc.

Bridging the gap between academic methodologies and industrial needs is high. Along with the manufacturing of training and development products, they are also pioneers in the publication of lucid technical literature. As a training center at Dolphin Labs are focusing on building workforce skill and offer various products and solutions in embedded technology.

We started travelling from the college campus at 9:00 am by our college bus on 16th Feb, 2023 along with our staff coordinators. We reached to the Dolphin Labs at 11:00 am .

Report of
ADD-ON Course on
“Android Based Automation”

JSPM's

Bhivarabai Sawant Institute of Technology & Research
Wagholi, Pune.412207

Organized By

Department of Electronics & Telecommunication Engineering

In Association With

Dolphin Educational & Research Society, Pune

Duration: -20/09/2022 to 22/09/2022

A.Y. 2022-23

The department of Electronics and Telecommunication had organized a 03 days ADD ON Course on "Android Based Automation" for SE, TE and BE students. This course is organized in association with "Dolphin Educational & Research Society, Pune" to cover the basics of automation technique, embedded system organization, system on programmable-chip technologies, Arduino programming, hands on training using Arduino, implementation of various modules and real-time systems. It provides the advance knowledge required for automation, embedded application design and development. Students are introduced to software development concepts applicable to implement various practical aspects in programming and interfacing. Particularly arduino Microcontrollers are used by participants to showcase their ideas.

At the end of this course, the successful student will be able to:

1. Interconnect engineering concepts related to microcontrollers, computer hardware and software systems to design automated systems for real-world applications. Learn to employ specialized knowledge of subsystems like programming & other hardware/software system components to design a system.
2. Improve their capabilities of using the technical knowledge of processor architecture, peripherals, programming to design specific systems. Solve various challenges of automation based system design by employing programming methodologies to design, test and verify the system.

The course contents are designed and are covered in 03 days duration during 20/09/2022 to 22/09/2022

.The Course was started with Inaugural Function at Dept of E&TC.

Dr. T.K. Nagaraj, Principal, BSIOTR felicitating Mr. Chittaranjan Mahajan, Founder, DEARS, Pune.

Dr. Y.S. Angal, HOD (E&TC) guided the participants regarding importance of automation, giving detailed information about contents of add on course and motivated the students.

Respected , Prof. Amol Baviskar

Greetings From ExcelR!

"When the world is running down, you make the best of what's still around" ExcelR, one of the leading Global training companies inR collaboration with NASSCOM is offering free training on technical courses for students during this pandemic situation under their "Everyday Learning" program.

How to enroll:

- 1) You may circulate or project this information in your college groups officially and ask the students & Faculty to enroll through the link. This is the best opportunity for the colleges to let students realize that your college is thinking to upskill the students despite this pandemic situation.
- 2) You may project to the students that your college is organizing these sessions for the benefit of the students.
- 3) Active Registration link: <https://www.excelr.com/excelr-free-courses-registration-form>

What are the Free courses they can attend:

AUTOMATION TESTING (SELENIUM) – 40 Hrs, ANGULAR – 40 Hrs, REACT JS – 40 Hrs, ADVANCE EXCEL – 15 Hrs, ADVANCE JAVA – 40 Hrs, BLOCK CHAIN – 40 Hrs, AWS – 40 Hrs
BIG DATA – 40 Hrs, ARTIFICIAL INTELLIGENCE – 40 Hrs, DATA ANALYTICS – 40 Hrs, CLOUD FUNDAMENTALS – 15 Hrs, INDUSTRIAL REVOLUTION 4.0 – 15 Hrs, SIX SIGMA – 15 Hrs, PYTHON – 40 Hrs & IoT – 30 Hrs

Takeaways:

Students will attend the training program for free and they will choose their career path by earning an ExcelR/NASSCOM course competition certificate alongside with their academics to become market ready by the time they will be out in the job market.

ExcelR solutions (<https://www.excelr.com/>) founded in the year 2013 by IIM, IIT, and ISB alumni, a leading training company in emerging technologies like Data Science, Machine Learning, Python, Artificial intelligence, Angular JS, etc. & Management courses, headquartered in Houston, TX, USA, having branches in Mumbai, Pune, Bangalore, and Hyderabad with 350+ corporate clients.

As a new-age training company and with a global footprint, we at ExcelR understand the constantly changing nature of the business and emerging needs across the globe. Keeping industry skill requirements in mind, we offer a wide gamut of technical and management courses as well as courses in emerging technologies. The curriculum of each course has been meticulously designed to match the contemporary needs of the industry. We offer different levels of courses from beginner to advanced, ensuring that we meet the talent requirements of both students and working professionals.

Programs done so far:

- 1) Faculty Development Programs (FDP) & Student Development Programs (SDP) for Andhra Pradesh in association with APSSDC (Andhra Pradesh state skill development corporation),

Name of The Programme	One Day Workshop On “Modernized IoT”
Date	10-04-2023
Mode	Offline
Organizer	Electronics and Telecommunication Student’s Association (ETSA), Department of Electronics and Telecommunication Engineering of Bhivarabai Sawant Institute of Technology & Research Wagholi, Pune
Association with	IETE Students Forum (ISF) BSIOTR
Programme Convener	Dr. Y. S. Angal, HOD (E&TC)
Programme Co-Ordinator	Asst. Prof. S. V. Malge (E&TC)
Resource Person	Mr. D. Shridhar, Smart Logic Technologies, Pune
Participants	24 Participants

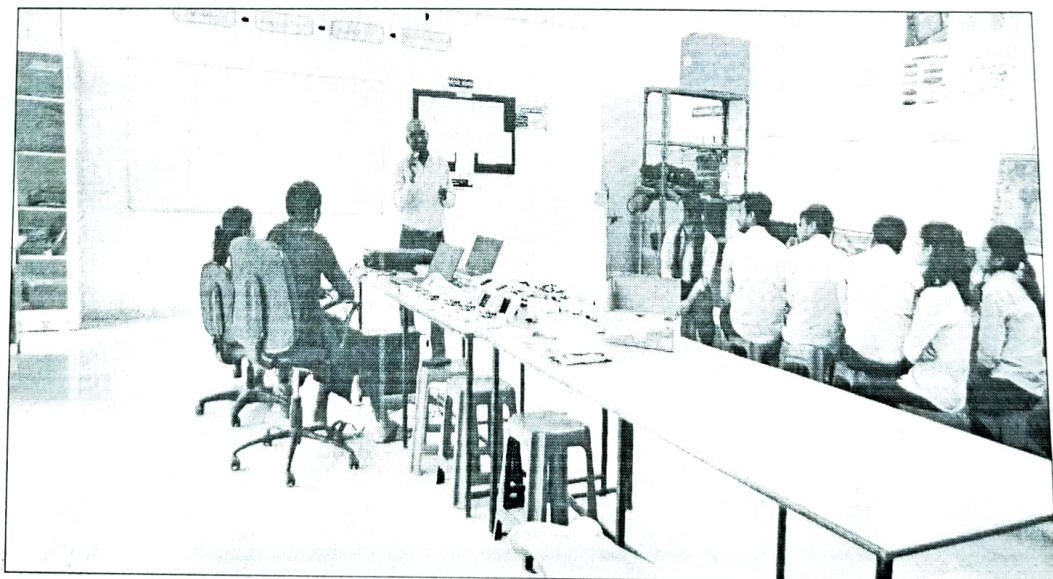

The "Exploring the Modernized IoT" workshop is a comprehensive and interactive learning experience designed to introduce participants to the exciting world of IoT and empower them to leverage its potential in various domains. In this workshop, attendees will dive into the fundamental concepts, applications, and challenges of IoT, gaining valuable insights into the interconnected devices that shape our modern world.

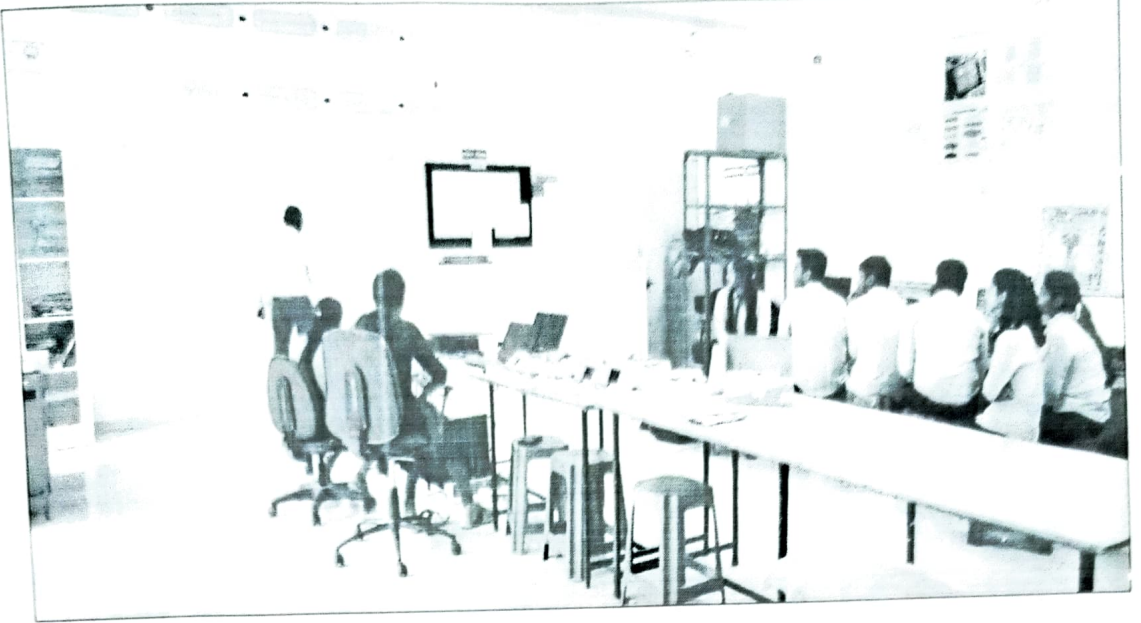

Workshop Objective:

Sr. No.	Workshop Objective
1	To introduce the fundamentals of sensors and actuators along with the basic concepts of an IoT
2	To Exposing students to the usage of Protocol Standardization for IoT with IoT Edge and Gateway Network with Communication protocols.
3	Hand-on session of various IoT boards, interfacing, and programming for IoT.

In this workshop IoT concepts is introduced to the participants and then the majority of the workshop will include hands-on exercises covering different types of sensors, Wi-Fi modules, Zigbee, Arduino kits, raspberry pi, beagle bone board, different types of actuators and cloud. The workshop is a laboratory-based course, where the trainer is personally involved with the participants to deliver value for the time spent. Additionally, the trainer is working as IoT experts and consultants in the industry. The key facilitator for this course is Mr. D. Shridhar.

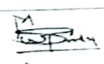

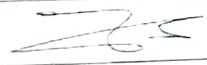

Some glimpses of The Workshop

Workshop Outcome:

This Workshop aims at providing an opportunity for participants to enrich their knowledge and skill in developing various solutions for solving engineering problems in the society. This workshop serves as a platform for students to interact on cutting-edge technologies in IoT.

Performing LED testing

Day 2:

On second day, Identification and testing of components like diodes, relay, FET, IGBT etc. performed by students individually using testing devices (multimeter). In that measure value of forward and reverse resistance of components.

Students performing testing of components

Day 3:

On third day, mini project task was given to students in group of 3 students. Mini project like water level detector, fire alarm system etc. Introduction of PCB, assembling of components on PCB, soldering of components and testing were performed by groups of students.

Soldering the components

Day-wise workshop Details :

Day 1 :

- ✓ Use of Digital technology including Projector as well as camera
- ✓ Basic components and explanations
- ✓ Testing of the Electronics components with the help of Digital multimeter as shown in this photograph.
- ✓ A group formation of 2 students for the components testing and assessment
- ✓ An innovative QA session were held

Subject: About Five days practical oriented workshop on core Electrical, Electronics & Arduino for TE
Electrical Engineering students.

Reference: With reference to above subject & verbal communication with Hod Prof. Dr. Ghuge.

Respected Sir,

In reference to the above subject matter, we conduct the 5 Days Practical oriented Work Shop
"Industrial Approach in Electrical, Electronics and Arduino Programming" for your students. We are
attaching here with a proposal including Workshop Content (Syllabus) & contract Note copy as beneath.

Workshop material provided to the students.

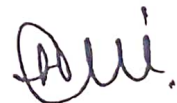

Support services from college.

Terms & Conditions.

You are requested to go through the same and contact us for any further clarification.

Regards,

Yours faithfully

To Minimize the Gap between Education & Industry 5 Days Practical Oriented Work Shop for Engineering Students **Industrial Approach in Electrical, Electronics & Ardunio Programming**

Course Content- Topics covered during the Workshop-

Electronics Components Study :

- Identification** - Name, Symbol, Unit, Physical appearance, size, weight
- Testing using DMM**- Check working condition & compare with std. values, Possible faults with respective reading, Detect the faults.
- Working** - Function of component and its application
- Specifications** - Specifications, Available range, Safe limit use
- Availability** - Market, Name of the shops in city, district, Mumbai, Price in retail & Wholesale of various components, some are listed below..

1	Carbon Film Resistor (CFR)	21	LEDs assorted sizes & colors, Focus
2	Metal Film Resistor (MFR)	22	Zener Diode
3	Ceramic Resistor	23	Power diode
4	Wire Wound Resistor	24	Metal Diode
5	Tapped Wire Wound Resistor	25	Photo Diode
6	Presets all types, vert, Hori. Small, big	26	Photo Transistor
7	Multiturn preset	27	BJT Transistors NPN, PNP, UJT, FET,
8	Potentiometers Liner & Log	28	Power Transistor
9	LDR all sizes & packages	29	SCR
10	Thermistor NTC, PTC diff. shapes	30	Diac
11	Ceramic Capacitor	31	Triac
12	Paper Capacitor	32	MOSFET
13	Polyester capacitor	33	Relay, assorted shapes & sizes
14	Mica Capacitor	34	Solid State Relay, SCS
15	Tantalum capacitor	35	Inductor
16	Electrolytic capacitor	36	Intermediate Frequency Transformer
17	Semivariable Capacitor Trimmer	37	Transformers assorted, Megar Test
18	Variable Capacitor Gang Capacitor	38	Loud Speaker
19	General Purpose Diode	39	IC- Analog, Digital PROM EPROM Regulator
20	Signal Diode	40	Fuse & Connectors

Project Construction-

- B** -Different types, PCB Designing manually, as well as by software using PC, painting etching, drilling.
- Identification of Soldering Aids-** Soldering Iron ratings, Solder metal proportions, flux, acid their use.
- Circuit Assembly-** Soldering skill tips- use of proper soldering Iron, Metal, Flux, Cleaning, Tinning etc.
- Soldering** -Use of proper metals, Soldering Iron, Proper required time to solder. PCB circuit study, Components lead cleaning, placement of proper component in right polarity, Soldering skill tips, lead cutting aftersoldering.
- Connections** -Power +ve, -ve, Ground, -Input-Output using std. color code wires.
- Desoldering** - Desolder pump, Desolder wire & their practice. How to remove (Desolder) components.
- Project** -Assembly of few simple project, their connection & testing, **Representation of project to get easy demonstration for user.**

-: Contract Note for the Workshop :-

⇒ Workshop material provided to the participants permantly-

- 1) A Manual of Electronic Components
- 2) PAN card size magnifying glass to read the IC NO. and component values
- 3) Mini project kit for a group of 4 students
- 4) Participant certificate with color printed photo and name.

⇒ Workshop material provided to the participants for 3 days practice-

- 1) DMM for a group of 2 students.
 - 2) All types of components for Identification & testing till understanding
 - 3) Demonstration of each component to verify its working
 - 4) Different types of copper clad, PCB's and many assembled circuit board
 - 5) Soldering Iron, metal, cutter, stripper, flexible wires, battery, extension board for practice.
- 100% fees shall be refunded if students claims unsatisfaction from the workshop

⇒ StudentsBenefit :

- ✓ Improvement in Component Identification knowledge
- ✓ Knowledge about Testing of working and faulty Components
- ✓ Awareness about circuit and PCB designing
- ✓ Clean and skillful soldering technique capability
- ✓ Improve capability to undertake various projects
- ✓ Capability to select the component as per requirement for various application
- ✓ Develops Interest about Electronics Circuits and Projects
- ✓ Improves self confidence in Practical Electronics
- ✓ Helpful in core Industry placement.
- ✓ Confidence to secure job in core Industries / Laboratories.
- ✓ Certificate of honor after successful completion of workshop

⇒ Required support Services from the college:

- 1) Classroom/ Hall
- 2) Stay facility for 4 Persons (Guest House / Hostel)

⇒ Terms & Conditions of Workshop :

- 1) 80 students will be admitted in a batch.
- 2) Latest Color PP size photo is essential for workshop registration.
- 3) Registration fees for Workshop Rs. 2500/- per student in advance by Cash or A/C payee cheque in favor of "Electronics Study Centre"

- 1) Aurdino uno board for programming & practice only.
- 2) ESC standard Hardware development board suitable to interface devices
- 3) Series Test Lamp with lamp as a Load

⇒ StudentsBenefit :

- ✓ Familiarization about Aurdino and other Microcontrollers
- ✓ Knowledge about scope and limitation of different Microcontrollers
- ✓ Expertise in Aurdino Programming for different Tasks.
- ✓ Improve capability to undertake various projects
- ✓ Capability to select the aurdino as per requirement for various application
- ✓ Develops Interest about Aurdino to construct Electronics Circuits and Projects

Time: 8.30 am to 09.45 am

PO Attainment: PO8, PO10

Programme Objective: To realize how habits work and how to develop effective habits using skill instead of willpower.

Vision

Satisfy the aspirations of the youth force, who want to lead the nation towards prosperity through techno-economic development.

Mission

To provide, nurture and maintain an environment of high academic excellence, research and entrepreneurship for all aspiring students, which will prepare them to face global challenges maintaining high ethical and moral standards.

Department Of First Year Engineering AY 2022-23

The Power of Habits teaches a skill set for mastering any habit. You might call this skillset the habit of all habits. Habit acts as a powerful tool to achieve success in life.

Following are the main reasons to organise this seminar

1. Awareness, time and practice, we can master the new positive habits.
2. Habits makes us bold, calm, determined and independent.
3. Good habits also helps us to possess your inner core strength.
4. The Power Of Habit helps us to understand why habits are at the core of everything we do, how we can change them, and what impact that will have on our life, our improvement and society.

The Program starts with felicitation of resource person Mr. Shrikant Awate by Head of department Dr. Swati Godse. The Program was Started by Mr. Shrikant Awate (M.Tech IIT, Kanpur.) at 8.30 a.m. and delivered a session on 'power of Habits' and explained the importance of Power of habits in our life. The programme was graced by the presence of Dr. Swati Godse HOD of Department and all Staff members of FE. The Programme was conducted at IT, Seminar hall.

The seminar ended with vote of thanks on behalf of the Institute by Dr. Swati Godse. All students along with FE Staff members attended this seminar.

Date:-30/09/2022

To,

Miss. Surbhi D. Kamble and Miss. Priti Musale
Sr. Software Developer,
CADD Center, Pune.

Subject: Appreciation Letter for conduction of 3 days' Workshop On C and C++ LANGAUGE on Monday 26th Sep 2022 to Wednesday 28th Sep 2022.

Dear Madam,

We appreciate your efforts for conducting national level workshop on 3 days' Workshop On C and C++ LANGAUGE on Monday 26th Sep 2022 to Wednesday 28th Sep 2022 for students. The workshop will help our students to perceive C and C++ LANGAUGE as a career and work over it. We thank you for sharing your knowledge and skills with us.

Hoping fruitful correspondence in near future.

Thanking You,

Prof. Pranita S. Ingale
