Name of Event: First year – ASHRAM SHALA VISIT

Day and Date of Event: 31 Jan 2019

Time of Event: 11:30 am

Place of Event: Prathmik Madhyamik Ashram shala, Wagholi.

DESCRIPTION:

Abstract: Prathmik Madhyamik Ashram Shala is located in the outskirts Wagholi Village. All FESA members' students and staff of BSIOTR left around 11:30 am from college. We reached their in half hour. Mr. Sonawane is of very cheerful deposition and gave us comprehensive description of various activities going or carried out at ashram. Snacks, books, crayons and drawing sheets were taken for the children. Drawing competition was taken for the children from std 1 to 5. Books were given to students as a token of their performance. Games and various competitions were taken.

At last all had short session where various problems of children were discussed with students and staff members. It was ended quite well. After that few students from BSIOTR kept visiting ashram frequently to help them in studies each and every Sunday.

Event Title: GUEST LECTURE

Organized by

FE(BSIOTR, Pune)

Seminar on Ethical Practices

Day and Date : Tuesday , 04/02/20

Venue : Seminar Hall , E & TC Department

Time : 10:45 am

First Year Department of JSPM's BSIOTR organized a guest lecture on "Professional Ethics and Frauds" for the students of First Year of Engineering on 04th February 2020. The resource person of the session was Dr. H. D. Patil, Diector, JSPM's KMR. Dr. Patil started his session with the importance of professional ethics, and various ethical practices being followed by the professionals.

He emphasized that ethics is a branch of philosophy that addresses the concepts of right and wrong or good and evil; and professional ethics are principles that govern the behaviour of a person or group in a business environment. Like values, professional ethics provide rules on how a person should act towards other people and institutions in a specific situation. She focused on the importance of ethics for a professional and how wrongful or criminal deception intended to result in financial or personal gain of person and he commits frauds. She explained the concept with various examples taken from the corporate world in order to make it understandable to students.

The programme concludedd with vote of thanks on behalf of the Institute by Prof. Swati Godse at 01: 45 PM . All students along with FE Staff members attended this programme. HOD of F.E. congratulated faculty members of FE department and appreciated the efforts put by the Staff members in organizing such a nice session. All faculty from FE Department worked hard for the success of the program. The event coordinated by Prof. Deepika Shevatkar

Celebration of National Science Day

Day and Date: Monday, 01/03/2021

Time: 12:30pm

In 1928 an Indian Scientist Sir Chandrasekhara Venkata Raman discovered a phenomenon known as Raman Effect and for his remarkable discovery in 1930 he got Nobel Prize, which was the first Nobel Prize in India in the field of Science and to mark this discovery every year on 28th February National Science Day is celebrated.

As a part of the same First Year Engineering Dept. organized Various Competitions like Elocution, Essay Writing and poster making Competitions for first year Engineering Students on 01/03/2021 at 12:30pm. The programme was graced by the presence of **Hon'ble Principal Dr. T.K.Nararaj** as a chief guest, HOD of F.E Prof.Swati Godse and all Staff members of FE. All these three competitions are conducted division-wise and then final winners are decided by the judges.

The Elocution Competition was conducted on the topic "Science for People and People for Science". There were 12 students participated in this competition and winners of this event are Deshmukh Onkar (First), Rajkule Mrunali (Second) & Khatode Ashish (Third).

The Competition was Essay Writing Competition on the topic "Contribution of Dr.C.V.Raman to Science & Technology". Total 45 students were participated in this activity and winners are Tamhane Vaishnavi (First), Bute Akankhsa (second) and Aware Pooja (Third).

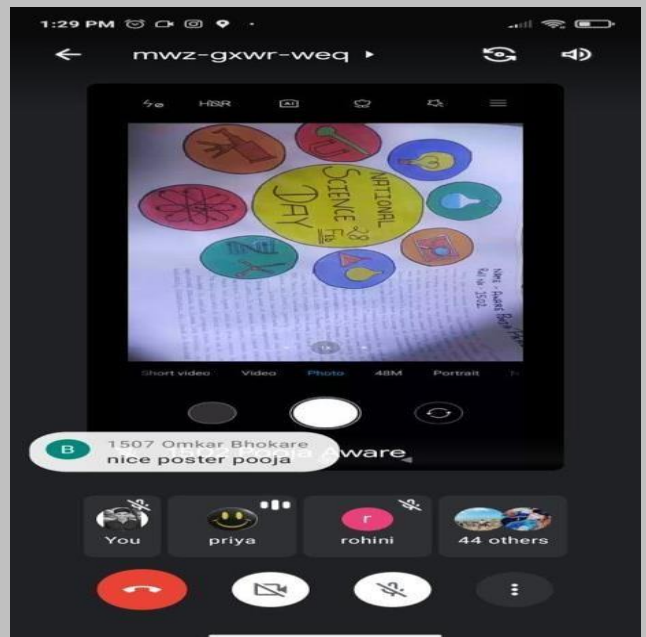

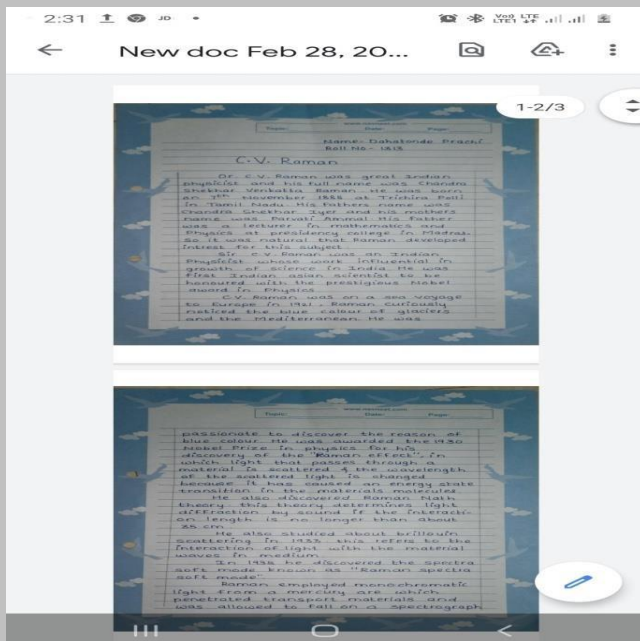

The third activity was Poster making Competition on the topic "Science and Technology". In this event total 29 students were actively participated and shown their hidden talents. The winners of this competition are Mane Nikita (First), Sah Ritesh (Second), Tambe Rutuja (third). All these competitions are judged by GFM of respective batches, Senior faculty member Prof.M.G.Shrigan and HOD Prof.Swati Godse. The HOD and **Hon'ble Principal Dr. T.K.Nararaj** congratulated to all winners and participants.

The programme ended with vote of thanks on behalf of the Institute by Prof.Sheetal Mane. All students along with FE Staff members attended this programme. Principal, Dean and HOD, F.E. congratulated faculty members of FE department and appreciated the efforts put by the Staff members in organizing such a Nice Competition. All faculty from F. E. Department worked hard for the success of the program. The event coordinated by Prof. M.G.Shrigan.

Guest Lecture on Stress Management

Date : 16/03/21

Time : 11:00 am

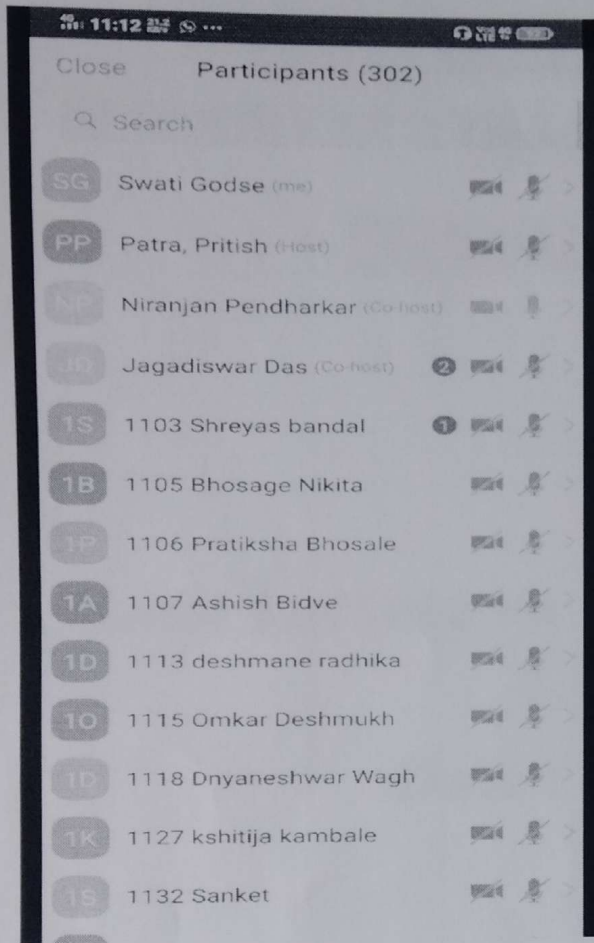

The programme started with the welcome of Prof. Jatti by HOD Dr.Swati Godse. After that Principal sir delivered a lecture on Stress Management. He explained how **Stress management** is a wide spectrum of techniques and psychotherapies aimed at controlling a person's level of stress, especially chronic stress, usually for the purpose of and for the motive of improving everyday functioning. Stress produces numerous physical and mental symptoms which vary according to each individual's situational factors. These can include a decline in physical health, such as headaches, chest pain, fatigue, and sleep problems,^[1] as well as depression. The process of stress management is named as one of the keys to a happy and successful life in modern society. Life often delivers numerous demands that can be difficult to handle, but stress management provides a number of ways to manage anxiety and maintain overall well-being.

Despite stress often being thought of as a subjective experience, levels of stress are readily measurable; using various physiological tests, similar to those used in polygraphs. There are several models of stress management, each with distinctive explanations of mechanisms for controlling stress. Much more research is necessary to provide a better understanding of which mechanisms actually operate and are effective in practice.

He summarised the key stress management requirements. The students as well as faculty thoroughly enjoyed and gained ample awareness by the end of the session.

The platform was open for questions at the end of the session and the guest effortlessly answered all the queries.

Mission

**Department Of First Year Engineering
AY 2022-23**

Art of Living Session was organised for the First Year students on 23rd of January 2023. Art of living is a humanitarian Non Governmental Organisation currently serving in 180 countries. Following are their volunteers who conducted the Session:

- Dattatray Ozarkar
- Manish Sehgal
- Preeti and Vaishali Ma'am

ORGANISING DEPARTMENT – FIRST YEAR ENGINEERING SCIENCE DEPARTMENT

CONDUCT METHODOLOGY: Students were asked to assemble in the Bhivarabai Sabhagruha at 2.30pm sharp.

- The session Started with a 5min Mindfulness Exercise.
- Students were then taught about Mindfulness.
- Engaging Questions were asked regarding How to live in the Moment
- Students were kept interacting throughout the session which ended with the Social Message of staying abstinent from Drugs and other Addictions.
- The session ended with a 5min skit on not doing drugs.

OUTCOMES: Students learned the Ethic of Sobriety. The Interactive Session helped students improve their Communication Skills. And the Mindfulness concept is something that the students can practice Life long.
