

### ***6.3.3-Percentage of teaching and non-teaching staff participating in Faculty development Programmes (FDP), Management Development Programmes (MDPs) professional development /administrative training programs during the last five years***

**6.3.3.1. Total number of teaching and non-teaching staff participating in Faculty development Programmes (FDP), Management Development Programmes (MDPs) professional development /administrative training programs during the last five years**

**6.3.3.2. Number of non-teaching staff year wise during the last five years**

**Findings of DVV:** 1.Event Brochures and reports year-wise. 2. e-copy of the certificates of the program attended by teaching and non- teaching staff. 3. List of participating teaching and non- teaching staff as per the prescribed format year wise during the last five years. 4. Annual reports highlighting the programs undertaken by the teaching faculties and non-teaching staff."

#### **Clarification for findings of DVV:**

Following documents are attached herewith.

1. List of participating teaching and non- teaching staff as per the prescribed format year wise during the last five years.
2. e-copy of the certificates of the program attended by teaching and non- teaching staff.
3. Event Brochures and reports.
4. Annual reports highlighting the programs undertaken by the teaching faculties and non-teaching staff.

**Vision:** "To Satisfy the aspirations of youth force, who want to lead the nation towards prosperity through techno-economic development"

**Mission:** "To provide, nurture and maintain an environment of high academic excellence, research and entrepreneurship For all aspiring Students, which will prepare them to face global challenges maintaining high ethical and moral Standards"

Dear Sir/Madam,  
Invitation for Nomination of  
Faculty for UGC-AICTE ONLINE  
FDPs on  
Universal Human Values

- To prepare Faculty Mentors for 3 weeks' mandatory Student Induction Program (SIP, Deeksharambh) and
- To prepare Faculty for teaching **UHV-II** (as recommended by AICTE in its Model Curriculum)

Each AICTE approved college is expected to prepare a minimum number of faculty to mentor students and to teach **UHV**. AICTE is happy to offer free online FDPs for this purpose. Only certified faculty members are eligible to teach the **UHV** courses. This is mentioned in the Approval Process Handbook also.

In this context, kindly:

Dear all HODs

During the NBA visit you have experienced that faculty members are required to attend FDPs more than 2-5 days or more than 5 days. This FDP by AICTE can be attended online by our faculty. You are requested to designate selected faculty from your department to attend the FDP. You are requested to mail the names of the faculty designated to attend the FDP on or before 25/11/2022.

Thank you

- Introduction to Artificial Intelligence and Machine Learning
- Supervised Learning-Regression
- Classification
- Unsupervised Learning- Clustering
- Statistical Learning Theory
- Tree based ML Models
- Tree based Ensemble Methods
- Markov decision process (MDP)
- Support Vector Machine Fundamentals
- Reinforcement Learning
- Neural Networks with Pattern Classification
- Convolutional Neural Networks

Practice sessions will be conducted to apply the above techniques in Python in an interactive format. All the coding will be performed on integrated development environment (IDE)(PyCharm) and Colab.

## About FDP

This Faculty Development Program (FDP) is designed to focus on the Artificial Intelligence and Machine Learning. We will discuss its concepts, types, algorithms, techniques, and practical for various applications. It will help to brush up the knowledge and skills of the faculty members of various academic institutions in India. This FDP will generate an ecosystem for research and provide the academic excellence in the system.

The objective of this FDP is to provide the theoretical and practical knowledge about the AIML. AIML has also opened interesting research and academic opportunities in Multi-disciplinary areas.

## About the Institute

It is nearly half a century now that **Late Sir Padampat Singhanian**, the visionary founder of the **JK Organization** dreamt of an empowered India populace, through whom India would take its place as an equal in the comity of nations. According to him, empowerment pre-supposes education and knowledge. That then became the cornerstone of the Organization's philosophy for discharging its social responsibility and the **JK Cement Nimbahera Foundation (JKCNF)** was born. Over time, involvement with education became stronger and deeper. Today, two decades later, it is associated with twelve educational institutions imparting education to nearly **14000 students** at various levels of the learning curve.

## About the Department

Department of Computer Science and Engineering (CSE) aims to encourage research and innovation in Computer Science and Engineering and allied areas. The objective of the program in Computer Science and Engineering is as follows:

- ❖ To understand & analyze the fundamentals of basic sciences & mathematics for solving problems related to computer science.
- ❖ To be able to design, implement & evaluate a complex software system to meet the desired needs.
- ❖ To provide necessary expertise for pursuing higher education/research in specialized domains like Artificial Intelligence, Data Mining, Machine Learning, MIS, etc.

Students are encouraged to participate in national and international level conferences, symposiums, workshops and seminars for the national and international level project and research paper presentations.

The department regularly organizes seminars, workshops, and guest lecturers for the students and faculty members. Faculty development programs are organized for faculty to promote academic excellence in the higher education.

## Target Audience

This FDP is suitable for the faculty members from the various Institutions in India.

**Subject:** UGC-AICTE Incorporating Universal Human Values in Education (A joint initiative of UGC and AICTE) Confirmation

Hello G1-Dr. Praveen Barapatre,

Thank you for registering for UGC-AICTE Incorporating Universal Human Values in Education (A joint initiative of UGC and AICTE). You can find information about this webinar below.

**UGC-AICTE Incorporating Universal Human Values in Education (A joint initiative of UGC and AICTE)**

You have registered for this 5-day webinar. You must attend the complete webinar (all sessions) and participate actively. For this you must be available full time.

Taking duty leave is recommended.

Join only if you are committed and able to join for all 5 days full-time.

Please join early each day (before 9:30AM) to ensure your place in the webinar.

-

Please join the workshop using a computer, rather than a smart phone, as it will give you more flexibility to see:

- the main screen or presentation screen
- the poll window
- the chat window
- the controls panel (raise hand etc.)

You are fully responsible for technical issues at your end. For example:

1. network connectivity, bandwidth, interruptions etc.
2. joining device configuration (OS, latest version of webinar software, cache settings, popup settings etc.)

AICTE will not be held responsible for these in any way.

Please be sure to familiarise yourself with "how to attend a webinar", "how to respond to polls", "how to fill Google forms" before the workshop.

-

AICTE Certification

-  
Participants have been divided into multiple groups for post-lunch tutorials.  
The number (like G1 or G2 or G3, etc.) written prior to your screen name indicates your group.

This name will also appear on your email (in the first line) and other communication.  
e.g. your email may be addressed "Hi G1-Arvinder Singh Bains, Director NITTTR, Chandigarh"

The G1 indicates that you are in group 1.

-  
Please Note: The workshop will be fully recorded and the recordings may be used for educational purposes.

[Add to Calendar\(.ics\)\\_|\\_Add to Google Calendar |\\_Add to Yahoo Calendar](#)

You can [cancel](#) your registration at any time.

Please submit any questions to: [uhvaicte2@gmail.com](mailto:uhvaicte2@gmail.com).

### ABOUT JSPM

**Jayawant Shikshan Prasarak Mandal (JSPM)** is established in 1998 with the objective of creating center of excellence for education in the field of Engineering, Medical, Pharmacy, Management etc. JSPM Group of Institutes has been successful in establishing Best Engineering, MBA, MCA, Pharmacy colleges and Schools, spread across six campuses in Pune. JSPM imparts quality education through right curriculum and innovative teaching methodologies at all its campuses. JSPM Group of Institutes has evolved from single institute to 75+ institutes, spread in the vicinity of Pune. JSPM provides students a vibrant academic experience that adheres to stringent international quality standards, imbibes life skills among its students, and prepares them to take up competitive careers and to be successful in life

### ABOUT THE INSTITUTE

JSPM's Bhivarabai Sawant Institute of Technology and Research established in 2009, believes in practicing various student centric teaching learning methodologies to impart quality engineering education to students. The Institute has been approved by the All India Council for Technical Education (AICTE), New Delhi and affiliated to SPPU Pune. The institute has been accredited by NAAC and three programs are accredited by NBA. The Institute is located in Wagholi in lush green and well maintained campus which is surrounded by industries and IT companies to provide an opportunity for more Industry-Institute-Interaction. The Institute provides conducive environment for the holistic development of individual skills and personality development.

### INSTITUTE VISION

Satisfy the aspirations of youth force, who want to lead nation towards prosperity through techno-economic development.

### INSTITUTE MISSION

To provide, nurture and maintain an environment of high academic excellence, research and entrepreneurship for all aspiring students, which will prepare them to face global challenges maintaining high ethical and moral standards."

### ABOUT THE DEPARTMENT

The department has 60 intake (UG level) with aim to provide students the lifelong learning and leadership skills that enable them to grow in their professions and advance in positions of responsibility by effective Industry-Institute Interaction. The department has well equipped state of the art labs with modern infrastructure and ICT enabled facilities.

### DEPARTMENT VISION

To be a nucleus nurturing to cater current & future digital.

### DEPARTMENT MISSION

- To groom learners for addressing technical challenges by utilizing knowledge and skill set.
- To inculcate professional values to develop effective and efficient organization through best practices.

### PROGRAM EDUCATIONAL OBJECTIVE (PEO'S)

PEO1: Graduates shall have abilities to exhibit excellence in professional career by demonstrating a positive representation of their brand.

PEO2: Graduate shall have ability to learn latest trends coping present and future needs.

PEO3: Graduate shall have sense of social responsibility by balancing the emotional quotient and strengthening the personal traits.

### WORKSHOP OBJECTIVE

## ABOUT

Sinhgad College of Engineering (SCOE) is private unaided institution that was established in the year 1996. The institute offers eight undergraduate engineering programmes of four year duration namely Mechanical Engineering, Electronics & Telecommunication Engineering, Computer Engineering, Chemical Engineering, Information Technology, Production Engineering, Civil Engineering, Bio-Technology. Three engineering departments are offering post-graduate programs. The department of Mechanical Engineering, Electronics & Telecommunication Engineering, and Civil Engineering are recognized Ph.D. Research Centre by University of Pune. The institute also offers a post-graduate program leading to MBA degree. The Institute has a total under-graduate and post-graduate enrollment of 1140 and 90 students respectively. There are 67 students registered for Ph.D. with this research center. All the courses are approved by All India Council for Technical Education (AICTE) and affiliated to University of Pune.

## OBJECTIVE OF THE FDP

- To orient faculty towards the TE Revised Syllabus for System Programming and Operating System (Theory and Laboratory)
- To bring uniformity in teaching across all colleges under SPPU Pune.

## PICT OVERVIEW

Pune Institute of Computer Technology (PICT) an elite academic Institute located in Pune (India), which is rightly known as “The Oxford of the East”, playing an inspiring role in the education sector since its establishment in 1983.

PICT believes in value-based quality education in the field of Information and Communication Technology (ICT) and we are constantly endeavouring to achieve higher levels of technical excellence by offering under-graduate (UG) programmes in Computer Engineering (CE), Electronics & Telecommunication Engineering (E&TC), and Information Technology (IT); and post-graduate (PG) programmes in Computer Engineering, Data Science, Electronics & Communication (Wireless Communication Technology), and Information Technology. It is also Savitribai Phule Pune University (SPPU) recognized Research Center in Computer Engineering and Electronics & Telecommunication Engineering.

Institute is UGC Approved, ISO 9001:2015 Certified, and is NAAC Accredited. All UG programmes of PICT are NBA Accredited. PICT is Ranked 8<sup>th</sup> among private Engineering Institutions in India, 1<sup>st</sup> among all private Engineering Institutions in Maharashtra, and 4<sup>th</sup> among all Engineering Institutions including IITs, NITs, and Govt. Colleges in Maharashtra (as per the EDU-RAND ranking- 2015). As per the NIRF 2020 Ranking, PICT is in rank band of 201 to 250.

## ABOUT FDP

The recent advancements of deep learning methods has revolutionized the field of computer vision which greatly achieved state-of-the-art results on challenging computer vision problems such as image classification, object detection, face recognition , medical imaging etc. The goal of this FDP is to introduce faculties to modern deep learning models for computer vision applications starting from basic and up skill them for applying Deep Learning in Computer Vision and relevant applications.

## Contents of FDP

1. Overview of Computer Vision and its techniques, applications
2. Basics of Machine Learning and Deep Learning
3. Introduction to Artificial Neural Network (ANN)
4. Convolutional Neural Network (CNN) and image classification
5. Implementation of CNN in Pytorch and Model Life Cycle Management
6. Object detection, localization, and segmentation with deep learning
7. Deep learning for Medical Imaging

## About the Institute and the Department

**Vishwakarma Institute of Technology, Pune**, a highly commendable private institute, occupies a place of pride amongst the premier technical institutes of the western region of India. Established in 1983, financed and run by Bansilal Ramnath Agrawal Charitable Trust, it is an autonomous institute affiliated to Savitribai Phule Pune University. The institute runs 9 Under Graduate, 8 Post Graduate & 6 Ph.D. programs which are affiliated to the university. The institution has been awarded A++ grade by NAAC in 2019 which is the highest in the western region for private engineering institute. The institution has been awarded ISO 9001-2008 certification by BSI, India & university granted autonomous status since academic year 2008-2009. The institute is ranked 122 by NIRF ranking. The institute has marched towards the pinnacle of glory through its remarkable achievement & laurels in the field of engineering education.

**The Computer Engineering Department** is one of the leading departments established in 1991 and runs B.Tech, M.Tech and Doctoral programmes. We have experienced faculty with a strong background of academics, industry exposure, research and consultancy activities. The department is in active collaboration with many industries like Nvidia, IBM, GitHub etc. and foreign Universities like Binghamton in USA and Technical University of Sofia, Bulgaria, Europe. Department has well established laboratories with high end equipment and latest software. Our Google Developer Student Club and Trident Lab students club are giving practical exposure to the students through various technical activities. The NBA has accredited the department in a continuous cycle from 2003 to the present.

## About the Program

Technology has been growing at a rapid pace, enabling faster change and progress. It is very important to stay current with the new technology trends and keep eyes on the latest developments, to make an informed choice about where to head next. FDP will guide you to learn, unlearn and relearn different areas ranging from mathematical modelling to cyber security through various computing and intelligence systems.. This program will help researchers and practitioners to discover the recent trends in computer science. It will open a new horizon for research discovery works locally and internationally.

## 6 Days Faculty Development Programme on “Research at a Glance: Current Protocols”

For the Period of 18<sup>th</sup> to 23<sup>rd</sup> January, 2021

Organized by

**Department of Mechanical Engineering, SIT, Lonavala**

### About the Institute:

**Sinhgad Institute of Technology (SIT)** was established in 2004 under the umbrella of Sinhgad Technical Education Society. It is a premium self-financed institute, under the strong Sinhgad Institutes brand and is one of the reputed technical institutes of Maharashtra. SIT is approved by All India Council for Technical Education (AICTE), New Delhi, Directorate of Technical Education (DTE), Mumbai, NAAC Accredited Institute and is affiliated to Savitribai Phule Pune University (SPPU), Pune.

It is well known for academic excellence and is committed to provide quality education as per the standards set by NBA. The teaching and learning processes are streamlined to achieve top ranking result in the Savitribai Phule Pune University examinations. Professors are experienced having sound technical know-how and expertise in their subjects. Innovative learning process and flexibility in the approach are integral part of the programs. It has necessary academic infrastructure including State-of-the art Laboratories with Computer Center Well-stocked Digital Library with National and International Books & Journals.

### About the Faculty Development Program:

This Program mainly focuses on following topics,

1. NEP 2020 and Introduction to Research.
2. How to Fetch Funds from Various Government and Private Institutions?
3. How to Fetch Consultancy?
4. Intellectual Property Rights and Patent Facilitation.
5. How to Write Research Paper?
6. Tools used in Research.

## ABOUT CHANDIGARH UNIVERSITY

Chandigarh University is a leading Indian institution offering its students a unique amalgamation of professional and academic excellence. In the QS Asia Rankings 2022, CU made a remarkable debut and ranked among the top 1.7% universities of the continent. The university is among the top 5% institutes in India to be accredited with the prestigious A+ grade by the National Assessment and Accreditation Council (NAAC).

At Chandigarh University, a wide spectrum of programs paired with flexibility, experiential learning and interdisciplinary orientation emancipate our students to explore their interests and pursue their dream careers. Here, we are grooming students to be socially sensitive by intellectually challenging them and through our contemporary diverse culture.

The University provides a global perspective to facilitate our students with international learning opportunities through partnerships with more than 350+ top ranked universities worldwide. Chandigarh University has a cosmopolitan friendly and inclusive atmosphere. It provides optimal learning experiences and services that lead to student success. We empower our students to take responsibility for their academic work, social life and career development.

## ABOUT C.S.E. DEPARTMENT

The Department of Computer Science & Engineering at Chandigarh University commenced with a mission to become a 'Center of Excellence' that facilitates high-end research at par with industry challenges and raise computer science engineers with high-technical competencies. Highest Number of Placements in Top MNCs (Microsoft, Amazon, HPE, IBM, etc.). Highest Number of In-house Industry-Sponsored Labs for Hands-on Exposure (Microsoft Innovation Centre, IBM Software Lab, Virtusa Robotics & Automation Center, HP Center of Excellence & many more). Guidance by Professionally Trained Faculty & Industry Experts via use of Latest Teaching Aids and Live Projects.

## PROGRAM OBJECTIVE

- To support faculty, to enhance their knowledge in the domain of Research.
- To acquainting the faculty and research scholars to familiarize with the research essentials and recent trends in the domain of computer science.
- To understand research ethics to invent and promote research interests.
- To learn the tips and tools to dive in the depth of Research.

## PROGRAM OUTCOMES

- To support faculty and researchers to expertise in research domain and qualitatively contribute for supporting research activities.
- To gain up to date knowledge of current research possibilities.
- To understand the ethics of research, patents, etc. and support researchers by making them aware of various tools and techniques used in research domain.

## SPEAKERS FOR FDP

Speakers from eminent Government organization, National and International Academic Institutions, And Industries will be delivering talk on the thrust area.

## DATE, TIME & PLATFORM OF FDP

One week FDP starts on 31<sup>st</sup> January 2022, and ends on 5<sup>th</sup> February 2022. The programme will be conducted on MS-Teams. The detailed schedule & the link to join the programme will be shared with participants post registration Via E-Mail.

## ABOUT DEPARTMENT

**Department of Computer Engineering** was started in **1986** with the intake of 60 and intake is increased to **120** in the academic year 2012-2013. The department is accredited **3 times by National Board of Accreditation, New Delhi**. The department has introduced with **ME (Computer Engineering)** in the year 2010 with the intake of 18. Department has excellent infrastructure and human resources to cater both these courses.

The department has well qualified and experienced staff. We have excellent record of results and placements. Department is enriched with the laboratories are well equipped with latest software and hardware with de-facto standard. Students are trained in Computer Programming for engineering applications to meet the IT Industry challenges.

## DEPARTMENT VISION

To serve the needs of society through competent technical education, promoting Industry-Institute Interaction and develop competent and cultured Computer Engineers.

## DEPARTMENT MISSION

**M1:** The Mission of computer Engineering Department is to effectively develop and channelize creative talents of students to face challenges posed by ever- changing computing industry with enhancement in Industry-Institute interaction.

**M2:** We, the faculty & the staff of Computer Engineering department commit ourselves to inculcate good moral values and shape a strong academic background of the pupil so important to work towards the betterment of the society as able technocrats & responsible citizens.

## ABOUT FDP

The aim of the FDP is to offer guideline sessions for all six units theory content and practicals ( LP2 ) of Cloud Computing as per T.E. Computer Engineering 2019 revised course. All the faculties those who are going to take this course are encouraged to participate in this FDP. The FDP will be helpful to get acquainted with theory and practical contents and their scope and technicality as per the revised TE-2019 syllabus.

## FDP OBJECTIVES

- ☐ To study fundamental concepts of cloud computing
- ☐ To learn various data storage methods on cloud
- ☐ To understand the implementation of Virtualization in cloud Computing
- ☐ To learn the application and security on cloud computing
- ☐ To study risk management in cloud computing
- ☐ To understand the advanced technologies in cloud computing

## COURSE CONTENTS

1. Introduction to Cloud Computing
2. Data Storage and Cloud Computing
3. Virtualization in Cloud Computing
4. Cloud Platforms and Cloud Applications
5. Security in Cloud Computing
6. Advanced Techniques in Cloud Computing

SANDIP FOUNDATION'S  
**SITRC**

## ABOUT INSTITUTE

Sandip Institute of Technology and Research Center (SITRC), the top Engineering colleges in Nasik, Maharashtra is established in 2008 and is approved by AICTE, New Delhi and affiliated to Savitribai Phule Pune University, Pune. SITRC's Computer Engineering & Mechanical Engineering (UG) programs accredited by NBA, in February 2020. The Institute is accredited by NAAC with A Grade (CGPA 3.11 Score).

SITRC have an ambiance that stimulates intellectual thinking and academic proceedings.

**The institute has following major credentials at its credit.**

- √ Accredited by NBA Computer & Mechanical Engineering
- √ Accredited with A Grade by NAAC
- √ Affiliated to SPPU Pune
- √ Green and Clean Campus

## ABOUT DEPARTMENT

The Department **Computer Engineering** started in the Academic Year **2008 – 09**, at the **Sandip Institute of Technology and Research Centre** affiliated to **Savitribai Phule Pune University, Pune** offers at **Engineering Undergraduate Program (UG)** leading to the degree of **Bachelor of Engineering (B.E)**, with an intake of **120** and **Post Graduate (PG) in the Academic Year 2012-13 with an intake of 18.**

The department has state-of-the-art laboratories, computing facilities and qualified faculty members.

## DEPARTMENT VISION

To evolve as center of excellence in Computer Engineering for rendering services to the industry and socio economic fabric of nation.

## DEPARTMENT MISSION

\* To produce globally competent professionals by providing research opportunities and inculcate leadership qualities.

\* To establish industry institute interaction activities to enhance the entrepreneurship skills with effective teaching-learning practices.

\* To educate the students with strong fundamentals of Computer Engineering to expose them in the field of design and development of software that helps them to become a successful entrepreneur.

To facilitate the students and faculty to work with FOSS tools and ICT based technologies for solving real world problems by effective teaching-learning practices.

## ABOUT FOP

This FOP is intended to provide the foundations of the practical implementation of High Performance Computing Programs and Deep Learning concepts to ensure that the learner evolves into a competent programmer capable of designing and analyzing implementation of High Performance Computing and Deep Learning that contain different kinds of problems.

## FOP OBJECTIVES

- To understand and implement searching and sorting algorithms.
- To learn the fundamentals of GPU Computing in the CUDA environment.
- To illustrate the concepts of Artificial Intelligence/Machine Learning(AI/ML).
- To understand Hardware acceleration.
- To implement different deep learning models.

## COURSE CONTENTS

- Design and implement Parallel Breadth First Search and Depth First Search based on existing algorithms using OpenMP.
- program to implement Parallel Bubble Sort and Merge sort using OpenMP.
- Implement Min, Max, Sum and Average operations using Parallel Reduction.File concepts and primitive operations,sequential and linked organization.
- Write a CUDA Program for :Addition of two large vectors and Matrix Multiplication using CUDA C.
- Implement HPC application for AI/ML domain.
- Linear regression by using Deep Neural network.
- Classification using Deep neural network.
- Convolutional neural network (CNN).
- Recurrent neural network (RNN).
- Miniprojects.

## ABOUT STES

Sinhgad Technical Education Society (STES) was set up in August 1993, under the able and dynamic leadership of Prof. M.N. Navale with an objective of providing quality education in the field of Engineering, Dentistry, Management, Computer, Pharmacy, Architecture, Hotel Management and the basic school education from kinder garden onwards. There are 100+ institutes under the aegis of STES offering full-fledged school education, diploma, Graduation, Post Graduation courses and Ph.D. programs in various branches of Engineering, Science and Management at various educational campuses ideally located in pollution free lush green and picturesque environment conducive for learning. This year STES is celebrating 29 years of its academic excellence.

## ABOUT SKNSITS

STES's SKN Sinhgad Institute of Technology & Science (SKNSITS) was established in year 2011. SKNSITS is approved by All India Council for Technical Education (AICTE), New Delhi, Directorate of Technical Education (DTE), Mumbai, and is affiliated to Savitribai Phule Pune University, Pune. NAAC Accredited with 'A' grade. SKNSITS has the environment to cultivate the students such that students can show case their talents and ideas in innovative way. A comprehensive syllabus, excellent infrastructure and extensive facilities ensure effective planning, implementation and delivery of quality education. The institute has excellent infrastructure to facilitate quality learning. Institute stresses on e-learning and project based learning to make the students globally competent. The institute has laboratories with modern and state of art equipment to meet the requirements of the curriculum.

The institute consists of a library which has rich collection of reference books and technical magazines. The institute has subscribed to a good number of national and international print/online research journals to get the insight on recent research work.

## STTP OBJECTIVES

The STTP's goal is to provide academicians, research scholars, industry professionals, and R&D organizations with the ability to understand the need for Data Science and its impact on our society. It would be useful for solving research problems with AI, machine learning, and the emerging field of data science.

- Seeking a data scientist profession with an outstanding career opportunity that will offer a rewarding work environment along with a winning team that will fully utilize management skills.
- To explore, sort and analyze metadata from various sources in order to take advantage of them and reach conclusions to optimize business processes.
- Develop in depth understanding of the key technologies in data science and business analytics: data mining, machine learning, visualization techniques, predictive modeling, and statistics.
- Practice problem analysis and decision-making.

## SCOPE

Data Science and its application are now becoming The most novel emerging research field. The application of Data Sciences is the time calls for intensifying research area spanning in the fields of Computer Science and Information Technology.

## ELIGIBILITY

The programme is open to the faculty members, research Scholars, UG and PG Students from allied disciplines. Industry personal working in the same discipline can also attend the STTP.

## ABOUT INSTITUTE:

Prof. M. N. Navale embarked on his journey on 12th August 1993 with his academic qualifications, professional expertise, his mother's blessings, and a thought, 'A burden of one's own choice is not felt.

It is because he made this choice 22 years ago that we stand proud today as a part of this esteemed establishment called 'Sinhgad Technical Education Society'.

STES is now spread into 13 campuses with 100+ institutes, more than 15 disciplines, around 5000+ academic staff, and 60,000+ students. RMD School of Engineering was established in 2011 and it became synonymous with quality engineering education.

The college is offering undergraduate and postgraduate degree courses in Computer, IT, E&TC, Civil and Mechanical. All above courses are approved by AICTE accredited by National Assessment and Accreditation Council Accredited) (NAAC) 'A' affiliated to New Delhi and Savitribai Phule Pune University.

## OBJECTIVE OF THE FOP

- To orient faculty towards the BE Revised Syllabus for Software Testing and Quality Assurance
- To bring uniformity in teaching across all colleges under SPPU Pune.

## ABOUT THE INSTITUTE

The institute was established in the year 1984. A land of 20.5 Acres was generously donated by Shri. Kakusheth Udeshi of Hirabai Haridas Charitable Trust, Mumbai. The institute is approved by All India Council of Technical Education (AICTE), New Delhi and Government of Maharashtra, permanently affiliated to Savitribai Phule Pune University and has recognition under section 2(F) and 12(B) of (UGC ACT 1956). The institute is accredited by National Assessment & Accreditation Council (NAAC) with 'A' Grade, and accredited by National Board of Accreditation (NBA) for 08 courses. It is the only institute in Nashik to receive recognition thrice under "Platinum Category" by AICTE-CII Survey of Industry Linked Institutes and according to NIRF ranking survey 2016 ranked 85<sup>th</sup> amongst all engineering institutes in India. AICTE has granted IDEA Lab for the Institute. Total Project cost is 1.1 crore. AICTE will contribute 53 lacs towards the same. It is the only institute under SPPU to receive this grant. The Institute has been allotted online Exam center for GRE & TOEFL exam. The Institute having fully dedicated infrastructure for conducting the training and placement activities of the Institute. This Dedicated infrastructure is spread over 5078 Sq.Ft. area being named as "Dr. A.P.J Abdul Kalam Career Development Center".

## ABOUT THE DEPARTMENT

The Department of Computer Engineering at the K. K. Wagh Institute of Engineering, Education and Research, Nashik was established in the year 1984. Since then, especially in the last twenty years of the IT revolution, the department has taken long strides and is now among one of the best departments in the University. The Department has well furnished laboratories equipped with state-of-the-art hardware and software resources, instruction halls, a seminar

hall, tutorial and faculty rooms. The Department has a blend of experienced and young faculty members who also work as mentors to the equally diligent, hardworking and intelligent students. The department is twice accredited with recent accreditation by the AICTE-NBA in Dec 2019 for 3 years.

The degree programme BE (Artificial Intelligence and Data Scienc) is approved by AICTE, New Delhi from academic year 2020-21. The degree programme BE (Computer Science and Design) is approved by AICTE, New Delhi from academic year 2021-22. These programs are affiliated to Savitribai Phule Pune University, Pune with sanctioned intake for Artificial Intelligence and Data Science Engineering is 120 and Computer Science and Design is 60 respectively.

## ABOUT THE FOP

This FOP is intended to explain the scope of the course Web Technology and Web Technology Lab. It provides guidelines to develop course material and deliver course effectively

## FOP OBJECTIVES

- To conduct guidance sessions on course on web Technology and web Technology Laboratory as per revised SPPU curriculum (TE 2019 pattern).
- To identify the scope of the course and to improve the efficiency of delivery of the course.
- To provide a forum to exchange views, ideas and recent trends in the field of web Technology.

### ABOUT STES

The Sinhgad Group of Educational Institutes, spread over Maharashtra have a presence to reckon with. The Group is benchmarked in every aspect. It struck its foundation in 1993 to transform the dream of its visionary architect Founder President Prof. M. N. Navale into a palpable reality. The entire Sinhgad Group has convincingly evolved, into the most sought after education destination. Every Institute is duly accredited by NBA, approved by AICTE and affiliated to Savitribai Phule Pune University. Its Smt. Kashibai Navale Medical College subscribes to the code of the IMC. Every Institute has an Independent presence with enviable state-of-the-art infrastructure and all the facilities and resources, to label it an ideal place for learning. Invariably every campus has an impressive Research Centre and extensively stocked Library. It Comprises Institutes in its fold, run by capable and qualified resource people, drawn from various disciplines.

### ABOUT SIT

Sinhgad Institute of Technology (SIT), Lonavala established in 2004 is affiliated to Savitribai Phule Pune University, approved by AICTE. SIT is involved in practicing teaching-learning methodologies of excellence to deliver quality engineering education for students all over India. Sinhgad Institute of Technology, one of the fastest-growing engineering colleges in Maharashtra, offers Graduate courses in the Department of Computer engineering, Information Technology, Mechanical Engineering, Electrical Engineering, Electronics and Telecommunication Engineering, and Post Graduate Course in Department of Electrical Engineering.

### OBJECTIVE OF THE FDP

- The objective of this FDP is to orient faculty towards the TE Revised Syllabus for Human Computer Interface
- To bring uniformity in teaching across all colleges under SPPU Pune.
- To provide uniform guidelines towards conducting theory and practical

### NOTE:

- Sessions will be conducted online through Ms Teams
- Online Registration is mandatory to participate in Session
- E-certificate will be provided to all participants on attendance and submission of feedback form

## ABOUT THE INSTITUTE

The institute was established in the year 1984. A land of 20.5 Acres was generously donated by Shri. Kakusheth Udesi of Hirabai Haridas Charitable Trust, Mumbai. The institute is approved by All India Council of Technical Education (AICTE), New Delhi and Government of Maharashtra, permanently affiliated to Savitribai Phule Pune University and has recognition under section 2(F) and 12(B) of (UGC ACT 1956). The institute is adjudged as Grade 'A' by Government of Maharashtra. The institute is Accredited by National Assessment & Accreditation Council (NAAC) with 'A' Grade, and accredited by National Board of Accreditation (NBA) for 08 courses. It is only institute in Nashik to receive recognition thrice under "Platinum Category" by AICTE-CII Survey of Industry Linked Institutes and according to NIRF ranking survey 2016 ranked 85th amongst all engineering institutes in India. AICTE has granted IDEA Lab for the Institute. Total project cost is 1.1 crore. AICTE will contribute 53 lacs towards the same. It is the only institute under SPPU to receive this grant. The Institute has been allotted online Exam center for GRE & TOEFL exam. The Institute having fully dedicated infrastructure for conducting the training and placement activities of the Institute. This Dedicated infrastructure is spread over 5078 Sq.Ft. area being named as "Dr. A.P.J Abdul Kalam Career Development Center".

## ABOUT THE DEPARTMENT

The Department of Computer Engineering at the K. K.Wagh Institute of Engineering Education and Research, Nashik was established in the year 1984. Since then, especially in the last twenty years of the IT revolution, the department has taken long strides and is now among one of the best departments in the University. The Department has well furnished laboratories equipped with state-of-the-art hardware and software resources, instruction halls, a seminar hall and tutorial and faculty rooms. The Department has a blend of experienced and young faculty members who also work as mentors to the equally diligent, hardworking and intelligent students. The department is twice accredited with recent accreditation by the AICTE-NBA in Dec 2019 for 3 years.

The Department of Artificial Intelligence and Data Science Engineering is recently established by the institute from academic year 2020-21 and the Department of Computer Science and Design from the year 2021-22. These programs are approved by AICTE, New Delhi and affiliated to Savitribai Phule Pune University, Pune. Sanctioned intake for Artificial Intelligence and Data Science Engineering is 120 and Computer Science and Design is 60.

## OBJECTIVE OF THE FDP

- To conduct guidance sessions on course on IOT and Embedded Systems as per revised SPPU curriculum.
- To identify the scope of the course and to improve the efficiency of delivery of the course
- To provide a forum to exchange views, ideas and recent trends in the field of IoT and Embedded Systems.

## CONTENTS

- Syllabus Overview and CO,PO, CO-PO mapping , Internet of Things Concepts
- Introduction to Embedded Systems
- IoT Design Methodology
- IoT Protocols ,Cloud Platform for IoT, Security in IoT
- Arduino Simulation using TinkerCad

## ABOUT KJEI

The KJEI Educational Trust was established in 2005, to serve the Rural area in the field of education. The Lush green campus of over 110 acres, located in the Sahyadri valley at Bopdev Ghat, near Kondhwa Annex area in Pune city. Under the umbrella of KJ's Educational Institute, we are running various Engineering, Pharmacy, Architecture, Management, Engineering Diploma courses and an International School with Junior College to serve the rural area in the field of education. We have one of the largest and best educational campus spread over 110 acres with excellent infrastructure. Our first Institute namely Trinity College of Engineering & Research was established in year 2008 with the aim to provide quality education in the field of engineering. It is one of the few reputed engineering institutes in the jurisdiction of the Savitribai Phule Pune University.

## ABOUT KJCOEMR

KJCOEMR was established in the year 2009. We offer four year full time degree course in 'Bachelor of Engineering' with specialization in Civil, Computer, Electrical, Electronics and Telecommunication, and Mechanical Engineering and four post graduate courses in Computer Engineering, Computer Networks, Structural Engineering, and Design Engineering. The college is under Academic Mentorship of COEP and accredited by NAAC. The college is approved by AICTE, DTE, Govt. of Maharashtra and is affiliated to Savitribai Phule Pune University, Pune.

## ABOUT DEPARTMENT

The department was established in 2009 to cater to the requirement of trained Engineers in the field of Computers. The department is having a UG course in Computer Engineering, with intake capacity of 120 students and Post Graduate courses in Computer.

## ABOUT INSTITUTE

The International Institute of Information Technology (I<sup>2</sup>IT), Pune [pronounced as I Square IT] was established by Late Shri. P. P. Chhabria, Founder Chairman of Finolex Group of Companies, a well-known philanthropist and former President of Maharashtra Chamber of Commerce, Industries and Agriculture (MCCIA). As a world class academy to impart high-end education in Engineering and Technology the Institute has strived to meet the growing needs of the industry. Established on 10 acres of land, this institute equips students to accept challenges in the areas of Information Technology, Engineering and other niche areas of expertise.

I<sup>2</sup>IT is an Undergraduate Engineering Institute approved by the All India Council for Technical Education (AICTE), New Delhi; Recognized by the Directorate of Technical Education (DTE), Govt. of Maharashtra and is affiliated to the Savitribai Phule, Pune University and offers 4 years full-time B.E. Courses in Computer Engineering, Information Technology and Electronics and Telecommunication with approximately 800+ students on campus.

The three co-ordinates for all the courses offered are theoretical foundations, applied practices and real – life experiences; which are achieved through spacious and comfortable lecture rooms, well-resourced laboratories and hands-on project work in association with various companies. The whole teaching – learning environment is geared towards nurturing innovation and building leadership. The Institute was dedicated to the service of the nation at the hands of the former President of India, His Excellency, Hon'ble Dr. A. P. J. Abdul Kalam.

## DEPARTMENT VISION

To be an eminent Department that provides exemplary education that would nurture innovative thinking, quality research and there by grooming students to become skilled professionals and researchers in various field of Computer Engineering.

## DEPARTMENT MISSION

- To provide a conducive environment that offers an enriching learning experience and motivate students towards innovative thinking and research.
- To equip students with technical skills that would help them develop efficient software solutions.
- To enhance industry academia dialogue enabling students to inculcate professional skills within them.
- To incorporate social and ethical awareness among our graduates to make them conscientious professionals.

## PROGRAM EDUCATIONAL OBJECTIVES (PEOs)

- PEO1: To develop technically competent Computer Engineers with proficient domain knowledge, research attitude and innovative thinking.
- PEO2: To foster committed graduates with a life-long learning attitude and entrepreneurship spirit for successful career.
- PEO3: To inculcate professional ethics, managerial and communication skills to accomplish a worthy career in all spheres of Computer Engineering.
- PEO4: To nurture socially aware engineers who can develop effective solutions for the betterment of the community and the nation.

## About Marathwada Mitra Mandal

The trust "Marathwada Mitra Mandal, Pune" was established in 1967 by Hon. Late Shri. Shankarraoji Chavan, Former Home Minister, Govt. of India as the "Founder President". The trust had started its activity with the objective of providing hostel or similar accommodation in Pune to the students. This trust is established through the inspiration of socially and educationally charged personalities, with motto "Yethe Bahutanche Hit" (Welfare of Masses). Mass education, co-education and dedication towards overall development of the region are watchwords of the trust. At its various educational campuses, the trust has created excellent facilities of education catering to Architecture, Interior Design, Management, Law, Commerce, Pharmacy, Engineering, etc, which provide excellent education to about 15,000+ students.

## About MMCOE

MMCOE has been recognized as the BEST COLLEGE by SPPU. MMCOE is one feather in the cap of Marathwada Mitra Mandal Pune, from the academic year 2006 - 2007. It offers five engineering programmes (Computer, Electrical, E&TC, Information Technology and Mechanical) and two P.G programmes MBA and ME(Computer Engineering) and Research Lab. It houses 2000+ students and 200 staff members. Along with the focus on core academics, college also takes care of overall personality development of the students. The college has an active robotics cell, NCC, Training and Placement cell etc.

## About Computer Engineering Department

The Computer Engineering Department at MMCOE was established in 2006 with an intake of 120 students for undergraduate course (B.E.) and 18 students for Post Graduate course (ME) in Computer Engineering affiliated to Savitribai Phule Pune University. The Computer Engineering Department is well-known for rewarding the changes and challenges in the technological development for industrial arena. As the Industries today demands versatile Engineers with the knowledge of Java, C++, Python, Open Source, AI and Data Science technologies, so the objective of our Department is to prepare with expertise in these technologies with consistent efforts and practice within four year of Engineering course. This makes our students employable and Industry ready. Here with, we

form the team of enthusiast, well qualified and competent faculty members. Most of the curriculum is taught using modular learning approach to integrate the academic programs with practical knowledge.

## About the FDP

The Faculty Development Programme will help to disseminate the knowledge in the domain of data science and Deep learning. It empowers the participants to understand how data science can be used to innovate and improve the business process. Deep Learning is a fast-growing field of Artificial Intelligence concerned with the study and design of computer algorithms for learning good representations of data, at multiple levels of abstraction. Since data is overwhelming, organizations are struggling to extract the powerful insights they need to make smarter business decisions. The participants will be trained with hands-on approach in order to have an in-depth insight into the domain of Data Sciences and expose them to Feasibility & future scope.

## Objectives of the FDP

To equip teachers with skills and knowledge in the field of machine learning and deep learning, this is essential for inculcating learning values in students and guiding & monitoring their progress towards their career.

To make the faculties to train the students to create interest towards the field of machine learning and deep learning and also familiarize the students with the practical aspects of this field and gradually teach them the industrial usage of machine learning and deep learning for various applications.

## Course Content

- ◆ Introduction to Artificial Intelligence, Machine Learning, Deep Learning and Representation Learning
- ◆ Introduction Deep learning and its applications
- ◆ Neural Network and Hands On session
- ◆ Convolution Neural Networks
- ◆ Recurrent and Recursive Nets: Unfolding Computational Graphs, Recurrent Neural Networks, Bidirectional RNN
- ◆ Classification using Deep neural network
- ◆ Deep Generative Models
- ◆ Reinforcement Learning

#### About The Institute

Dr D Y Patil School of Engineering is established in 2010. The institute is approved by the All India Council for Technical Education (AICTE), New Delhi, Directorate of Technical Education (DTE), Mumbai and Govt. of Maharashtra, accredited by NAAC and is affiliated to Savitribai Phule Pune University. The institute offers engineering programs in Civil Engg, Mechanical Engg., Electronics and Telecommunication Engg, and Computer Engineering. The institute also offers PG courses in Mechanical, E&TC and Computer Engineering. The institute has dedicated faculty members and staff and is well equipped with equipment's in laboratories.

#### About Faculty Development Program

Artificial Intelligence today is used in all fields of work specifically banking, insurance, manufacturing, retail, logistics and so on. Its application in medical diagnosis, robots, remote sensing, etc. is a high state of the art. AI as a subject includes the use of computer science, mathematics, statistics and domain expertise.

AI provides greater precision and accuracy on detection and prediction, Robots trained on AI can be used to do the works which are difficult for us. AI has created newer technological breakthroughs in our life, Fraudulent activities such as credit card transactions have become easier with AI technologies. AI can be used in time-consuming tasks and it can save a lot of time by becoming more efficient.

#### Contents of FDP

#### **ABOUT BSIOTR**

JSPM's Bhisambai Sawant Institute of Technology and Research, Pune established in 2009, is involved in practicing various teaching learning methodologies of excellence to deliver quality engineering education to students from all corners of India. The Institute is located in Wagholi in lush green and well maintained campus which is surrounded by industries and IT companies. The Institute provides environment for the development of individual skills and personality development. The institute offers Under Graduate courses in Electrical Engineering, Computer Engineering, Information Technology, Electronics & Telecommunication, Mechanical Engineering. The core strength of this institute is highly qualified, dedicated & experienced faculty, well equipped laboratories and state of art infrastructure.

#### **ABOUT DEPARTMENT OF ELECTRONICS & TELECOMMUNICATION ENGINEERING**

The course leading to a Bachelor's Degree in Electronics & Telecommunication Engineering affiliated to SPPU was started in the year 2009-10 with intake of 60 seats. The department has started Post Graduate Program (VLSI-Embedded) from July 2012. The Department of Electronics and Telecommunication is one of the principle academic movers at BSIOTR, which facilitates students to specialize in the field of telecommunication. The main objective of the department is to impart strong background of theory and practical in Radio and Light wave communication including satellite, wireless and Optical Communication Systems etc. The course offered is well known for its applied nature including state-of-the-art laboratory equipment's and computable academic work. The course focuses on the

communication systems, electronic control systems, Digital systems, VLSI Design, DSP, DfP, Microcontroller systems, Satellite Communication, Computer Network Communication networks.

#### **ABOUT STTP ON "DIGITAL SKILL DEVELOPMENT FOR PROFESSIONALS"**

Tech companies, and indeed all organizations in the digital economy, are coming to realize that digital skills are vital for employees in the digital era. It is more important than ever that new employees are cross-disciplined and have both hard and soft skills. Whatever the specific job students are interviewing for, recruiters will be looking out for a wider skill set and broader experience in their new hires. In this connection faculty/ Industry professionals needs to develop their digital skills in technical and academic field. This STTP gives focus on various areas where Digital Skills required for professionals as listed below: Very renowned resource persons from IIT's, NIT's and Industries are invited for this training Program. We are appealing you to get benefited by attending this STTP.

#### **CONTENTS**

**IOT and Medical Fields**

## ABOUT KJCOEMR

KJCOEMR was established in the year 2009. Shri Kayan Jadhav the pioneer and builder of this vast realm firmly believe that education alone can make a difference to the nation. His vision has augmented the growth of the institute and it has gained recognition in all Strata of society. We offer four year full time degree course in 'Bachelor of Engineering' with specialization in Electronic sand Telecommunication, Civil, Computer, Electrical, and Mechanical Engineering and four post graduate courses in Computer Engineering, Computer Networks, Structural Engineering, and Design Engineering. The college is under Academic Mentorship of COEP and accredited by NAAC. The college is approved by AICTE, DTE, Govt. of Maharashtra and is affiliated to Savitribai Phule Pune University, Pune. KJCOEMR.

## ABOUT DEPARTMENT

The department of Electronics and Telecommunication came into existence in 2010 by the approval of All India Council of Technical Education (AICTE). Department of Electronics & Telecommunication has maintained pace with the cutting edge technology through research, tie up with the industries, updated laborites etc. Our Department is equipped with outstanding infrastructure and boasts of a unit of learned and dedicated faculty members who work with zeal and enthusiasm to provide a vibrant and optimum learning environment to the students and help them acquire the skills which are required to excel in today's competitive environment.

## ABOUT STTP

- This STTP is open for all faculty members, Industry Persons and Research Scholars of Engineering in the area of data Analytics, machine Learning and related technology.
- Online Registration is Mandatory to participate in STTP.
- E-Certificate will be provided to all participants with Min. 60% attendance after filling Feedback form.
- Daily two Sessions will be conducted online mode through Google Meet.

## About the Institution

TSSM's Bhivarabai Sawant College of Engineering and Research (BSCOER) has been established in the year 2010 under the banner of The Shetkari Shikshan Mandal Sangli, Pune and the sister concern of Jayawant Shikshan Prasthali Mandal (JSPM), Pune. It is approved by All India Council for Technical Education (AICTE), New Delhi, recognized by Government of Maharashtra (Directorate of Technical Education, DTE) and affiliated to Savitribai Phule Pune University. Presently the Institute is offering five undergraduate courses; five post graduate courses and a Ph. D. program in Civil Engineering along with four diploma level courses. The Institute has highly qualified and experienced faculties. The Institute has well equipped modern laboratories with the state of the art infrastructure. The College is located in Pune, the cultural capital of Maharashtra and fast growing educational, industrial and software hub of India.

## About the Department

The Department of E & TC Engineering has been established in the year 2010 with a sanctioned intake of 40 students. The post graduate program in Signal Processing was started with a sanctioned intake of 24 in 2012. The faculty is highly qualified, dynamic and experienced. The department has equipped with technical enhanced laboratories like e-Yantra, IoT and ML, VLSI and Signal Processing Lab. The department is consistently achieving good academic results. The department has strong research groups in wireless communication, VLSI Design and Embedded Systems. The department has a good academic culture and conducive working environment for teaching, learning, research and development. Department is constantly taking efforts for the co-curricular & extra-curricular activities.

## Content of the FDP

### Inauguration Ceremony

Day: Monday | Date : 17 /07/2023

Time : 10 AM

Venue: Seminar Hall, E & TC Department

Session Time: 10:00 AM - 5:00 PM

### Day 1 : Monday 17/07/2023

Morning | 10:00 AM-1:00 PM

Introduction to Recent trends in CMOS design technology and design flow.

Afternoon | 2:00 AM-5:00 PM

CMOS circuits using stick diagrams, Transistor level design

### Day 2 : Tuesday 18/07/2023

Morning | 10:00 AM-1:00 PM

Hands on session using SPICE, netlist simulation software tools.

Afternoon | 2:00 AM-5:00 PM

Design of Analog circuits using dck diagrams, Rise time, gates, current mirror, etc. CMOS circuit design and optimization.

### Day 3 : Wednesday 19/07/2023

Morning | 10:00 AM-1:00 PM

Introduction to FinFET Technology.

Afternoon | 2:00 AM-5:00 PM

Introduction to Veril Designing With VHDL

### Day 4 : Thursday 20/07/2023

Morning | 10:00 AM-1:00 PM

VHDL - language elements, entities, architecture, configuration and library. Interfacing Usb to Xilinx Sata Xilinx design flow.

Introduction to the Hardware (MATHS-3 Board).

Afternoon | 2:00 AM-5:00 PM

Practical session using schematic & layout concepts and experimentation.

### Day 5 : Friday 21/07/2023

Morning | 10:00 AM-1:00 PM

Dumping of several basic codes in FPGA Hardware.

Afternoon | 2:00 AM-5:00 PM

Hands on with basic examples using FPGA platform - practical session, Feedback and Q/A session.

## About FDP

This workshop has an emphasis to provide a platform for interaction and to discuss recent advances, new paradigms, technological trends and challenges in the field of CMOS design and fabrication. Also this workshop provides an excellent opportunity to exchange ideas on the topics of importance along with thought provoking technical sessions like IC designs and EDA tools, and Hands on experience on Microwind by eminent industrial speakers, which will cover all practical exposure of VLSI Design. The participants will have an exposure to CMOS Design and Technology, Circuit Design, Simulation and Layout Design by Industry expert in the domain of VLSI Design.

## Objectives of training program are closely linked to the subject of innovation

- Exposure to VLSI/ASIC Design.
- A develop effective HDL Codes for digital Design
- Design trends for Ultra deep submicron technologies.
- Hands on VLSI Front end design tools.
- To study the CMOS VLSI Design Issues.
- Introduction and Hands-on for FinFET and Nonosheet FET Technology.

## Who can attend

- Teaching Faculty Members from AICTE approved institute from all disciplines.
- Research Scholars
- Industry Personnel

***Certificate will be issued after attending all session & submitting assignment.***

FDP is only for 40 Participants  
( First Come First Serve)

## ABOUT JSPM

Jayawant Shikshan Prasarak Mandal (JSPM) is established in 1998 with the objective of creating center of excellence for education in the field of Engineering, Medical, Pharmacy, Management etc. JSPM Group of Institutes has been successful in establishing Best Engineering, MBA, MCA, high Pharmacy colleges and Schools, spread across six campuses in Pune. JSPM imparts quality education through right curriculum and innovative teaching methodologies at all its campuses, JSPM Group of Institutes has evolved from single institute to 75+ institutes, spread in the vicinity of Pune. JSPM provides students a vibrant academic experience that adheres to stringent international quality standards, imbibes life skills among its students, and prepares them to take up competitive careers and to be successful in life.

## ABOUT THE INSTITUTE

JSPM's Bhivarabai Sawant Institute of Technology and Research established in 2009, believes in practicing various student centric teaching learning methodologies to impart quality engineering education to students. The Institute has been approved by the All India Council for Technical Education (AICTE), New Delhi and affiliated to SPPU Pune. The institute has been accredited by NAAC and three programs are accredited by NBA. The Institute is located in Wagholi in lush green and well maintained campus which is surrounded by industries and IT companies to provide an opportunity for more Industry-Institute-Interaction. The Institute provides conducive environment for the holistic development of individual skills and personality development.

## INSTITUTE VISION

Satisfy the aspirations of youth force, who want to lead nation towards prosperity through techno-economic development.

## INSTITUTE MISSION

To provide, nurture and maintain an environment of high academic excellence, research and entrepreneurship for all aspiring students, which will prepare them to face global challenges maintaining high ethical and moral standards.

## ABOUT THE DEPARTMENT

The department is accredited by NBA. The department has 60 intake (UG level) and 24 (PG Level) with aim to provide students the lifelong learning and leadership skills that enable them to grow in their professions and advance in positions of responsibility by effective Industry-Institute Interaction. The department has well equipped state of the art labs with modern infrastructure and ICT enabled facilities. The department has well experienced faculty.

## DEPARTMENT VISION

To emerge as a department of repute compatible to the changing needs of society at large.

## DEPARTMENT MISSION

**MI:** To cultivate creativity and innovativeness in teaching learning process for developing competent professionals.

**M2:** To equip graduating students with skill sets to meet current and future demands of industry, academia and society through well designed curriculum.

## PROGRAM EDUCATIONAL OBJECTIVE (PEO'S)

**PEO-1:** Ability to pursue professional career.

**PEO-2:** An ability to adopt rapid changes in core & allied domain of E&TC Engineering fulfilling industrial & societal needs.

**PEO-3:** An ability to deal with societal problems ethically delivering sustainable solution.

## WORKSHOP OBJECTIVE

1. To learn Wireless technologies and study the basics of wireless, cellular technology, working of Mobile IP, ad hoc network, features of mobile operating systems.
2. To understand the use of M-Commerce application.

## COURSE CONTENTS

- Mobile Communication Technologies
- Multiplexing
- Spread spectrum
- GSM architecture
- Generations of Mobile Communication Technologies
- Handover
- GPRS architecture
- 5G architecture
- Ad-Hoc Networking
- Transport Layer
- Mobile IP
- Fading Channels
- Mobile OS
- Recent trends in Telecommunication Industries
- Computational Intelligence in Mobile Computing

**Duration : 22/02/2021 to 27/02/2021**

*Introduction:*

*Tech companies, and indeed all organizations in the digital economy, are coming to realize that digital skills are vital for employees in the digital era. It is more important than ever that new employees are cross-disciplined and have both hard and soft skills. Whatever the specific job students are interviewing for, recruiters will be looking out for a wider skill set and broader experience in their new hires. In this connection faculty/ Industry professionals needs to develop their digital skills in technical and academic field. This STTP gives focus on various areas where Digital Skills required for professionals. Very renowned resource persons from IIT's, NIT's and Industries are invited for this training Program*

DAY 3/Time	<b>Date 24/02/2020</b>	Topic
10.00am to 12.00pm	Name of Industry Expert: Dr. Badri N. Subudhi, IIT, Jammu	Convolutional Neural Network
DAY 3/Time	<b>Date 24/02/2020</b>	
1.00 pm to 3.00 pm	Name of Industry Expert: Dr. R.S. Deshpande, Principal, ICOER, Pune	Digital Skills in Wireless Sensor Network

3.00 pm to 5.00 pm	Name of Industry Expert: Dr. Ashwini M. Deshpande, Professor, Cummins College of Engg. for Women, Pune	Digital Content Development
<b>Session I: Session Objectives</b>		
By attending the session attendees will be able following:		
1	To Understand fundamentals of Neural Network.	
2	Convolutional Neural Network (CNN)	
3	Surveillance, Detection and Tracking	
4	Navigating Deep underwater for Visual Surveillance	

### **Session I: Convolutional Neural Network (CNN)**

**Convolutional Neural Network (CNN)** — The advancements in Computer Vision with Deep Learning has been constructed and perfected with time, primarily over one particular algorithm. A **Convolutional Neural Network (ConvNet/CNN)** is a Deep Learning algorithm which can take in an input image, assign importance (learnable weights and biases) to various aspects/objects in the image and be able to differentiate one from the other.

**Underwater surveillance** is a new emerging technology as a promising field of research in recent years. The potential applications include marine investigation, ocean exploration etc. Submarine navigation underwater requires special skills and technologies not needed by surface ships. The challenges of underwater navigation have become more important as submarines spend more time underwater, travelling greater distances and at higher speed. Military submarines travel underwater in an environment of total darkness with neither windows nor lights. Operating in stealth mode, they cannot use their active sonar systems to ping ahead for underwater hazards such as undersea mountains, drilling rigs or other submarines.

Dr. Badri N. Subudhi sir started the first session of Day 3 with the brief introduction about CNN and Surveillance and explained his research work in detail with many examples

## Outcome of this Session;

Dr. Badri N. Subudhi session was an interactive discussion session to answer queries of participants and to provide more insights in CNN with respect to Deep learning and artificial intelligence as well. All participants were very eager to know more about his research work in Navigating Deep underwater for Visual Surveillance. It is useful to upgrade the knowledge about the latest technology. Resource person explained every concept clearly with simple examples.

## Vote of Thanks:

Participants appreciated chairperson and STTP coordinator for organizing CNN session in AICTE funded STTP. Session ends with Vote of thanks, which is delivered by Dr. Yogesh S.Angal, STTP Coordinator.

DAY 3/Time	<b>Date 24/02/2020</b>	
1.00 pm to 3.00 pm	Name of Industry Expert: Dr. R.S. Deshpande, Principal, ICOER, Pune.	Digital Skills in Wireless Sensor Network
<b>Session II: Session Objectives</b>		
By attending the session attendees will be able following:		
1.	To Understand fundamentals of Wireless Sensor Networks	
2.	Importance of WSN	
3.	Digital skills required for WSN	
4.	Applications of WSN	

**Session II:** Digital Skills in Wireless Sensor Network

Wireless sensor network (WSN) refers to a group of spatially dispersed and dedicated sensors for monitoring and recording the physical conditions of the environment and organizing the collected data at a central location. WSNs measure environmental conditions like temperature, sound, pollution levels, humidity, wind, and so on.

These are similar to wireless ad hoc networks in the sense that they rely on wireless connectivity and spontaneous formation of networks so that sensor data can be transported wirelessly. WSNs are spatially distributed autonomous sensors to monitor physical or environmental conditions, such as temperature, sound, pressure, etc. and to cooperatively pass their data through the network to a main location. The more modern networks are bi-directional, both collecting data from distributed sensors and enabling control of sensor activity.

The WSN is built of "nodes" – from a few to several hundreds or even thousands, where each node is connected to one (or sometimes several) sensors. Each such sensor network node has typically several parts: a radio transceiver with an internal antenna or connection to an external antenna, a microcontroller, an electronic circuit for interfacing with the sensors and an energy source,

Dr. R.S. Deshpande sir started the session with the introduction of Wireless Sensor Network (WSN) and Mobile Ad-hoc Network (MANET). He explained about its features, Design Challenges, Operational Challenges and applications of WSN. He explained about the research work and its results.

## Introduction

- Wireless networks, based on the capabilities of the nodes forming network, multihop network can be classified in Wireless Mesh Network, Wireless Sensor Network (WSN) and Mobile Ad-hoc Network (MANET).
- A wireless sensor network (WSN) is a wireless network consisting of spatially distributed autonomous devices using sensors to cooperatively monitor physical or environmental conditions, such as temperature, sound, vibration, pressure, motion or pollutants, at different locations. (Source Wikipedia)
- In WSN the sensor nodes process gather information locally and communicate with the sink for further processing using wireless transmission for communication.
- Formed by hundreds or thousands of nodes that communicate with each other and pass data along from one to another.

Photo 1: Introduction of WSN and MANET

## Features of Wireless Sensor Networks

- A very large number of nodes, often in the order of thousands.
- Asymmetric flow of information, from the observers or sensor nodes to a command node i.e. base station.
- Communications are triggered by queries or events.
- At each node there is a limited amount of energy which in many applications is impossible to replace or recharge.
- Almost static topology.
- Low cost, size, and weight per node.
- Prone to failures.
- More use of broadcast communications instead of point-to-point.
- Nodes do not have a global ID such as an IP number.

Photo 2: Features of WSN

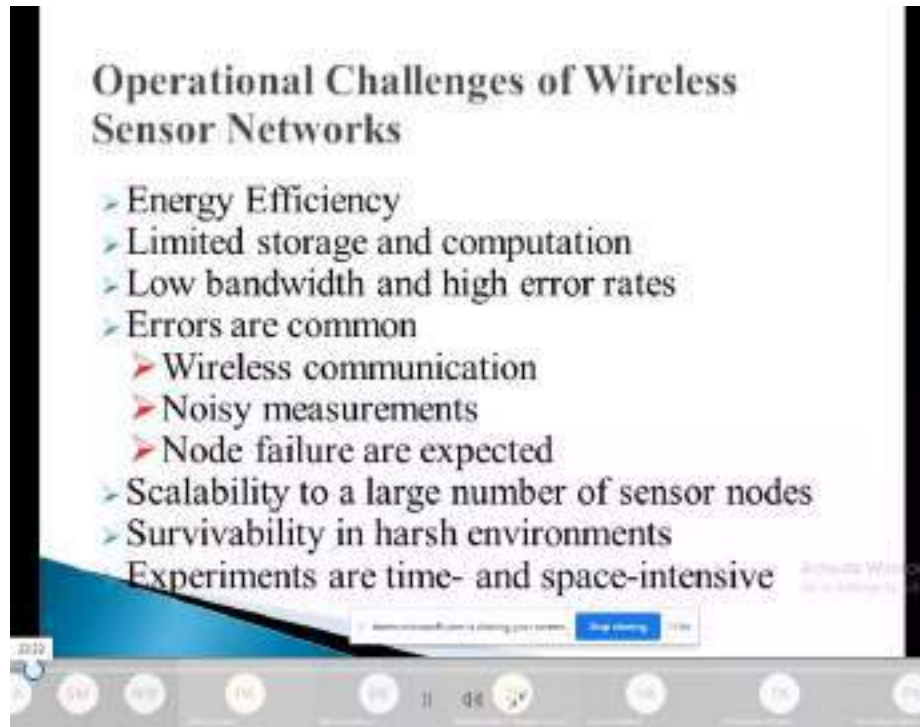

Photo 3: Operational Challenges

Photo 4: Applications of WSN

Photo 5: Applications of WSN

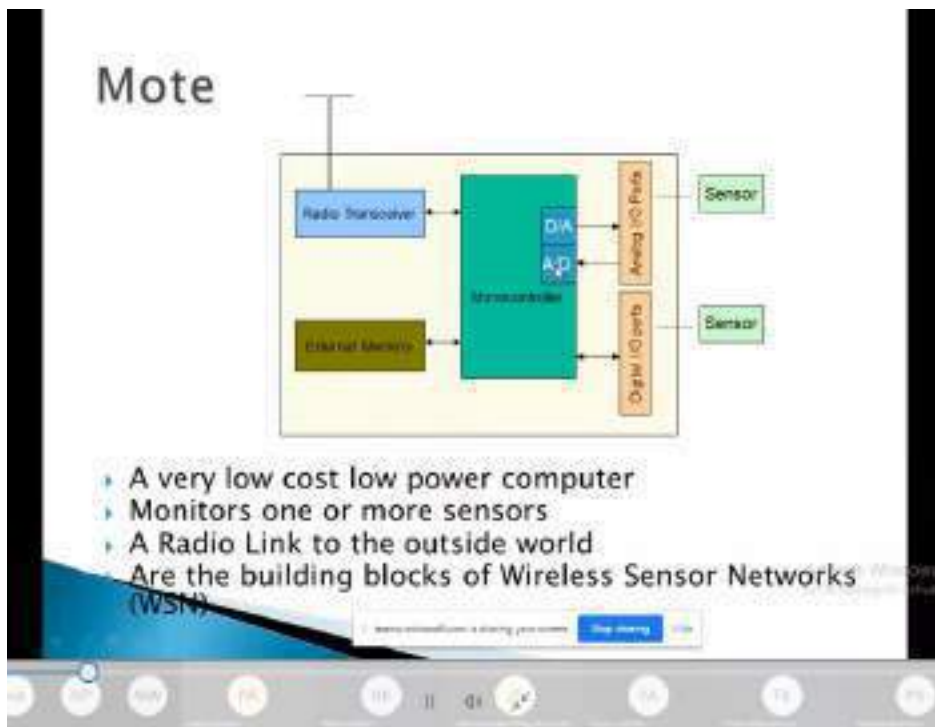

Photo 6: Building Blocks of WSN

## Attacks on Multi hop Routing in WSN

- Denial of Service: Denial of Service (DoS) is produced by the unintentional failure of nodes or malicious action. DoS attack is meant not only for the adversary's attempt to subvert, disrupt, or destroy a network, but also for any event that diminishes a network's capability to provide a service. In wireless sensor networks, several types of DoS attacks in different layers might be performed.

- Rushier on demand routing protocol. An attacker that can forward RREQ more quickly can increase the probability that routes that include adversary node will be discovered instead of the valid route.

Photo 7: Routing in WSN

## Motivation for the Research

- Enhancing the target tracking accuracy in RSSI based system to the scale of few centimetres is a hot research topic in WSN. The existing RSSI based target tracking systems generally suffer from low tracking accuracy due to *signal propagation issues such as reflection, refraction, multipath propagation, and NLOS*.
- Apart from this the issues such as abrupt variations in target velocity during CV and CA motion and non-availability of all RSSI measurements make RSSI based target tracking highly challenging.
- Thus the RSSI based target tracking system must be efficient and robust to deal with such a high environmental dynamicity (availability of limited RSSI measurements due to signal propagation issues) and uncertain system dynamics (abrupt variations in target velocity during its motion) to meet the demand of real-time indoor and outdoor applications.*

Photo 9: Discussed about research work results

## Outcome of this Session;

Dr. R.S. Deshpande session was an interactive discussion session to answer queries of participants and to provide more insights in WSN with respect to various networks and MANET as well. All participants were very eager to know more about the research work in WSN. It is useful to upgrade the knowledge about the latest technology. Resource person explained every concept clearly with simple examples.

## Vote of Thanks:

Participants appreciated chairperson and STTP coordinator for organizing WSN session in AICTE funded STTP. Session ends with Vote of thanks, which was delivered by Dr. Yogesh S.Angal, STTP Coordinator.

DAY 3/Time	<b>Date 24/02/2020</b>	
3.00 pm to 5.00 pm	Name of Industry Expert: Dr. Ashwini M. Deshpande, Professor, Cummins College of Engg. for Women, Pune	Digital Content Development

By attending the session attendees will be able following:		
1.	To Understand fundamentals in digital content development	
2.	Types of digital/e-contents	
3.	Various tools for digital content creation	
4.	Plan and Prepare e-content	

### **Session III: Digital Content Development**

Content development is the process of creating content, for example, for a website from start to finish. Content development is interchangeable with content marketing. Web content can be anything from blog posts to info graphics to videos. However, an effective content development strategy is much more than just writing.

Content development includes:

1. Strategy
2. Writing
3. Optimization (SEO)
4. Publishing
5. Promotion

.To develop a good content is hard work, but the benefits of content marketing are undeniable.

#### **Seven-step process for content development.**

1. Gather Information
2. Blog Topic Analysis
3. Strategize
4. Write
5. Optimize & Publish
6. Promote
7. Review & Repeat

Dr. Ashwini M. Deshpande mam started her session with the agenda of developing digital content, explained the types available in digital content development. She explained clearly about the

various tools used for e-content development and discussed how to plan and prepare the digital content with an example.

- ## Types of digital content
- ❑ Audio:
    - ❖ Podcast- An episodic series of digital audio files (just going extempore)
    - ❖ Audiobook- It is a recording of a book or other work being read out loud, e.g., Spotify
  - ❑ Blogs:
    - ❖ Blogs are widely searched, e.g., Google search is all text based
    - ❖ Blogging platforms- blogspot.com, wordpress.com, tumblr.com etc.
  - ❑ E-books: Series of articles stitched together, will be chargeable... can be accessed through reading platforms Kindle
  - ❑ Presentations: e.g., Slideshare
  - ❑ Video

This program was organized under the banner of IETE student forum (ISF)/ Spring Lecture series of department and in association with Indian Patent and Trademarks office Mumbai and R&amp;D cell of BSIOTR and ETSA. We got a huge response (323 Participants) from all over and the event was concluded with grand success. This event has created interest in participants and made them aware of their IP rights.</p> <p>As per the tradition the program started with remembrance of Goddess Saraswati. HOD(E&amp;TC), Dr.Y.S.Angal Vice Chairman IETE Pune Centre, welcomed Chief Guest, all the dignitaries, Guest, Invitees and participants and</p>

also elaborated about the objective of the program. He has given the brief overview of the activities that are carried out in the department. This Event is conducted by Electronics and Telecommunication department on Webex meeting Application. Chief Guest Dr R.D. Kharadkar. Chairman IETE Pune section congratulated the ISF for this initiative, Department and the Institute for organizing such informative and need of the hour program on IPR awareness. In his talk he shared about the strength of IETE forum and discussed about various activities carried out through IETE Pune section.

Mr. Prateek Hendre Chief guest and speaker then enlighten the detail process and importance of IP rights for any individual in India. He also showed through his wonderful ppts about the procedure to file a IP right as Trade mark, copyright or Patent. He explained in detail about different formats, cost and the time required for registering the IP rights. Thus, he shared a good knowledge with participants and made them aware about it. His session was simply marvelous and highly appreciated by participants.

Our Principal Dr. T. K. Nagaraj appreciated and congratulated Dr. Angal and the department for organizing such wonderful, knowledge sharing program.

The program has been concluded sharp at 4.30pm and the objective of the program has been achieved and is validated through feedback of participants at the time of valedictory function.

### POSITION MEASUREMENT USING ULTRASONIC SENSOR

Distance between the transmitter and the object can be calculated by simple calculation by considering the time taken by the ultrasonic wave to travel from transmitter and received back.

**Speed of sound**

$$\text{speed} = \text{distance} / \text{time}$$

$$\text{time} = \text{distance} / \text{speed}$$

$$\text{time} = \frac{2d}{343} = 2d / 343$$

$$\text{distance} = \frac{\text{speed} \times \text{time}}{2}$$

$$\text{distance} = \frac{343 \times 2d}{2}$$

### PHOTO TRANSISTOR

Both the photoresistor and phototransistor are used for converting the energy of light to electrical.

However, the phototransistor is more sensitive & cost-effective to the photoresistor due to the utilization of the transistor.

The transistor changes the base current which comes due to light absorption & therefore the large output current can be gained through the collector terminal of the transistor.

### INTRODUCTION

If the objects are placed in stacked form, or they are multiple in quantities reading them on by one is not a good idea.

Also if the objects are sealed packages then removing them for scanning is also not an efficient way of identification.

		<p><b>Yogesh S. Angal</b> has completed his B.E. (Instrumentation), M.E. (Instrumentation) and Ph.D (Instrumentation). He has Completed Graduation, PG. and Ph.D in June 1996, July 2002 and March 2013 respectively from Shri Guru Gobind Singhji (S.G.G.S) Institute of Engineering and Technology, Vishnupuri, Nanded. His research topic of Ph.D. studies was "Speech Recognition: Study of Some Aspects and Developments of Algorithms" under the Guidance of Dr.R.H.Chile and Dr. R. S. Holambe.</p>
<p>1</p>		<p>His areas of Interest includes Digital Signal Processing, Speech Processing, Mechatronics, IOT, Automation and Control Systems. He has published around 81 papers in various National and International Conferences and Journals. Google Citation Index : 93, H-Index-7, I10- Index-4. He had attended more than 70 Workshops, FDP's, STTP's, AICTE Funded Seminars.</p> <p>He had represented SPPU at State Level in AVISHKAR-2012. He is Involved in AVISHKAR activity of SPPU since last 10 Years and also working as Academic and Research Coordinator of the Institute.</p> <p>He had received grants of about Rs. 20 Lakhs for R&amp;D, Seminars and Workshop from AICTE, Savitribai Phule Pune University and other funding agencies till date. He is Co-author of 3 books of Mechatronics. He is invited as resource person around 56 places all around in India.</p> <p>He is a Chartered Engineer (Institute of Engineers, India), Member of Institute of Engineers (India), Life Member of Instrument Society of India. He is Vice Chairman of IETE Pune Center. He Worked as Coordinator/ Convener for various State Level and National Level Workshops and Conferences. He worked as a resource person and Session Chair for various State Level, National and International Level Seminars, Workshops and Conferences and Faculty Development Programs(FDP's) . He is presently working as Professor and Head of Electronics and Telecommunication Engineering Department and Dean R&amp;D at JSPM's Bhivarabai Sawant Institute of Technology and Research, Wagholi, Pune - 412 207. He is elected as member Board of Studies (BoS) faculty of Science and Technology in Instrumentation Engineering of Savitribai Phule Pune University, Pune from 23/1/2018. He is also working as EC member and Vice Chairman of IETE Pune Centre.</p> <p>He is recognized Ph.D Guide in Electronics and Telecommunication Engineering of Savitribai Phule Pune University, Pune.</p>
		<p><b>Mr. Arvind P. Meshram</b> graduated from Manoharbai Patel Institute of Technology, Gondia, Nagpur University Nagpur in Electronics Engineering and Post Graduate from Government College of Engineering, Aurangabad, Dr. Babasaheb Ambedkar University, Aurangabad in Electronics Engineering. Currently pursuing Ph.D. in "Text-to-Speech Synthesizer for Natural Pronunciation Devnagari (Marathi) Language using prosody Model."from Nagpur University, Nagpur</p>
<p>2</p>		<p>Presently he is working as an Associate Professor at Department of Electronics &amp; Telecommunication Engineering,Maratha Vidya Prasarak Samaj's KBT College of Engineering, Nashik (Maharashtra) since 2007. He had an experience of One Year at IT Zone, MSEB Nashik and 23 Years of Teaching Experience Since 1999 He had a Membership of Professional Institutions like ISTE (Life Member), IETE, IACSIT. He is a Co-author of two books. He had published 15 Papers and attended 40+ Seminar, Workshop and STTPs. He had worked on various committees at University and College levels. His area of interest are automation, mechatronics and TTS.</p>

3		<p>Dr.Santosh P. Agnihotri Completed BE from Govt. College of Engineering Pune (COEP Pune) in the year 2000 and M.Tech in Instrumentation Engineering SGGGS Nanded in the year 2018 under the field of control system, he has completed PhD from SGGGS Nanded</p> <p>Working as a Head and Associate professor in department of Electronics and Telecommunication Engineering of Gokhale Education Society's R H Sapat College of Engineering Nashik</p> <p>Industrial Automation, Artificial Intelligent, Power Electronics and Mechatronics are few area of interest</p>
4		<p>Dr. Zakee Ahmed completed his PhD and M-Tech from National Institute of Electronics &amp; Information Technology (NIELIT),(erstwhile DOEACC Society), an Autonomous Scientific Society, under the admin of Ministry of Electronics &amp; Information Technology (MoE&amp;IT), Government of India, has Twelve years of experience in Engineering Education, Research and as Industry Project Consultant. His area of expertise is in Wireless Communication, Mechatronics, and IoT. He is presently designated as an Associate professor in the Department of Artificial Intelligence and Data Science, CSMSS Chh Shahu College of Engineering Aurangabad. Previously he was associated with Pune Institute of Computer Technology and Bharati Vidyapeeth Deemed University College of Engineering Pune</p> <p>He has Research Contribution with 18 research papers, one book, and one patent. He is a trained Faculty member from eminent organizations including IITB Mumbai, Wipro Technologies, and National Instruments. He has accomplished 3 Industry consultancy projects. He acted as a resource person for more than 25 FDP/STTP/SPPU orientation programs, for students/faculty/industry personnel at more than 8 Different Engineering Colleges.</p>
5		<p><b>Mr. Rahul Jaywantrao Shimpi</b> is working as an Assistant Professor in Electronics and Telecommunication Engineering at Gokhale Education Society's R H Sapat College of Engineering, Management Studies &amp; Research, Nashik. He has done Master of Engineering (M.E.) in Electronics from Jawaharlal Nehru College of Engineering, Dr.Babasaheb Ambedkar Marathwada University, Aurangabad (MS), India.He has done Bachelor of Engineering in Electronics and Communication Engineering, SSVPS BSD College of Engineering, Dhule, North Maharashtra University, (MS) India. He has teaching experience of 13 years. He has 1 Indian patents on his name</p> <p>He has organized and conducted Hands on trainings on Internet of Things, Arduino, Microcontrollers for the Students and Staff of adjoin colleges. He has received Best Paper Award in International Conference technically sponsored by IEEE &amp; CSI &amp; paper published on IEEE Xplore entitled "Economical Home Automation System utilizing TV Remote (EHAS)". His papers are published in reputed Journals and in International conferences&amp; National conferences.He is reviewer of Journal of The Institution of Engineers (India): Series B (IEIB) (Springer). He has participated in Syllabus setting at SPPU University. His area of interest is in Internet of Things, Wireless Sensor Network, Embedded Systems and</p>

Thursday Day 1-Date 14/07/2022 Session 1: 10.30am to 12.30 Hrs

Resource Person

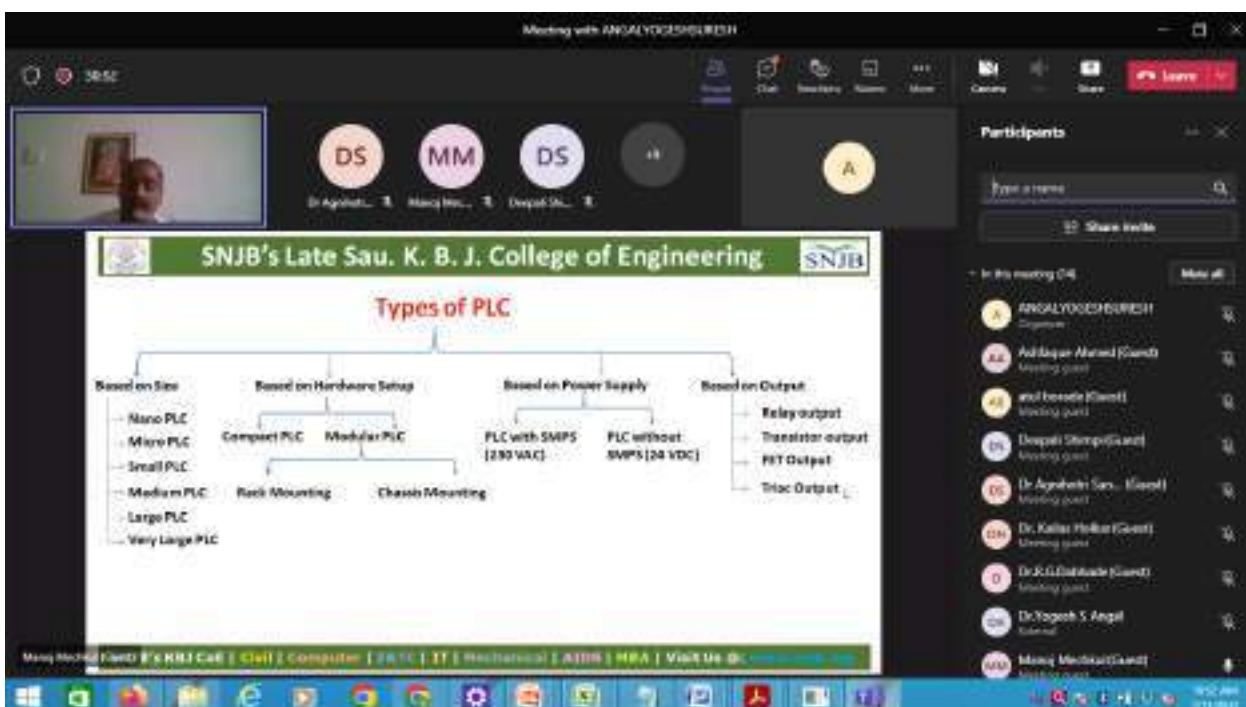

Dr.Y.S. Anjal,  
Prof & HOD(E&TC)  
JSPM's BSIOTR

Covers Following Points:

- CO1: Understand and Recognize Industrial Control Problems

Dr.Y.S.Anjal Covers following Points:

Process control principles, Control System Evaluation, Analog control, Digital control, Architecture of Industrial Automation Systems(Automation Pyramid), Advantages and limitations of Automation, Concept and Need of transmitters, Standardization of signals, Current, Voltage and Pneumatic signal standards, 2-Wire & 3-Wire transmitters, Concept of VFD, Energy conservation schemes through VFD.

Thursday Day 1-Date 14/07/2022 Session 2: 01.30am to 03.30 Hrs

Resource Person

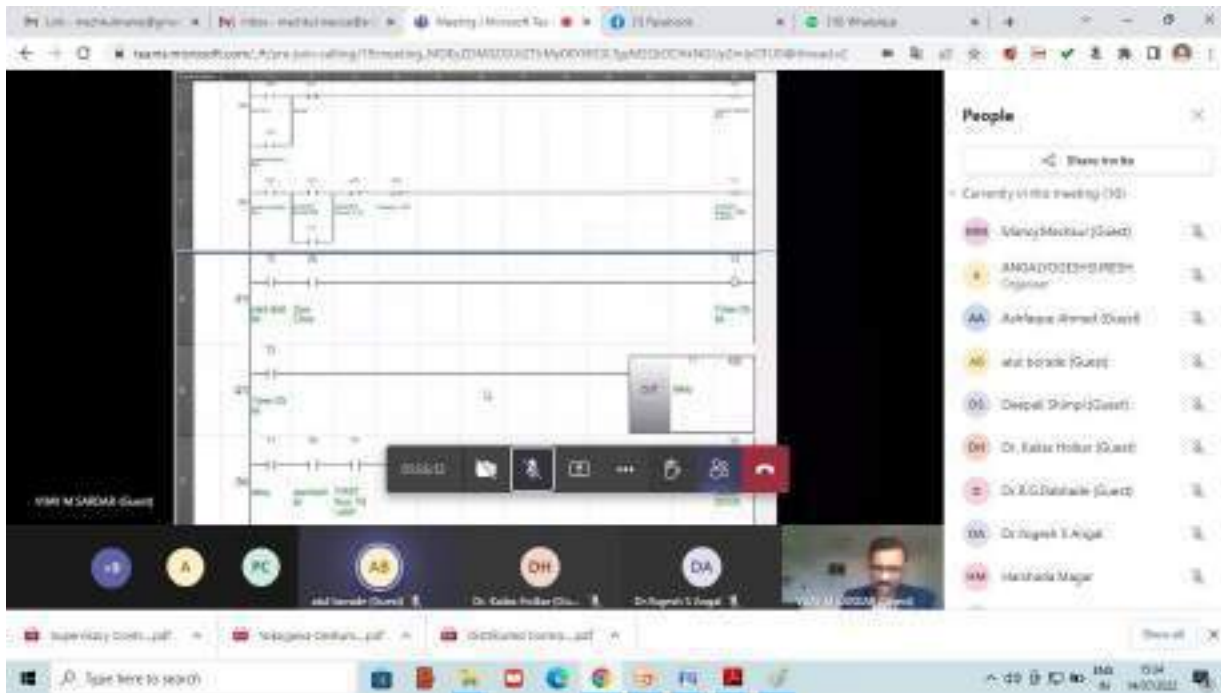

Dr. Vijay M sardar  
Prof (E&TC)  
JSCOE, Hadpaser, Pune

## Unit IV -Supervisory Control and Data Acquisition Systems (SCADA)

### CO-4: Explore and interpret functionality of SCADA

Topic Covered: Concept of SCADA, Architecture of SCADA, Components of SCADA Systems, MTU- functions of MTU, RTU- Functions of RTU, Directly interact with devices such as sensors, valves, pumps, motors, and more through human-machine interface (HMI) software. Working of SCADA, Applications of SCADA in Industrial Automation like Oil and gas, Power etc.

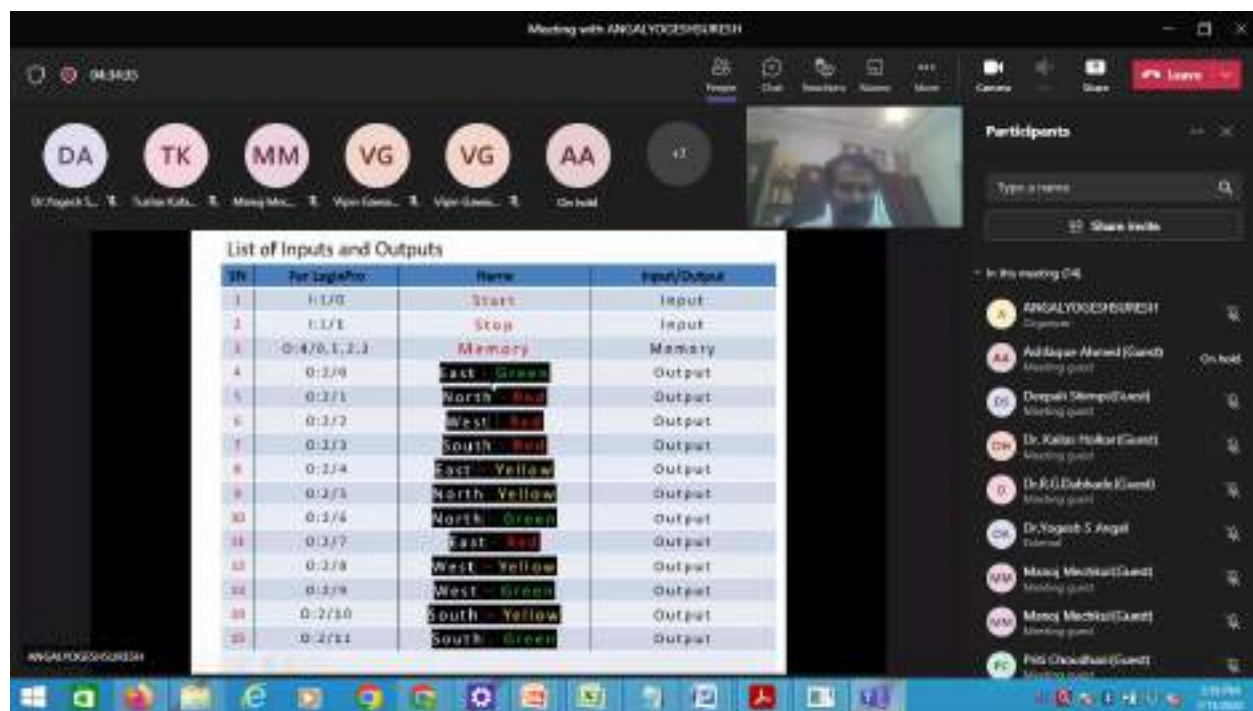

<b>Thursday Day 1-Date 14/07/2022 Session 3: 03.30Pm to 05.30 Hrs</b>	
<b>Resource Person</b>	<b>Dr. Kailas S Holkar</b> <b>K.K.Wagh Institute of Engineering Education and Research, Nashik</b>

**Unit V: Distributed Control Systems(DCS)**

CO-5 Identify and interpret the functionality of DCS.

Discussed following Points

Basic Concept of DCS, History and Hierarchy of DCS, Basic Components of DCS as Operator Station, Control Module, and I/O module , Types of DCS, Need of DCS, Functions of each level, Advantages and Disadvantages, Applications of DCS such as Water Treatment Plant, Comparison of PLC, DCS and SCADA

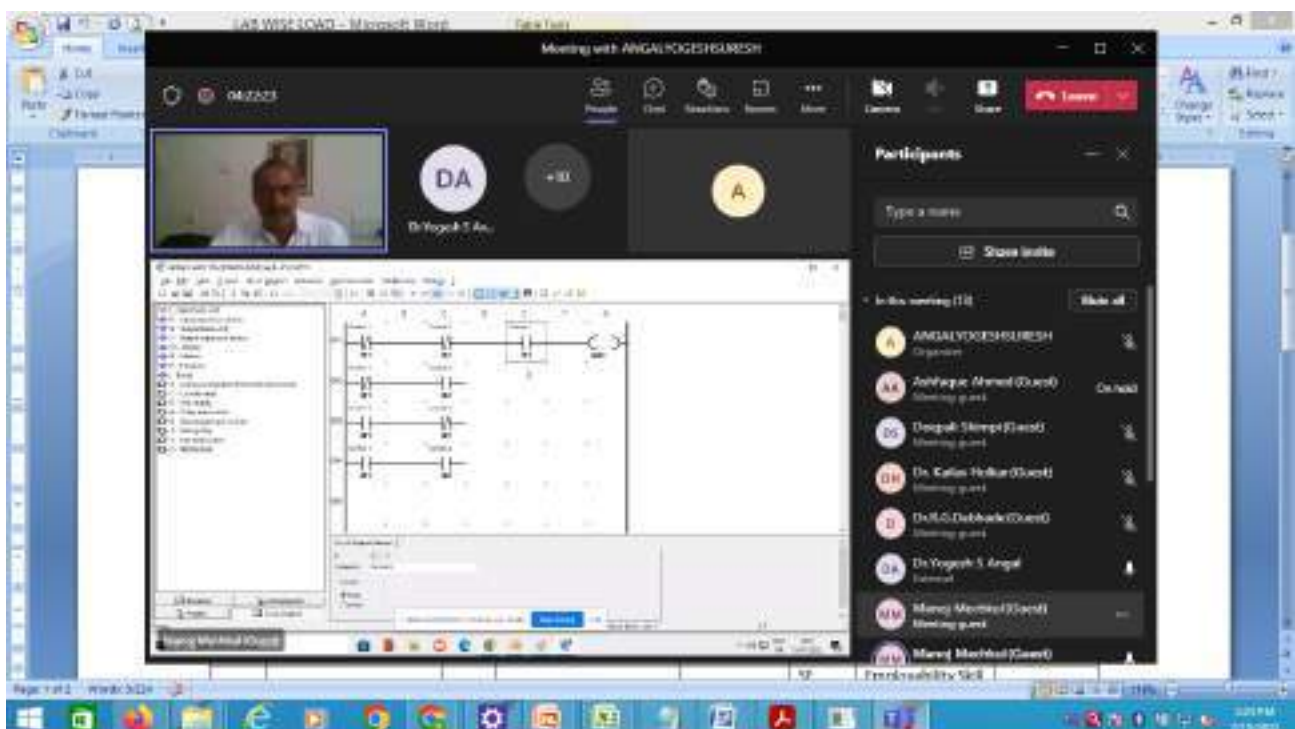

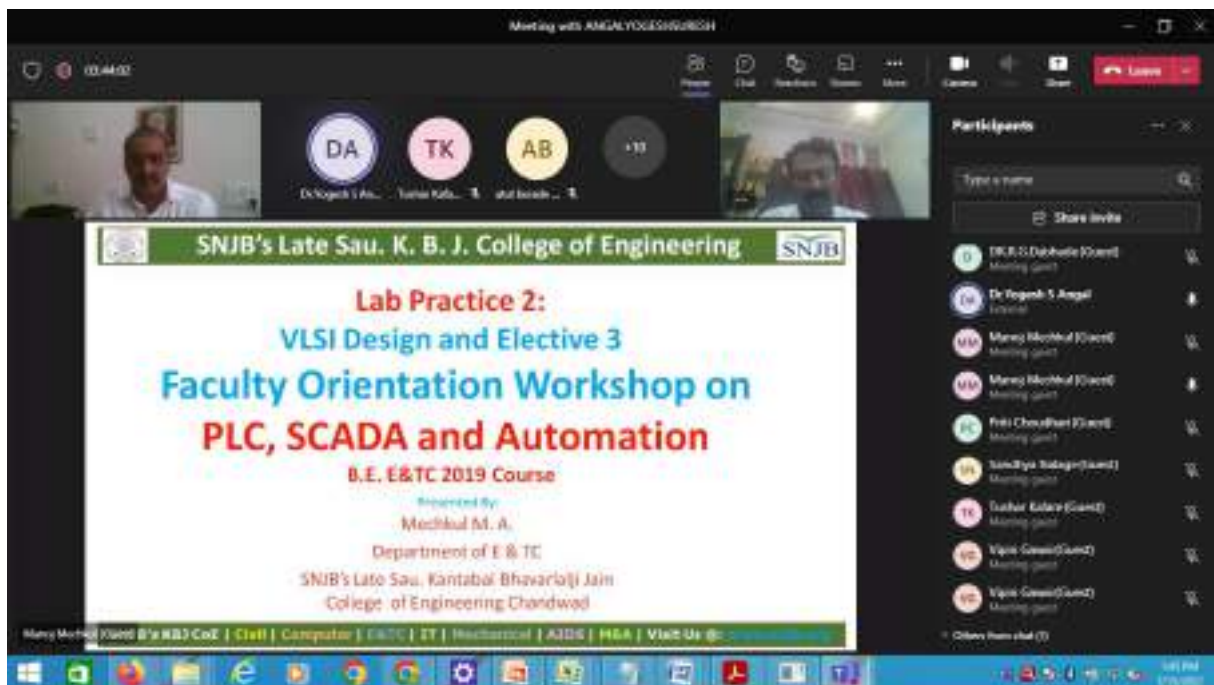

Thursday Day 1-Date 15/07/2022 Session 1: 10.30Pm to 12.30 Hrs

Resource Person

**Unit II : Fundamentals of PLC** (Includes Discussion on Practicals also)  
Prof. Manoj Mechkul  
SNJB's Late Sau Kantilal Bhavarlalaji Jain  
College of Engineering, Chandwad

### CO2: Concept of PLC's and Its Importance in Industrial Automation

Architecture of PLC- Types of PLC's, Applications of PLC's, PC v/s PLC, Different Modules, Power Supply Unit Etc, Need of PLC, Different Types of Sensors- Sinking, Sourcing. Operation and function. Monitoring of Process through Sensors- Connection Details. Analog Addressing, continuous Process Monitoring and Control.

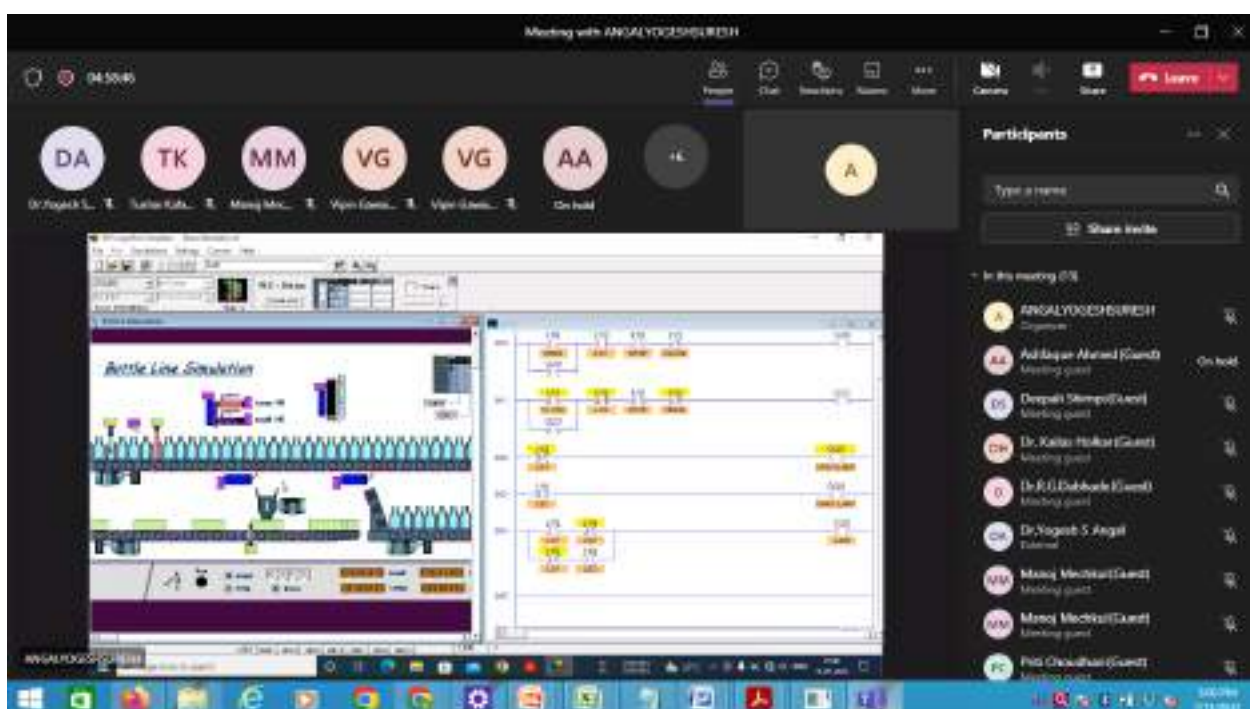

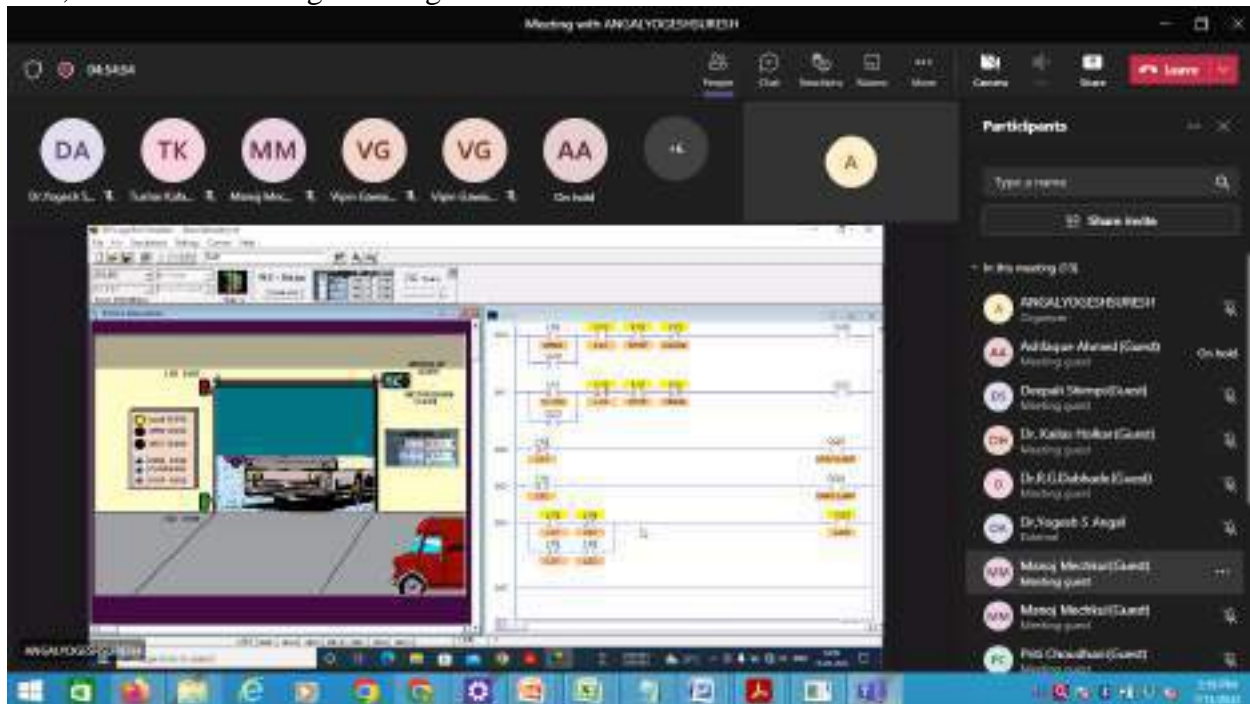

Resource Person

**Unit III- Programming of Programmable Logic Controllers**( Includes Discussion on Practicals also)

Dr.Santosh P. Agnohotri, HOD(E&TC)  
Ghokhale Education Society's,R.H. Sapat  
College of Engineering Management  
Studies and Research, Nashik

**CO-3 Develop Ladder Programming in PLC and PLC Interface in real time applications**

PLC programming, NO/ NC Concept, Ladder diagram: of logic gates, arithmetic instructions, multiplexer, Ladder diagram for different logical conditions or logical equations or truth table. Timers: types of timer, Characteristics, Function of timer in PLC, Classification of a PLC timer, Ladder diagram using timer, PLC counter, Ladder diagram using counter. PLC Programming of Branded PLCs. Concept of P,PI,PD,PID w.r.t. PLC, Data File Handling- Forcing I/O.

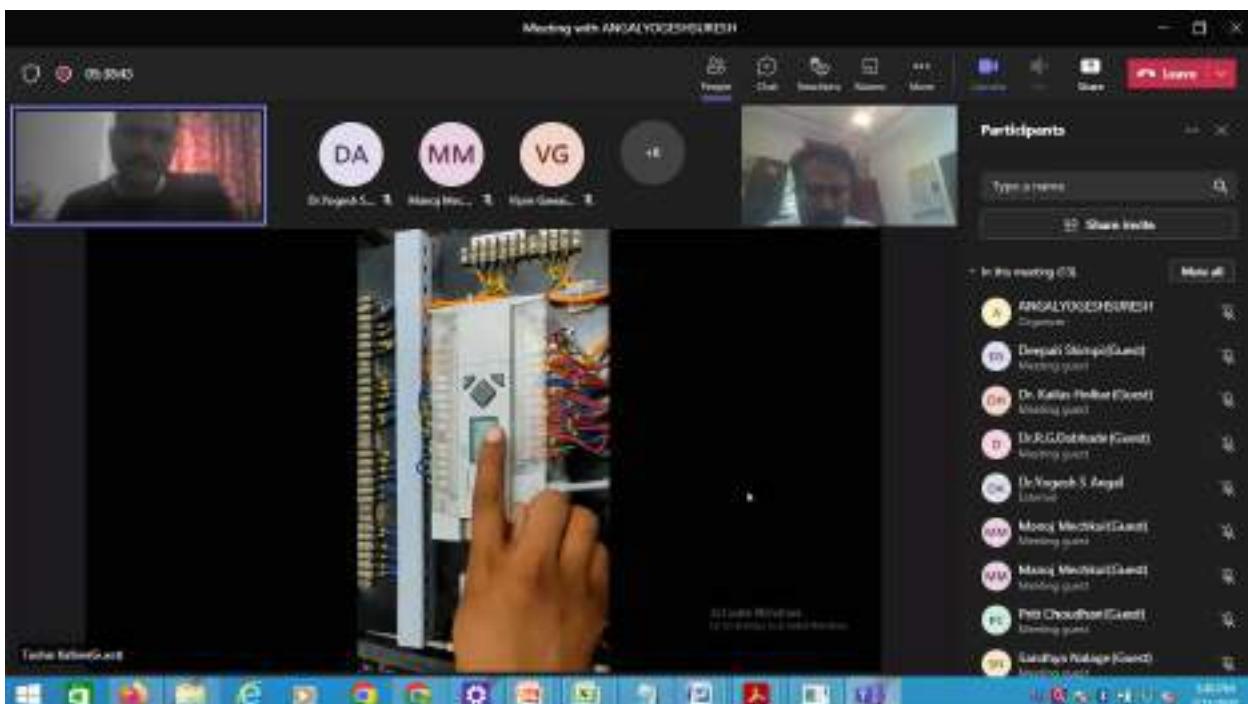

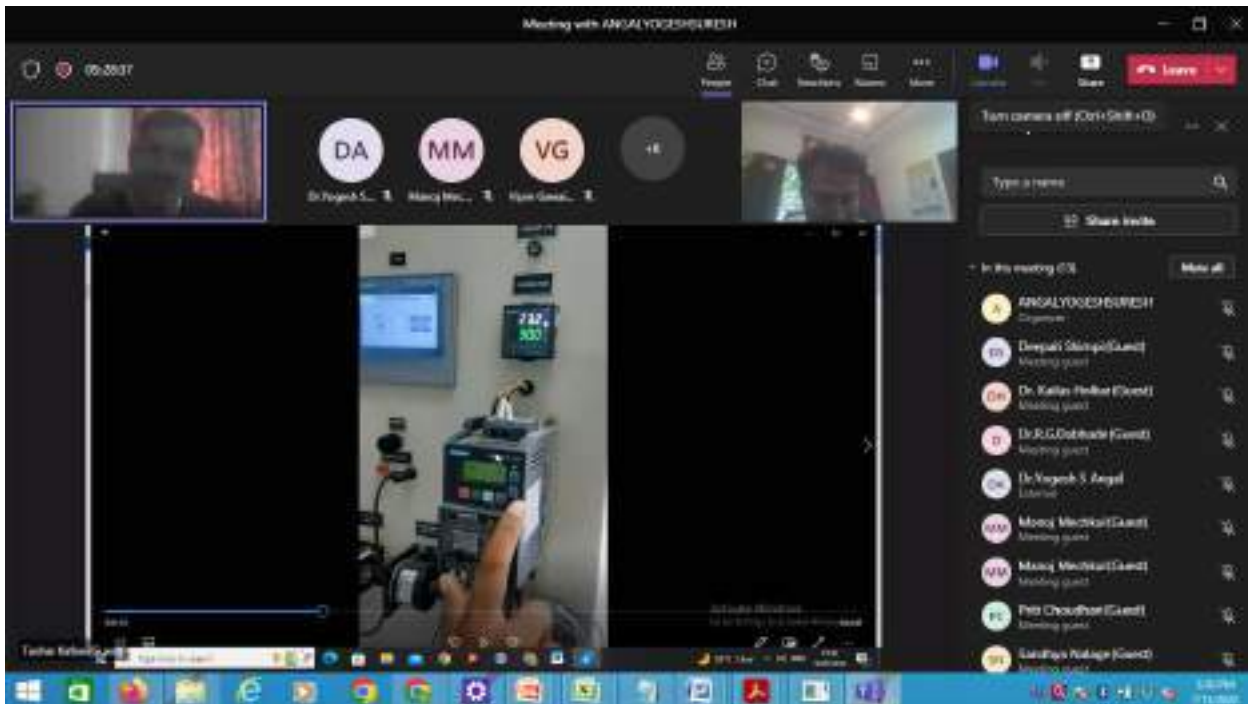

*Thursday Day 2-Date 15/07/2022 Session 3: 3.30Pm to 5.30 Hrs*

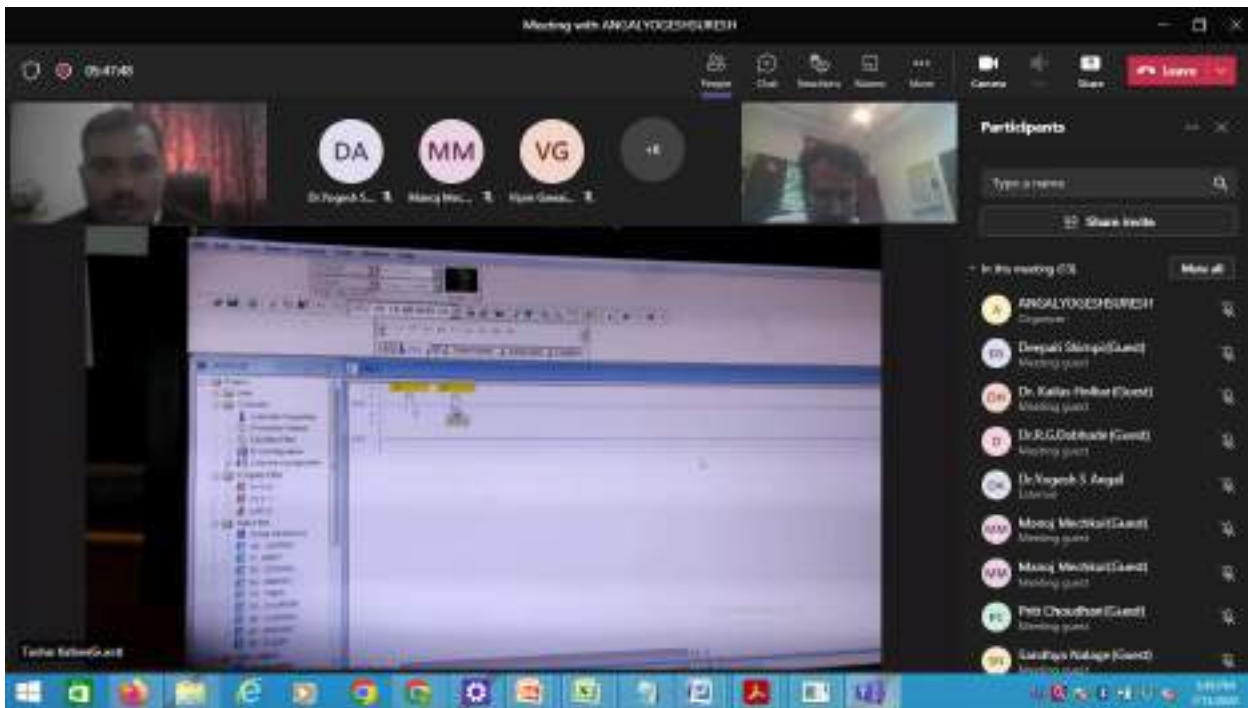

*Resource Person*

**Discussion on Practicals by  
Prof.T.V.Kafare**

JSPM's Bhivarabai Sawant Institute of  
Technology and Research,Wagholi,Pune-412207

Shown Demonstration of Practicals on VFD Interface with PLC, Logical and Algebraic Implementation etc. as per the Syllabus

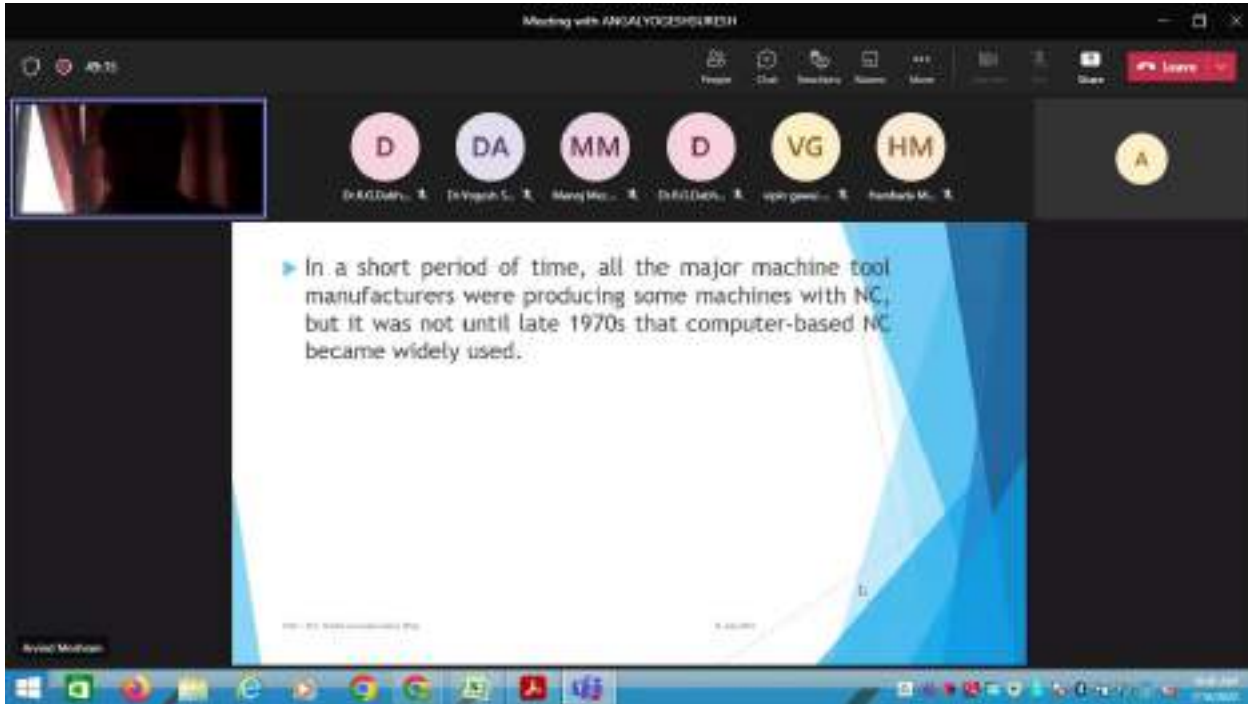

<b>Thursday Day 2-Date 16/07/2022 Session 1: 10.00am to 12.30 Hrs</b>	
<b>Resource Person</b>	<b>VI: CNC Machines and Industrial Protocols</b> <i>Prof. Arvind P. Meshram</i> <i>MVPS's KBTCOE, Nashik</i>

CO6: Define and explain CNC machines and Applications of Industrial Protocols

**Points Covered:**

Introduction of CNC Machines, Basics and need of CNC machines, NC, CNC and DNC (Direct NC) systems, Structure of NC systems, Applications of CNC machines in manufacturing, Advantages of CNC machines. Industrial Communication: Devicenet, Foundation Fieldbus, PROFIBUS, MODBUS, Ethernet, TCP/IP, Concept of Industry 4.0.

Advantages & Disadvantages of CNC machine tools

Some of the dominant advantages of the CNC machines are:

- CNC machines can be used continuously and only need to be switched off for occasional maintenance.
- These machines require less skilled people to operate unlike manual lathes / milling machines etc.
- CNC machines can be updated by improving the software used to drive the machines.
- Training for the use of CNC machines can be done through the use of 'virtual software'.
- The manufacturing process can be simulated virtually and no need to make a prototype or a model. This saves time and money.
- Once programmed, these machines can be left and do not require any human intervention, except for work loading and unloading.
- These machines can manufacture several components to the required accuracy without any fatigue as in the case of manually operated machines.

<b>Name of The Programme</b>	<b>Faculty Development Programme “Recent Trends in Mobile Computing with Real Time Approach” Under the aegis of “IETE Pune Centre” and “IEEE Communication Society Pune Chair”</b>
<b>Date</b>	27 <sup>th</sup> March 2023 to 1 <sup>st</sup> April 2023
<b>Mode</b>	Online
<b>Organizer</b>	Department of Electronics and Telecommunication Engineering of Bhivarabai Sawant Institute of Technology & Research Wagholi, Pune
<b>Programme Convenor</b>	Dr. Y. S. Angal, HOD (E&TC)
<b>Programme Co-Ordinator</b>	Asst. Prof. S. V. Malge (E&TC) Asst. Prof. P. V. Gawade (E&TC) Asst. Prof J. Y. Suryawanshi (E&TC)
<b>Participants</b>	104 Participants

The FDP aims to provide opportunities to faculty members, research scholars and post graduate students to enrich their teaching skill and research in the field of Mobile Computing. The Programme also intends to develop the knowledge of participants in the relevant field for inculcating learning values in students and guiding and monitoring their progress. The FDP was attended by 104 participants from faculty members of Electronics and Telecommunication department, PG students and Research scholar.

**FDP Objective:**

<b>Sr. No.</b>	<b>FDP Objective</b>
<b>1</b>	This FDP provides a platform to learn Wireless technologies and planning Ad-hoc Network.
<b>2</b>	An ability to study the basics of wireless, cellular technology and the working of Mobile IP, ad hoc network, features of mobile operating systems.
<b>3</b>	An ability to understand the use of M-Commerce application

**ABOUT IJPM**  
 Government Shiksha Prasthiti Mandali (GPM) is established in 1996 with the objective of creating center of excellence for education in the field of Engineering, Medical, Pharmacy, Management etc. IJPM Group of Institutions has been successful in establishing Best Engineering, MBA, MCA, High Placement colleges and Schools, spread across six campuses in Pune. IJPM imparts quality education through right curriculum and innovative teaching methodologies at all its campuses. IJPM Group of Institutions has evolved from single institute to 15+ campuses, spread in the vicinity of Pune. GPM provides students a vibrant academic experience that adheres to stringent international quality standards, includes life skills among its students, and prepares them to take up competitive careers and to be successful in life.

**ABOUT THE INSTITUTE**  
 IJPM's Hiranya Research Institute of Technology and Research established in 2006, believes in providing cutting-edge, creative, learning, learning, technologies to impart quality engineering education to students. The Institute has been approved by the All India Council for Technical Education (AICTE). It is fully accredited by NAAC. The Institute has been awarded by NAAC and these programs are accredited by AICTE. The Institute is located in Wagholi in high green and well-maintained campus which is surrounded by industries and IT companies to provide an opportunity for more industry-oriented education. The Institute provides excellent opportunities for the holistic development of individual skills and personality development.

**INSTITUTE VISION**  
 Instill the aspirations of youth force, who want to lead better, towards progress through techno-economic development.

**INSTITUTE MISSION**  
 To provide, nurture and motivate an environment of high academic excellence, research and entrepreneurship for all aspiring students, which will prepare them to face global challenges necessitating technological and moral standards.

**ABOUT THE DEPARTMENT**  
 The department is accredited by AICTE. The department has 60 intake (UG level) and 24 (PG level) with aim to provide students the lifelong learning and leadership skills that enable them to grow in their professions and advance in positions of responsibility by effective industry-institute interaction. The department has well equipped state of the art IEEE 802.11n wireless infrastructure and IIT enabled facilities. The department has well experienced faculty.

**DEPARTMENT VISION**  
 To emerge as a department of repute compatible to the changing needs of society at large.

**DEPARTMENT MISSION**  
 We, to cultivate creativity and innovations in teaching learning process for developing competent professionals, who develop graduating students with skill sets to meet current and future demands of industry, academia and work, through self-organized curriculum.

**PROGRAM EDUCATIONAL OBJECTIVES (PEO)**  
**PEO-1:** Ability to pursue professional career.  
**PEO-2:** An ability to adapt rapid changes in core related domains of E&TC Engineering following advances in scientific results.  
**PEO-3:** An ability to deal with societal problems ethically addressing sustainable solutions.

**WORKSHOP OBJECTIVE**

- To learn wireless technologies and study the basic of wireless cellular technology, working of Mobile IP, ad-hoc network, features of mobile operating systems.
- To understand the use of M-Commerce application.

**COURSE CONTENTS**

- Mobile Communication Technologies
- Networking
- Spread spectrum
- CDMA architecture
- Operations of Mobile Communication Technologies
- Handover
- QoS architecture
- Ad-hoc networks
- Ad-hoc Networking
- Toll-free Laptop
- Mobile IP
- Routing Protocols
- SD-WAN
- Recent Trends in Telecommunication Technology
- Computational Intelligence in Mobile Computing

## Inaugural Session:

Inaugural Session	
<b>Date</b>	<b>27th March 2023</b>
<b>Time</b>	<b>1:45 PM</b>

The esteemed personalities present on the inauguration of the Programme:

Dr. V.V. Shete	Chairman, IETE, Pune Centre	Chief Guest
Dr. M. M. Jadhav	Chair, IEEE Communication Society, Pune Chapter	Chief Guest
Dr. T.K. Nagaraj	Principal, BSIOTR	Host
Dr. Y. S. Anjal	HOD(E&TC), BSIOTR	Host

In welcome speech, Hon. Principal Dr. T. K. Nagaraj shared his views with the faculty participants that if faculty wants to develop themselves and their students, then attending such faculty development programmes would enhance their skills of teaching concepts practically. Sir further shared that it helps to improve the performance of faculty in teaching and highlighted the importance and objectives of organizing faculty development programmes. He briefed the participants about the subjects chosen for the FDP and highlighted the reasons and importance of the same. In the inaugural speech, Hon. Dr. V.V. Shete shared his views on faculty development. He further added that this programme will provide special benefits to faculty members. The inauguration programme ended with vote of thanks by Mrs. Jayshree Suryawanshi.

Inaugural Session of the FDP with Dr. V.V. Shete Chairman, IETE, Pune Centre and Dr. M. M. Jadhav Chair, IEEE Communication Society, Pune Chapter.

<b>Date</b>	<b>27th March 2023 (Day One)</b>
<b>Session</b>	<b>One</b>
<b>Topic</b>	<b>Basic of Mobile Computing</b>
<b>Resource Person</b>	<b>Dr S. K. Jagtap Professor and HOD(E&amp;TC), SKNCOE, Pune</b>
<b>Time</b>	<b>2:00 PM To 3:30 PM</b>

The screenshot shows a Zoom meeting window with a slide titled "Service Mobility:" and "Host Mobility:". The slide content is as follows:

**+ Service Mobility:**

- User should be able to move from one service to another.
- Example could be a user is writing a mail. To complete the mail user needs to refer to some other information. In a desktop PC, user simply opens another service (browser) and moves between them using the task bar. User should be able to switch amongst services in small footprint wireless devices like in the desktop.

**Host Mobility:**

- The user device can be either a client or server.
- When it is a server or host, some of the complexities change.
- In case of host mobility the mobility of IP needs to be taken care of.

At the bottom of the slide, it says "DEPARTMENT OF ELECTRONICS AND TELECOMMUNICATIONS (ETEC)".

On the right side of the Zoom window, there is a video feed of a woman wearing glasses and a headset, looking at the camera.

The screenshot shows a Zoom meeting window with a slide titled "Traffic Telematics Systems". The slide contains a diagram and text:

**Traffic Telematics Systems**

The diagram shows a "Main Office, Content Provider" connected to an "Internet" cloud. The Main Office is connected to the Internet via "ATM". The Internet is connected to two cars (one yellow, one green) via "GSM" and "GPRS". The cars are connected to a "Radio Network" via "GSM" and "GPRS". The Radio Network is connected to a "Main Office, Content Provider" via "GSM" and "GPRS". The Radio Network is also connected to "Infrastructure" via "Radio Network".

Legend:

- DAB: Digital Audio Broadcast
- RDS-TMC: Radio Data System Traffic Message Channel

At the bottom of the slide, it says "DEPARTMENT OF ELECTRONICS AND TELECOMMUNICATIONS (ETEC)".

On the right side of the Zoom window, there is a video feed of the same woman from the previous screenshot, looking at the camera.

Dr S. K. Jagtap Professor and HOD E&TC), SKNCOE, Pune has delivered an interactive lecture on “Basic of Mobile Computing”. In this session participants were learned the Applications of Mobile Computing- Generations of Mobile Communication Technologies, Multiplexing: Spread spectrum, MAC Protocols: SDMA, TDMA, FDMA, and CDMA.

Date	27th March 2023 (Day One)
Session	Two
Topic	Introduction to 5G & Recent trends in Telecommunication Industries
Resource Person	Dr. Anuradha S. Deshpande Professor, E&TC, JSPM's ICOER Wagholi, Pune
Time	3:30 PM To 5:00 PM

An informative lecture on “Introduction to 5G & Recent trends in Telecommunication Industries” was discussed by Dr. Anuradha S. Deshpande Professor, E&TC, JSPM’s ICOER Wagholi, Pune. In this session participants were learned the Introduction of 5G, 5G –Architecture, Key Enabling Technologies for 5G and Recent trends in Telecommunication Industries.

Date	28th March 2023 (Day Two)
Session	One
Topic	Ad-Hoc Networking
Resource Person	Dr. Araddhana A. Deshmukh Head& Associate Professor, AI & DS Department, MMCOE, Pune
Time	2:00 PM To 5:00 PM

The screenshot shows a Zoom meeting in progress. The main window displays a presentation slide from BHIVARABAI SAWANT INSTITUTE OF TECHNOLOGY AND RESEARCH, WAGHOLI PUNE-412207 (BSIOTR). The slide title is "Recent Trends in Mobile Computing With Real Time Approach". The resource person for the session is Dr. Araddhana A. Deshmukh, Head & Professor, AI & DS Department, MMCOE Pune. The slide also mentions the date (28 March 2023) and time (2pm to 5pm). To the right of the slide, a list of participants is visible, including Yogesh Angal, Pooja Kanade, Harsha Shirsare, Trupti Pawar, Dr. Priyanka Singh, Anuradha Parde, and others.

The screenshot shows a Zoom meeting in progress. The main window displays a presentation slide titled "Improved Throughput with Increased Mobility". The slide contains a diagram with nodes A, B, C, and D connected in a line. Below the diagram, there are three bullet points:

- Low speed: (Route from A to D is broken for ~1.5 seconds)
  - When TCP sender times after 1-second, route still broken.
  - TCP times out after another 2 seconds, and **only then resumes**
- High speed: (Route from A to D is broken for ~0.75-seconds)
  - When TCP sender times out after 1-second, route is repaired
- TCP timeout interval somewhat (not entirely) independent of speed
- Network state at higher speed may sometimes be more favorable than lower speed

To the right of the slide, a list of participants is visible, including JSPW, BSOTR, Pooja Kanade, and Dr. Araddhana A. Deshmukh.

Dr. Araddhana A. Deshmukh Head& Associate Professor, AI & DS Department, MMCOE, Pune has delivered an informative lecture on “Ad-Hoc Networking”. In this session participants were taught Mobile IP, DHCP, AdHoc, Proactive protocol-DSDV, Reactive Routing Protocols: DSR, AODV, Hybrid routing: ZRP, Multicast Routing: ODMRP, Vehicular Ad Hoc networks VANET, MANET Vs VANET: Security

Date	29th March 2023 (Day Three)
Session	One
Topic	Mobile IP and Transport Layer
Resource Person	Dr. Vijay M. Birari Professor and HOD(E&TC) NDMVP KBTCOE, Nashik.
Time	2:00 PM To 5:00 PM

**BHIVARABAI SAWANT INSTITUTE OF TECHNOLOGY AND RESEARCH, WAGHOLI PUNE-412207 (BSIOTR)**  
 Approved by AICTE New Delhi, DTE Mumbai, Govt. of Maharashtra and Affiliated to Savitribai Phule Pune University  
 Accredited NBA & NAAC

**Department of Electronics and Telecommunication Engineering**

Dr. V. M. Birari 3/29/2023

Dr. Vijay M. Birari Professor and HOD(E&TC) NDMVP KBTCOE, Nashik, has illuminated on “Mobile IP and Transport Layer”. In this session participants were gained with the knowledge of the on Mobile IP: Need of mobile IP, IP packet delivery, Agent Discovery, Registration, Tunnelling and encapsulation, Route optimization, IP Handoff. Transport Layer: Overview of Traditional TCP and implications of mobility control. Improvement of TCP: Indirect TCP, Snoop TCP, Mobile TCP, Fast Retransmit/fast recovery, Time-out freezing, Selective retransmission, Transaction-oriented TCP.

Date	30th March 2023 (Day Four)
Session	One
Topic	Mobile System
Resource Person	Dr.R.R.Itkarkar Professor, AISSMS COE, Pune.
Time	11:00 AM To 1:00 PM

Dr. R. R. Itkarkar Professor, AISSMS COE, Pune has discussed on “Mobile System”. In this session she gave insightful talk on Mobile Systems. Her presentation was both informative and engaging, and participants learned a lot from her expertise on the topic. Participants were gained with the knowledge of the on Introduction to Cellular Systems, GSM architecture, Protocols, Connection Establishment, Frequency Allocation, Routing, Mobility Management, Security, GPRS and UMTS: Architecture, Handover, Security. Introduction to 5G: Introduction, 5G network architecture, Applications, 5G enable technologies, Recent trends in Telecommunication Industries.

Date	30th March 2023 (Day Four)
Session	Two
Topic	Fading Channels
Resource Person	Dr. Gitimayee Sahu Sr.Manager, JIO Platforms Ltd, Mumbai
Time	2:00 PM To 5:00 PM

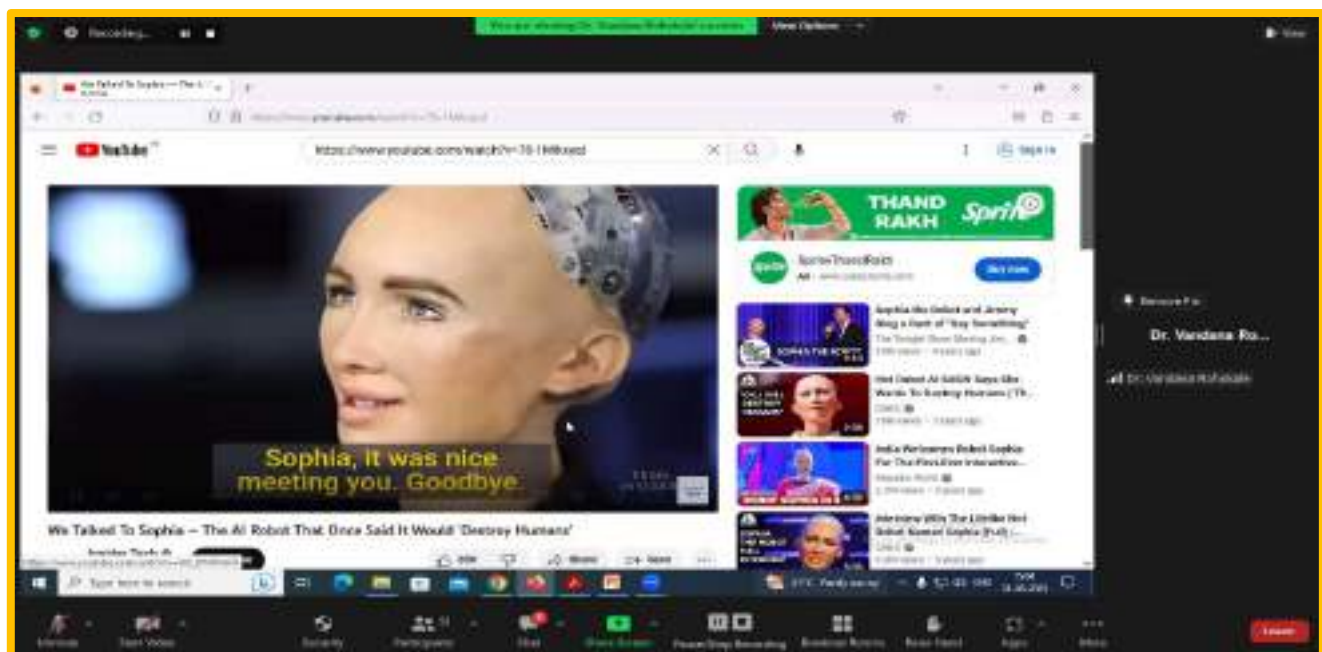

The banner is for a session titled "Recent Trends In Mobile Computing With Real Time Approach" held on 30th March 2023, Day 4, Session II, from 2:00 PM to 5:00 PM. The resource person for Session-II is Dr. Gitimayee Sahu, Sr. Manager at JIO Platforms Ltd, Mumbai, with the topic "Fading Channels". The banner also mentions the organizing department at BSVIOTR and the IEEE ComSoc Pune Chapter.

The slide compares 5G NR and LTE. It is divided into two columns: "What is Similar to LTE?" and "What is Different from LTE?".

What is Similar to LTE?	What is Different from LTE?
OFDM & OFDMA	NSA (Non-Standalone) Architecture & EN-DC
DFT-SS-OFDM for UL	CP-OFDM in UL
Most Physical Channels	Flexible SCS (Subcarrier Spacing) & Slot
NR procedures-	Wider Channel BW & New Freq Bandwidth spectrum
-System Acquisition	Beam Management, Multibeam operation/Beam Sweeping
-RACH	Physical Channel Changes-
Power Control	-New Channels- PDSCH, TRS
Carrier Aggregation	-Removal of PDSCH & PCFICH
	UL sharing and supplementary uplink.

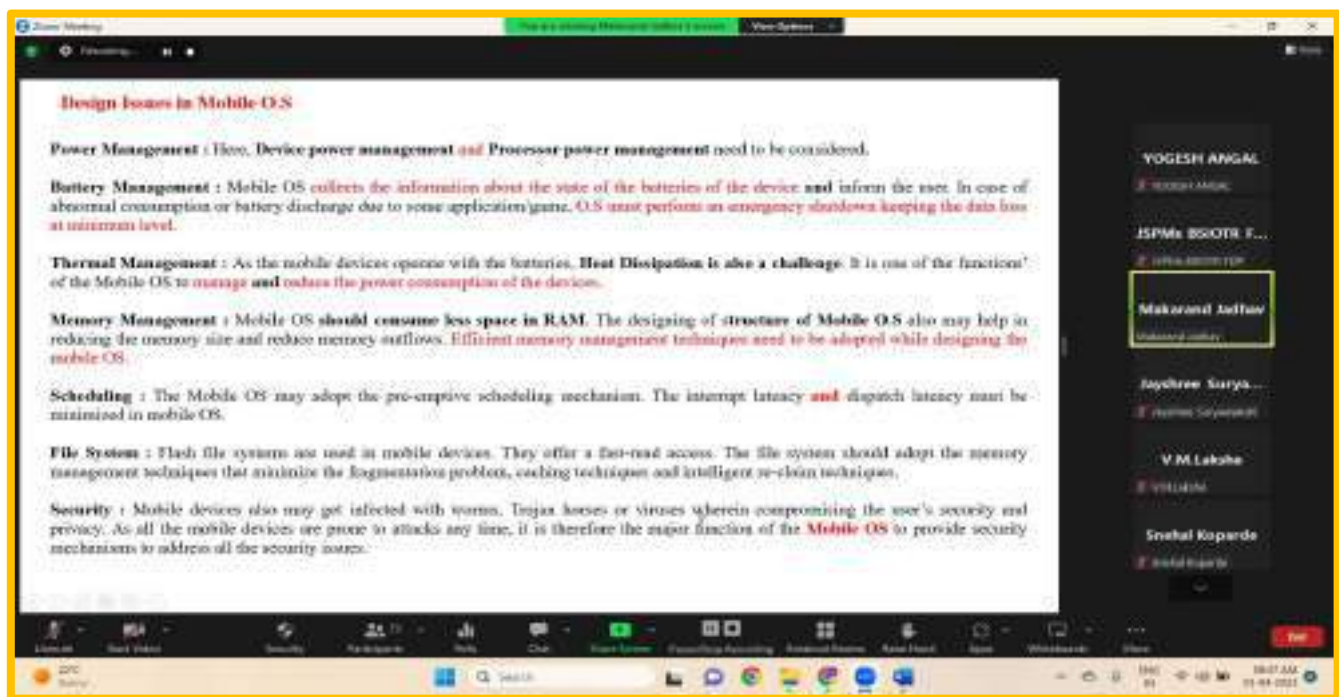

Dr. Gitimayee Sahu Sr.Manager, JIO Platforms Ltd, Mumbai has focused on “Fading Channels”. In this session participants were familiar with Rayleigh Fading and Statistical Characterization, Properties of Rayleigh Distribution, BER in Fading, Narrowband vs Wideband Channels, Characterization of Multipath Fading Channels, Choice of Modulation, Coherent versus Differential Detection, BER in Fading , Ricean Fading.

Date	31st March 2023 (Day Five)
Session	One
Topic	Computational Intelligence in Mobile Computing
Resource Person	Dr. Vandana M. Rohokale Prof & HOD(E&TC), SIT's, Narhe, Pune
Time	2:00 PM To 4:00 PM

Dr. Vandana M. Rohokale Prof & HOD(E&TC), SIT's, Narhe, Pune has explained “Computational Intelligence in Mobile Computing”. In this session participants realized the significance of Recent Trends in Mobile Computing, CI vs AI, principles Computational Intelligence, AI & ML, Deep learning, Uses of Computational Intelligence, Deep Learning Approach for Interference Mitigation in MIMO-FBMC/OQAM Systems.

Date	1st April 2023 (Day Six)
Session	One
Topic	Operating System & Applications of Mobile Computing
Resource Person	Dr. Makarand M Jadhav Prof & HOD(E&TC), NBN STC, Pune
Time	9:00 AM To 11:00 AM

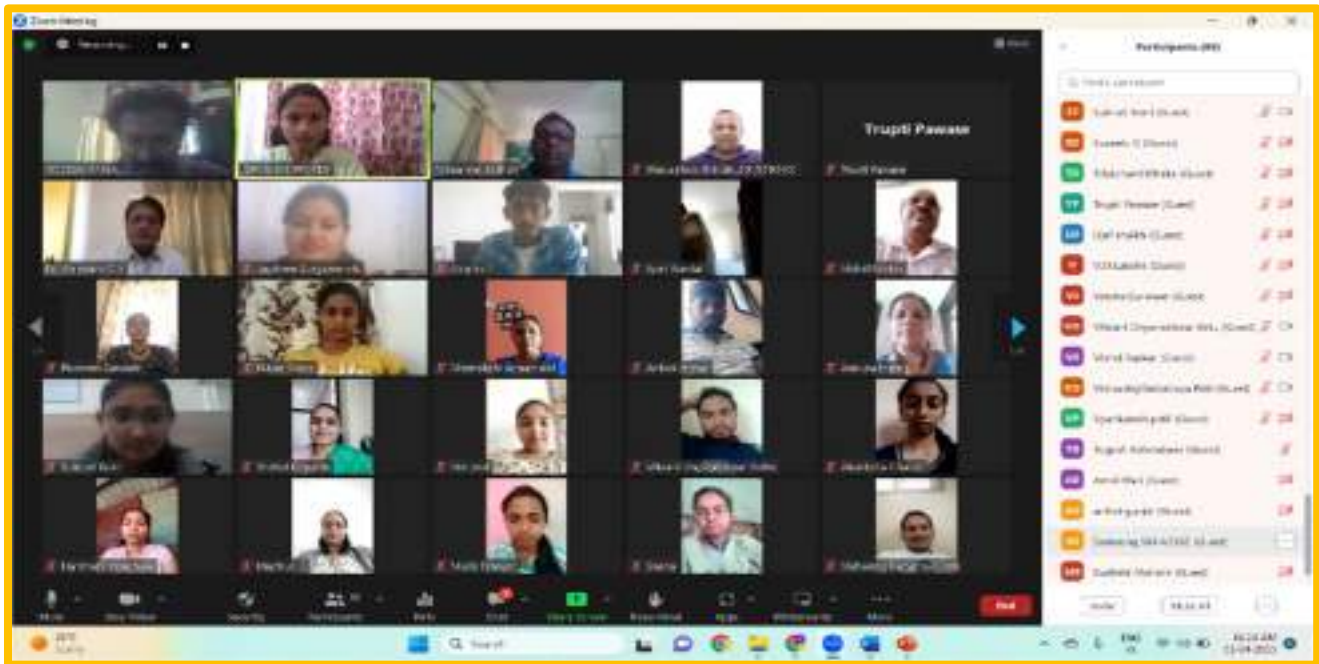

A discussion on “Operating System & Applications of Mobile Computing” was delivered by Dr. Makarand M Jadhav Prof & HOD(E&TC), NBN STC, Pune. In this session participants got the knowledge about Operating System: A Few Basic Concepts, Special Constraints and Requirements of Mobile OS, A Survey of Commercial Mobile Operating Systems, Windows Mobile, Applications: M-Commerce, Business to Consumer (B2C) Applications, Business to Business (B2B) Applications. Structure of M-Commerce, Pros and Cons of M-Commerce, Mobile Payment System, Mobile Payment Schemes, Desirable properties of a Mobile Payment system, Mobile Payment solutions, Process of Mobile Payment, Security Issues.

## Valedictory Session:

Valedictory Session	
Date	1 April 2023
Time	11:00 AM

The esteemed personalities present on the Valedictory of the Programme:

Dr. D. S. Bormane	Member, Governing Council, IETE, New Delhi	Chief Guest
Dr. M. M. Jadhav	Chair, IEEE Communication Society, Pune Chapter	Chief Guest
Dr. T.K. Nagaraj	Principal, BSIOTR	Host
Dr. Y. S. Angal	HOD(E&TC), BSIOTR	Host

Valedictory Session of the FDP with Dr. D. S. Bormane Member, Governing Council, IETE, New Delhi and Dr. M. M. Jadhav Chair, IEEE Communication Society, Pune Chapter.

All the personalities appreciated the department for organizing the FDP. The program was ended with vote of thanks by Mrs. Suchipriya Malge, Asst. Prof., Electronics & Telecommunication Dept., JSPM'S BSIOTR & Coordinator of the FDP. The FDP received a lot of positive feedback from faculty members, PG students and research scholars from many universities of India. There were 104 enthusiastic participants in total, who took part in the 6-day online FDP. Each session was of Minimum 90 minutes & Maximum 180 minutes and included open questions, answer session. Zoom meeting was the platform used for each session links (Join Zoom Meeting <https://us02web.zoom.us/j/83443301126?pwd=c1V6eWdDUU9BcDVLmWVjZHI5YU5xUT09>); feedback links were shared, MCQ Test was conducted at the end of FDP. The registered participants were engaged in a special WhatsApp group. The recordings are being uploaded on the Google Drive. ([https://drive.google.com/drive/folders/1E0-QfZB-is5pjQ51jJKe4m85nnD7FebA?usp=share\\_link](https://drive.google.com/drive/folders/1E0-QfZB-is5pjQ51jJKe4m85nnD7FebA?usp=share_link)). 104 E-certificates were awarded to all registered participants by sharing Google Drive Link. The FDP was concluded on the tanks giving note to the Chief Guest, Management, Campus Director, Principal, Deans and all the Participants.

### Sample FDP Certificate:

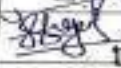

### FDP Outcome:

All the sessions were very much informative. The discussed areas are of great benefit for the participants as the topics match with the current working domain. Participants were enlightened with the most widely used advance technologies in this domain. This in turn will help in research activity.

Sr. No.	FDP Outcome
1	Understand concepts of Mobile Communication.
2	Analyze next generation Mobile Communication System
3	Understand network layers of Mobile Communication
4	Understand IP and Transport layers of Mobile Communication
5	Study of different mathematical models
6	Understand different mobile applications.

<b>Date</b>	22 <sup>nd</sup> May 2023 to 26 <sup>th</sup> May 2023
<b>Mode</b>	Online
<b>Organizer</b>	Department of Engineering Science, BSIOTR, Bhivarabai Sawant Institute of Technology & Research, Wagholi, Pune.
<b>Convenor</b>	Dr. Swati Godse, HOD, Department of Engineering Science
<b>Co-Ordinators</b>	Dr. Manjusha Patil (Assistant Professor, Department of Engineering Science). Mr. S. D. Bhourgunde (Assistant Professor, Department of Engineering Science).
<b>Participants</b>	160 Participants from Eight states in India.

The FDP aims to provide opportunities to faculty members, research scholars and postgraduate students to enrich their teaching skill and research in the field of technical and traditional education. The Program also intends to develop the knowledge of participants in the relevant field for inculcating learning values in student sand guiding and monitoring their progress. The FDP was attended by 160 participants from eight states across the India. These participants are faculty members of various technical and traditional educational institutes in India.

**FDP Objectives:**

Teaching – learning process for outcome based education needs reforms keeping in view NEP-2020. Institutions need to switch to an Outcome Based Education System, to enhance employability of graduate students. The FDP is aimed at up-skilling the faculty members on the topics mentioned below.

- Reforms in Teaching Techniques and Methodology

- Need of Up-skilling of Teacher
- Behavioral Aspects of Teachers with Students
- Innovative Teaching aids-Digital skill
- National Education Policy(NEP-2020)
- Role of Teachers in OBE
- Evaluation Tools and Mapping with Student Performance
- Inculcating and Imparting Outcome Based Education in Engineering Education.
- Roll of professional bodies in OBE

**ABOUT JSPM**  
 Jaywant Shikshan Prasarak Mandal (JSPM) was established in 1998 with the objective of creating center of excellence for education in the field of Engineering, Medical, Pharmacy, Management etc. JSPM imparts quality education through effective implementation of right curriculum and innovative teaching methodologies. JSPM Group of Institutes has evolved from single institute to 75+ institutes, located in six campuses in Pune. JSPM provides students a vibrant academic experience that adheres to stringent international quality standards, instills life skills among its students, and prepares them to take up corporate careers and to be successful in life.

**ABOUT THE INSTITUTE**  
 JSPM's Bhamburda Sawant Institute of Technology and Research established in 2009, believes in practicing various student centric teaching learning methodologies to impart quality engineering education to students. The Institute is approved by the All India Council for Technical Education (AICTE), New Delhi and affiliated to Savitribai Phule Pune University (SPPU) Pune. The institute is accredited by NAAC and three programs namely Electrical, E & TC and IT are accredited by NBA. The Institute is located in Wagholi in lush green and well maintained campus which is in the vicinity of industries and IT companies to provide an opportunity for more Industry-Institute-Interaction. The Institute provides conducive environment for the holistic development of individual skills and personality development through program outcome aligned activities.

**INSTITUTE VISION**  
 To satisfy the aspirations of youth force, who want to lead the nation towards prosperity through techno-economic development.

**INSTITUTE MISSION**  
 To provide, nurture and maintain an environment of high academic excellence, research and entrepreneurship for all aspiring students, which will prepare them to face global challenges sustaining high ethical and moral standards."

**ABOUT THE DEPARTMENT**  
 The department has 420 intakes (UG level). The department implements the curriculum blended with PO signed student centric activities for lifelong learning and leadership skills that enable them to grow in their profession and advance in positions of responsibility. The department has well equipped state of the art labs with modern infrastructures and ICT enabled classrooms.

### Inaugural Session:

<b>Inaugural and Key Note Address Session</b>	
<b>Date</b>	<b>22<sup>nd</sup> May 2023</b>
<b>Time</b>	<b>1:00 PM</b>

The esteemed personalities present on the inauguration of the Program:

Dr.Sachin Admane	Campus Director, JSPM Wagholi Campus, Pune.	Chief Guest
Dr.Rajkumar Deshpande	Principal, JSPM's, ICOER, Wagholi, Pune.	Chief Guest
Dr.T.K.Nagaraj	Principal, BSIOTR, Wagholi, Pune.	Host
Dr.Swati Godse	HOD, Department of Engineering Science, BSIOTR, Pune.	Host

The FDP started with e-light lamping by Dr.Sachin Admane, Dr.Rajkumar Deshpande, Dr.T.K.Nagaraj, Dr.Swati Godse, Dr.Manjusha Patil, Mr.S.D.Bhourgunde. In introduction speech Convener Dr.Swati Godse welcomes all chief guests, resource persons & participants and gave brief introduction about the Department and FDP. In welcome speech, Hon. Principal Dr. T. K. Nagaraj introduced about JSPM's BSIOTR in brief and shared his views with the faculty participants that if faculty wants to develop themselves and their students, then attending such faculty development program would enhance their skills of teaching concepts practically. Sir further shared that it helps to improve the performance of faculty in teaching and highlighted the importance and objectives of organizing faculty development program. He briefed the participants about the subjects chosen for the FDP and highlighted the reasons and importance of the same. In Presidential address Hon. Dr. Sachin Admane (Campus Director, JSPM Wagholi Campus, Pune) introduces about JSPM Wagholi campus, congratulates faculty members for organizing FDP and gave best wishes to all participants. The inauguration program ended with vote of thanks by Dr. Manjusha Patil.

In key-note address talk chief guest Dr. Rajkumar Deshpande (Principal, JSPM's, ICOER, Wagholi, Pune) explained very nice about different student centric teaching methods, advantages and importance of these teaching methods. This session was informative and solved queries raised by participants.

The screenshot shows a Zoom meeting interface. The main content is a slide titled "Why Experiential Learning" with the subtitle "Issues Relating to Engineering Education :". The slide lists several points:

- Engineering Education is different from Vocational Training.
- Curricula lag behind the need of industry.
- Engineering graduates lack aptitude for practical aspects of building, commissioning and testing thing.
- Teaching Learning process normally don't emphasize on innovative, exploratory learning and research or approach. Focus on R&D is minimal.
- Flexibility towards "reference to society" is under stressed item.
- There is emphasis more on Lectures (theory) and less on Practical.
- Poor (English) communication skills.
- Use of open technologies/instruments are not encouraged.
- Interest for higher education or entrepreneurship is lacking.

The Zoom interface also shows a list of participants on the right side, including names like Anshika's iPhone, Avil Londhe, Anika Anshu MMCOE, Anika Waleky, Apna Londhe, Anshu Sabir, Anas Pandian, Ashok Theandax, Bharati Thewali, Bhargurav S.D., Ch. ## FDP Outcome:

All the sessions were very much informative and inspirational. The discussed topics are of great benefit for the participants as the topics match with the current working domain. Participants were enlightened reforms in teaching techniques and methodologies, behavioral aspects of teachers with students, new skill sets, evaluation tools, role of teachers in OBE, national education policy (NEP)-2020. This will definitely be helpful to participants in teaching-learning activity.

Outcome No.	Faculty Development Program Outcome
1	Understand reforms in teaching techniques and methodologies and apply in teaching-learning process.
2	Understand new skills and apply in teaching-learning process.
3	Understand behavioral aspects of teachers with students and apply while dealing with students.
4	Understand innovative teaching aids (digital skills) and apply teaching-learning process.
5	Understand recommendations of national education policy (NEP)-2020

6	Understand role of teachers in OBE and implement while dealing with educational activity.
7	Understand different evaluation tools and map with student performance.
8	Implement outcome based education in their institute.
9	Understand role professional bodies in OBE and takes benefit of the same for student development.

## **Institute's Vision**

"Satisfy the aspirations of youth force, who want to lead nation towards prosperity through techno-economic development."

## **Institute's Mission**

"To provide, nurture and maintain an environment of high academics excellence, research and entrepreneurship for all aspiring students, which will prepare them to face global challenges maintaining high ethical and moral standards."

## **Introduction:**

The Jayawant Shikshan Prasarak Mandal is a charitable educational trust, a pioneer in imparting quality technical education in the field of Engineering, Pharmacy, Management, Computer Applications etc. It has established five campuses in Pune at Tathawade, Hadapsar, Wagholi & Bavadhan & Narhe. Each campus consists institutes of global competitiveness.

Bhivarabai Sawant Institute of Technology & Research (BSIOTR) is one among the competent engineering colleges, established in 2009-10 and is situated on a picturesque heart throbbing landscape at Wagholi on Nagar –Pune Road. The institute offers Under Graduate courses in Electrical Engineering, Computer Engineering, Information Technology, Electronics & Telecommunication, Mechanical Engineering. The core strength of this institute is highly qualified, dedicated & experienced faculty, well equipped laboratories and state of art infrastructure.

Faculty members in this institute strive hard to impart quality technical knowledge so as to produce the technocrats of futuristic vision. The Institute promotes Research activities which provide a platform to enhance the research attitude. The students who aspire to become engineers are groomed with appropriate technology expected in the industries. Technical forums, student associations and study groups are the avenues in the institute to enhance the technical & softskills. The students are oriented and counseled through an unique concept of Guardian Faculty Member. A teacher is GFM for a group of students (not more than 20) who is responsible to guide the students through counselling to achieve academic excellence.

BSIOTR is a temple of knowledge where technocrats who are responsible for the technological growth of the nation are produced.

## **Principals Message:**

Jayawant Shikshan Prasarak Mandal's Bhivarabai Sawant Institute of Technology & Research (BSIOTR) is an institution where students are groomed into technocrats having the skill sets compatible to the industries/employers and the society at large. The academic infrastructure of the institute is having state of the art facilities like smart boards, virtual class rooms and internet and Wi-Fi enabled class rooms to facilitate the teacher to implement the well-crafted curriculum in an effective manner to achieve the goal of outcome based education. Different teaching methodologies and modern teaching tools adopted by the teacher in teaching-learning process, supplemented with extra-curricular and co-curricular activities help the students to acquire the skills required to pursue their dream career. We believe in strong and cordial interaction between teachers and students which is an essential parameter to help the students to achieve greatness in academics, extracurricular and co-curricular achievements. This is being practiced in this institute with great care and devotion. BSIOTR expects its graduating students to excel with their skills both inside and outside of the classroom. I would like to express through this message that, you being part of this institution as a student or staff member, would definitely feel proud of yourself because of its excellent teaching-learning environment and commitment to serve the nation for its techno-economic development. I welcome all the students who wish to be part of BSIOTR to fulfill their aspirations of becoming an able engineer who will fulfil the needs of the industries, society and the nation. Good intention and smart efforts never go waste. And team work is a key factor for success. So we believe in team work for grooming the students.

Dr. T. K. Nagaraj

evaluated by externals from other institutes and industry. These projects are evaluated by a well-defined detailed rubrics framework to ensure quality of the projects. The best projects are sponsored to attend the project competitions.

- Audit courses as per syllabus of SPPU and 20 Value added programmes are conducted on various topics. The students are also trained towards abstract writing, technical paper writing and literature survey.
- The OBE is practiced in true spirit resulting in more focused all-round development of our students.
- Modern Tool Usage: Wi-Fi enabled smart Boards, LCD projectors, MOODLE are used in teaching learning process.
- Industry-Institute-Interaction: Soft Skill training programs, Expert lectures, industrial visits are conducted with the industry personnel for enhancing the learning levels of the graduates.
- Grant received from BCUD SPPU is one lakh.
- Centre for Innovation Incubation and Entrepreneurship Development (CIED) within institute
- Research Initiatives: Project funding schemes are offered to encourage students to undertake research projects. Project based learning and internships are encouraged and students have completed it successfully. Financial support was provided by the management to students to participate in project competitions, conferences, publications in journal.
- Technical Clubs/Labs: The Institution has well equipped and dedicated labs, technical clubs for development of innovative projects. e.g. Robotics and E-Yantra Lab, Coders Club, etc.
- Professional Society Chapters - The Institution has well established chapters under professional societies like IEEE, ISTE, IETE, CSI, Various project competitions, seminars, community development activities, etc are organized under the societies.
- Centre for Innovation Incubation & Linkage: This cell established in collaboration with the affiliating university to promote innovation and incubation..
- National Service Scheme: NSS unit (Unit No:A98)recognized by affiliating university (Savitribai Phule Pune University) for 100 students is one of the platform

created for conduction of community approach activities to help the students to sensitize them towards social problems, environment and sustainability, giving back to society etc

- 14 activities have been conducted under National Service Scheme.
- Workshops/seminars/conferences including programs conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship are five (15) in numbers.
- 144 research papers are published in the Journals notified on UGC CARE during 2018-19.
- 15 books and chapters are published during 2018-19
- Total 07 functional MoUs have signed with institutions/ industries in India for internship, on-the-job training, project work and collaborative research during AY 2018-19.

### **Result AY 2018-19:**

- Number of final year students who passed the university examination in academic year 2018-19 are 397 out of 418.
- 133 students placed and progressed to higher education year wise during 2018-19.
- 7 students qualifying in state/ national/ international level examinations year wise during 2018-19 (eg: IIT/JAM/NET/SLET/GATE/GMAT/GPAT/CLAT/CAT/GRE/TOEFL/ IELTS/Civil Services/State government examinations etc.)
- 03students awarded for outstanding performance in sports/cultural activities at national/international level (award for a team event should be counted as one) year wise during 2018-19.
- 20 students in project completions, paper presentation of the Institution participated during 2018-19

### **Infrastructure:**

- The Institution provides adequate facilities and ensures the best possible utilization of physical infrastructure to support the teaching-learning process, co-curricular, extracurricular activities and an ecosystem for research and innovation.
- The infrastructure and facilities fulfill the norms laid by AICTE, DTE, and SPPU.

- Physical infrastructure like Classrooms, Tutorial Rooms, Laboratories, Machine Shop (Workshop) and Seminar Halls are available to conduct session/Expert talk etc.
- In addition to this, the Institution has distinctive auditorium with seating capacity of 320 people, administrative rooms, and examination control room, central and departmental libraries, a computer center, two language laboratories, Video Conferencing Room, Sick room and ambulance available 24/7.
- The Institution has adequate number of ICT-enabled classrooms and seminar halls. All classrooms and seminar halls have Wi-Fi/internet facilities for an effective teaching-learning process. They are well equipped with green boards, LCD projectors, and Smart boards.
- An expenditure of 47.16 lakhs has been allocated and expended for the development of infrastructure, reflecting a commitment to enhancing the overall growth and progress of the designated area.
- Band Width: 100 Mbps Content Ratio: 1:1(Gold) Campus Level Updating: 100 Mbps to 200Mbps.

- 1474 students benefited by scholarships and freeships provided by the institution, government and non-government bodies, industries, individuals, philanthropists during the 2018-19.
- 63 activities organized in capacity development and skills enhancement activities are organized for improving students' capability 1.Soft skills 2.Language and communication skills 3.Life skills (Yoga, physical fitness, health and hygiene) 4.ICT/computing skills
- One thousand and eighty two (1082) students get benefitted by guidance for competitive examinations and career counseling offered by the Institution during the 2018-19.
- The Alumni Association was registered with the charity commissioner office in August 2017(MAHA/1097/2017/Pune).
- Alumni contributed in terms to deliver the expert session as their expertise. (Guiding

and Motivating)

- Institution implements e-governance in its operations 1.Administration 2.Finance and Accounts 3.Student Admission and Support 4.Examination.
- 25 teachers provided with financial support to attend conferences/workshops and towards membership fee of professional bodies year wise during 2018-19.
- 126 (45+81) teaching and non-teaching staff members participated in Faculty development Programmes (FDP), Management Development Programmes (MDPs) professional development /administrative training programs during the academic year 2018-19.
- The institute has a strong ethical work culture that is based on inclusivity. Gender sensitivity is an inherent value in the cultural ethos of the institute as is evidenced by the following facilities – Safety and Security, Counseling.
- National and international commemorative days, events and festivals celebrated by students associations. The Institution celebrates Engineer’s Day on 15th September to recognise and honour the achievements of the great engineer Sir Mokshagundam Visvesvaraya. Various national festivals and Women’s day is celebrated on International Women’s Day i.e. 8th March to show respect towards women in all the efforts taken by them to manage their personal and professional life and for their contributions. International Yoga Day is celebrated in the Institution on 21st June to bring awareness about the health benefits of yoga among the students and the faculties. Gender audit is carried out to evaluate participation of male and female students in various types of events.

### **Library Facilities:**

- The central library is automated with software and is equipped with e-resources.
- Open access software “Koha” is used for management of library support.
- OPAC software used for quick access to library resources.
- There are a total of 3646 titles and 16644 volumes
- A digital library is made available for browsing/searching.
- The reading room is well furnished with seating capacity of around 200 students / faculty.

### **Conclusion:**

The institution is implementing the teaching–learning process with a well-planned process keeping in mind the importance of Outcome Based Education for a diversified student fraternity to make them capable of pursuing their professional career with moral and ethical values for socio-economic development. It is a great opportunity for the institution to shape the future of the students with Academic Flexibility, student-centric activities, project-based learning, internships, community approach activities etc. At the same time it is a great challenge for the institute to make the students industry-ready to cope up with the ever-changing technologies. The learner-centered teaching process through appropriate methodologies such as participative learning, experiential learning and collaborative learning modes, is facilitating effective learning. The institution's Teachers' readiness and expertise in the use of ICT tools and teaching methodologies help the students in their learning process. The key factor which should not be missed out to mention here is the honest and committed Governance and the support rendered by the institution's management in academic and administrative process by providing all necessary amenities, facilities and financial support.

## **STRENGTH, WEAKNESS, OPPORTUNITY AND CHALLENGES (SWOC):**

- **Institutional Strength:** 1. Prepared to implement NEP-2020 2. Teaching Faculty upskilling policy 3. Student-Centric ICT enabled Teaching-learning 4. Dedicated faculty members. 5. Structured Mentoring System 6. Extensive Use of modern teaching tools and Resources.
- **Institutional Weakness:** 1.Liaoning with research organization 2. MOUs with foreign Universities
- **Institutional Opportunity:** 1. Implementation of NEP-2020 2. Innovations through Research 3. Imbibing entrepreneurship skills to budding entrepreneurs 4. Collaborative activities with industry and institutions. 5. Multidisciplinary approach.
- **Institutional Challenge:** 1. changing the learning style of students from exam-oriented learning to knowledge-based learning applicable to real-life 2. Making students ready for fast-changing scenarios in industries, due to limited flexibility. 3.Making the students industry ready coping up with ever changing technological developments and its applications.

### **Enrollment and Admission:**

- In the academic year 2019-20, the institution witnessed a total of 259 students admitted in the First Year Engineering (FE) program, compared to the allocated intake of 492. In the Direct Second year (DSE) 229 students have been admitted. Existing SE-196, TE-480 and BE-461. Total UG students are in the AY 2019-20-1644.
- The Postgraduate (PG) program, which includes students ME-I and ME-II total enrolled students are 19. Collectively, across all engineering disciplines, the institution welcomed a total of 1625 students during this academic period 2019-20.

### **Faculty and Staff:**

- In the academic year 2019-20, the institution employed a total of one hundred and thirty teaching staff members. Additionally, there were eighty one non-teaching staff members contributing to the overall functioning of the institution.
- This collaborative effort from both teaching and non-teaching staff played a crucial role in maintaining the academic and operational excellence of the institution during that period.
- Expenditure excluding salary component year wise during the years 2019-20 is 350.72 (INR in lakhs)
- Numbers of full time teachers are eleven with NET/SET/Ph.D. in academic year 2019-20 in JSPM's BSIOTR.
- Nine faculty members registered their Ph.D. in different universities

### **Curriculum and Program Updates:**

- Well-planned and implemented curriculum by adhering to academic calendar.
- For effective delivery of curriculum more emphasis is given on Teaching methods & Techniques, Quality of delivery of content, Continuous Internal Evaluation, Remedial measures for slow learners, Use of ICT tools and Project Based Learning.
- Continuous assessment of the student is carried out using various assessment tools to ascertain attainment level of the students. Remedial actions are taken for slow learners.
- Video links from NPTEL are provided to students for self-learning. The MOODLE is being used for Assessment and Evaluation by conduction of tests, assignments and mini-projects. Self-made videos are used to explain the laboratory experiments.
- Programme Outcomes (POs) and Course Outcomes (COs) for all Programmes

offered by the institution are stated and displayed on Institute website.

- The MOODLE is being used for Assessment and Evaluation by conduction of tests, assignments and mini-projects.
- Twenty three (23) add-on courses, Value added, courses, workshops, seminar conducted during 2019-20
- 845 eight hundred and forty five students from all programs has been enrolled in Certificate/ Value added courses and also completed online courses of MOOCs, SWAYAM, NPTEL etc. as against the total number of students 1644 during 2019-20 and successfully completed.
- Institution integrates cross cutting issues into the curriculum by offering the audit courses prescribed by affiliating university, which address cross cutting issues. In addition the various community approach activities are also conducted under the banner of National Service Scheme (NSS) and Student Development Cell (SDC).
- Other activities initiated by the institute Blood donation camp: Inculcating human values Tree plantation: Environment and Sustainability Celebration of birth anniversary of great Indian personalities: Inculcating human values & culture Visit to Orphanage : Inculcating human values and social responsibility. Speech by spiritual leaders: Professional Ethics, Gender, Human Values, Community approach activities under NSS camp: Social Responsibilities.
- Feedback collected, analyzed, action taken& communicated to the relevant bodies and feedback hosted on the institutional website.
- The Project Based Learning is adopted for the self-study components. The students have to do projects pertaining to a course. The final year Projects are mentored and evaluated by externals from other institutes and industry. These projects are evaluated by a well-defined detailed rubrics framework to ensure quality of the projects. The best projects are sponsored to attend the project competitions.
- Audit courses as per syllabus of SPPU and twenty three Value added programmes are conducted on various topics. The students are also trained towards abstract writing, technical paper writing and literature survey.
- The OBE is practiced in true spirit resulting in more focused all-round development of our students.
- Modern Tool Usage: Wi-Fi enabled smart Boards, LCD projectors, MOODLE are used in teaching learning process.
- Industry-Institute-Interaction: Soft Skill training programs, Expert lectures,

industrial visits are conducted with the industry personnel for enhancing the learning levels of the graduates.

- Eight hundred and forty students completed online courses of MOOCs, SWAYAM, NPTEL with value added courses and add-on as well.

### **Research and Publications:**

- Grant received from BCUD SPPU and other funding agencies is point one five 4.48 lakhs.
- Centre for Innovation Incubation and Entrepreneurship Development (CIIED) within institute by Industry.
- Research Initiatives: Project funding schemes are offered to encourage students to undertake research projects. Project based learning and internships are encouraged and students have completed it successfully. Financial support was provided by the management to students to participate in project competitions, conferences, publications in journal.
- Technical Clubs/Labs: The Institution has well equipped and dedicated labs, technical clubs for development of innovative projects. e.g. Robotics and E-Yantra Lab, Coders Club, etc.
- Professional Society Chapters - The Institution has well established chapters under professional societies like IEEE, ISTE, IETE, CSI, Various project competitions, seminars, community development activities, etc are organized under the societies.
- Centre for Innovation Incubation & Linkage: This cell established in collaboration with the affiliating university to promote innovation and incubation.
- Research Initiatives: Project funding schemes are offered to encourage students to undertake research projects. Project based learning and internships are encouraged and students have completed it successfully. Financial support was provided by the management to students to participate in project competitions, conferences, publications in journal.
- Scheme for Promoting Interests, Creativity and Ethics among Students (SPICES): This scheme was sanctioned by All India Council for Technical Education for academic year 2019-20 with financial assistance of Rs.100000/- with equal contribution from the management. Under this scheme different clubs as listed below are established in Institute for students activities.
- Cultural Club ("Balgandharva") 2. Personality Club("Swami Vivekanand ") 3. Technical Club( " C. V. Raman") 4. Social Club( " Baba Amte") 5. Sports Club ( "

P. V. Sindhu")

- Forty seven (47) research papers are published in the Journals notified on UGC CARE during 2019-20.
- Twenty (20) books and chapters are published during 2019-20

**Outreach and extension Activieies:**

- National Service Scheme: NSS unit (Unit No:A98)recognized by affiliating university (Savitribai Phule Pune University) for 156 students is one of the platform created for conduction of community approach activities to help the students to sensitize them towards social problems, environment and sustainability, giving back to society.
- Twenty seven (27) activities have been conducted under National Service Scheme.
- Workshops/seminars/conferences including programs conducted on Research Methodology,
- Intellectual Property Rights (IPR) and entrepreneurship are twenty (20) in umbers during 2019-20.
- Eight functional MoUs have signed with institutions/ industries in India for internship, on-the-job training, project work and collaborative research during AY 2019-20.
- The institution promotes various extension activities under National Service Scheme (NSS), IETE & IEEE Student Chapter and various clubs established at the institute. A Scheme for Promoting Interests, Creativity and Ethics among Students(SPICES) was sanctioned by All India Council for Technical Education with financial assistance of Rs.100000/- with equal contribution from the management. Under this scheme different clubs namely 1. Cultural Club ("Balgandharva") 2. Personality Club("Swami Vivekanand ") 3. Technical Club( " C. V. Raman") 4. Social Club( " Baba Amte") 5. Sports Club ( " P. V. Sindhu"). The main aim is to identify development challenges in rural area and propose appropriate solutions for accelerating sustainable growth. Entrepreneurship Development (ED) Cell at the Institution aims to encourage students to consider self-employment as a career option. Institution has received many awards for innovative projects.
- The main aim of the NSS Unit is to develop a sense of social and civic responsibility in the students. Several activities are carried out such as cleanliness, tree plantation, water conservation, use of solar energy, environmental awareness, national integrity, blood donation camps, health check-up camps, road safety and plastic eradication. In

addition to this, students volunteered during pandemic. The student volunteers have organized weekly camps in nearby adopted villages.

- Apart from this, departments have their department students associations to continuously encourage students to take active participation in welfare of society by engaging them in social activities. The participation in extension activities helps students in sensitizing towards social issues and encourages them to provide solutions. This leads towards holistic personality development of students.

### **Result AY 2019-20 and Participation:**

- Number of final year students who passed the university examination in academic year 2019-20 are 467 out of 468.
- 1345 students get benefited of guidance for competitive examinations and career counseling offered by the Institution during 2019-20.
- 350 students placed and progressed to higher education year wise during 2019-20.
- Eleven (11) students qualifying in state/ national/international level examinations year wise during 2019-20  
(eg: IIT/JAM/NET/SLET/GATE/GMAT/GPAT/CLAT/CAT/ GRE/TOEFL/ IELTS/Civil Services/State government examinations etc.)
- Three students awards/medals for outstanding performance in sports/cultural activities at national/international level (award for a team event should be counted as one) year wise during the 2019-20, students in project completions, paper presentation of the Institution participated during 2019-20.
- 17 students participated in sports and cultural programs in which students of the Institution participated during 2019-20.

### **Infrastructure:**

- The Institution provides adequate facilities and ensures the best possible utilization of physical infrastructure to support the teaching-learning process, co-curricular, extracurricular activities and an ecosystem for research and innovation.
- The infrastructure and facilities fulfill the norms laid by AICTE, DTE, and SPPU.
- Physical infrastructure like Classrooms, Tutorial Rooms, Laboratories, Machine Shop (Workshop) and Seminar Halls are available to conduct session/Expert talk etc.
- In addition to this, the Institution has distinctive auditorium with seating capacity of

three twenty people, administrative rooms, and examination control room, central and departmental libraries, a computer center, two language laboratories, Video Conferencing Room, Sick room and ambulance available twenty four by seven.

- The Institution has adequate number of ICT-enabled classrooms and seminar halls. All classrooms and seminar halls have Wi-Fi/internet facilities for an effective teaching-learning process. They are well equipped with green boards, LCD projectors, and Smart boards.
- An expenditure of 101.69 lakhs has been allocated and expended for the development of infrastructure, reflecting a commitment to enhancing the overall growth and progress of the designated area.
- Internet and WI-FI facility: Provider: TATA-Teleglobal Communications Private Limited Band Width: 300 Mbps Content Ratio: 1:1(Gold) Campus Level Updating: 200 Mbps to 500Mbps, Date of Updating: 02/05/2022 Smart boards with internet/Wi-Fi for ICT enabled teaching.
- Audio-Video System in class room for NPTEL video lecture. ICT facility with LCD projector and Audio System in class rooms
- 16.22 Lakhs, Expenditure incurred on maintenance of infrastructure (physical facilities and academic support facilities) excluding salary component year wise during academic year 2019-20.
- Application Software's(Licensed/Open Source) are there in all departments as per requirement.
- 1353 students benefited by scholarships and freeships provided by the institution, government and non-government bodies, industries, individuals, philanthropists during the 2019-20.
- Sixty three (63) activities organized in capacity development and skills enhancement activities are organized for improving students' capability 1.Soft skills 2.Language and communication skills 3.Life skills (Yoga, physical fitness, health and hygiene) 4.ICT/computing skills in academic Year 2019-20.
- 1449 one thousand four hundred and forty nine students get benefitted by guidance for competitive examinations and career counseling offered by the Institution during the 2019-20.
- The Alumni Association was registered with the charity commissioner office in August 2017(MAHA/1097/2017/Pune).
- Alumni contributed in terms to deliver the expert session as their expertise. (Guiding

and Motivating)

- Institution implements e-governance in its operations 1.Administration 2.Finance and Accounts 3.Student Admission and Support 4.Examination.
- Thirty teachers provided with financial support to attend conferences/workshops and towards membership fee of professional bodies year wise during 2019-20.
- One hundred and four (104+80) teaching and non-teaching staff members participated in Faculty development Programmes (FDP), Management Development Programmes (MDPs) professional development /administrative training programs during the academic year 2019-20.
- The institute has a strong ethical work culture that is based on inclusivity. Gender sensitivity is an inherent value in the cultural ethos of the institute as is evidenced by the following facilities – Safety and Security, Counseling.
- National and international commemorative days, events and festivals celebrated by students associations. The Institution celebrates Engineer’s Day on 15th September to recognise and honour the achievements of the great engineer Sir Mokshagundam Visvesvaraya.
- Various national festivals and Women’s day is celebrated on International Women’s Day i.e. 8th March to show respect towards women in all the efforts taken by them to manage their personal and professional life and for their contributions. International Yoga Day is celebrated in the Institution on 21st June to bring awareness about the health benefits of yoga among the students and the faculties. ### **Library Facilities:**

- The central library is automated with software and is equipped with e-resources.
- Open access software “Koha” is used for management of library support.
- OPAC software used for quick access to library resources.
- There are a total of 3646 titles and 16644 volumes including special books to develop reading habits.
- A digital library is made available for browsing/searching.
- The reading room is well furnished with seating capacity of around 200 students / faculty.
- The institutional governance and leadership are in accordance with the vision and

mission of the Institution and it is visible in various institutional practices such as NEP implementation, sustained institutional growth, decentralization, participation in the institutional governance and in their short term and long term Institutional Perspective Plan.

- Vision Statement of the Institution To satisfy the aspirations of the youth force, who wants to lead the nation towards prosperity through techno-economic development. Mission Statement of the Institution To provide, nurture and maintain an environment of high academic excellence, research and entrepreneurship for all aspiring students, which will prepare them to face global challenges maintaining high ethical and moral standards. The Institution's Vision emphasizes creating workforce to lead the nation towards prosperity through techno-economic development.
- To ensure the realization of the Vision, the Mission statements have created actionable areas with an emphasis on the development of entrepreneurial skills, the impetus for research and development activities, creating an environment of inclusiveness for the overall development of students.
- The Institution is working towards the accomplishment of the mission statements, which are clearly aligned to the vision. For the fulfilment of the stated mission, the leadership ensures the monitoring and enforcement of the policy statements and strategic action plans which are formulated based on careful consideration of all the stakeholders.
- Decentralization and participation The Institution promotes decentralization and participative management where each committee is given freedom to make a perspective development plan for smooth functioning.
- Effective leadership is visible through planning, implementing, and executing the quality policy of the Institution. The Institution has formed various committees that are constituted by staff members to manage different institutional activities and to promote academic leadership. The Principal discusses with the Heads of the Departments the needs, problems, suggestions for improvement in the educational quality, infrastructure, etc. to propose to the management for further action.
- As a part of the quality initiative the IQAC, statutory Committees, CDC, and Governing Body (GB) continuously work on quality improvement. The committees are headed by faculty in-charges and comprise inter-departmental teams along with student representatives.

- Measures initiated by the Institution for the promotion of gender equity The institute has a strong ethical work culture that is based on inclusivity. It observes the highest ethical standards in all its academic and administrative activities.
- Equal opportunities are provided to all individuals irrespective of gender, race, caste, colour, creed, language, or religion. Safety, security and well-being, along with gender equity and a friendly working atmosphere are the issues of prime concern to the institute. Gender sensitivity is an inherent value in the cultural ethos of the institute as is evidenced by the following facilities.
- Safety and Security Well-trained and vigilant women Warden and Assistant Wardens are appointed to the Girls Hostel. Security checkpoints are provided at all campus entries and exits. Strict implementation of Anti-Ragging measures is in place. A sufficient number of Security guards are deployed on institute premises for strict vigilance. The college campus is under surveillance with CCTV cameras. Women faculty members accompany female students when they participate in outdoor activities or tours.
- Counselling Guardian Faculty Member counsels the students during mentoring regarding academic performance, career plans and personal issues. Health Counselling, Values Counselling and Career Counselling take place periodically. Separate boys' and girls' common rooms are provided with the required facilities.
- The Institution has facilities and initiatives for 1.Alternate sources of energy and energy conservation measures 2.Management of the various types of degradable and nondegradable waste 3.Water conservation 4.Green campus initiatives 5.Disabled-friendly, barrier free environment.
- Guardian Faculty Member (GFM) Mentoring
- Every faculty member of the institute plays the role of mentor and the system is termed as Guardian Faculty Member System (GFM system). 20-25 students are assigned to each GFM. A fortnightly meeting is conducted by GFM with assigned students and various issues as mentioned in the context are discussed. The GFM meeting report is reviewed by the Head of the Department for necessary remedial actions to be taken.

- The issues which need the attention of the head of the Institute are brought to the notice for corrective actions. Immediate actions are taken so that the students feel cared for regarding Academic performance, personal issues and any issues with academic.

### **Conclusion:**

The institution is dedicated to executing a well-structured teaching–learning process, emphasizing the significance of Outcome Based Education for a diverse student body. The goal is to equip students with the skills necessary to embark on their professional journeys while upholding moral and ethical values for socio-economic development. This presents a valuable opportunity for the institution to shape the future of its students, emphasizing Academic Flexibility, student-centric activities, project-based learning, internships, and community-oriented initiatives. Simultaneously, it poses a significant challenge to prepare students for the dynamic demands of industry and evolving technologies.

To address this challenge, the institution has embraced a learner-centered teaching approach employing methodologies such as participative learning, experiential learning, and collaborative learning modes, fostering effective learning. The institution's faculty members are well-prepared and proficient in utilizing Information and Communication Technology (ICT) tools and innovative teaching methods, enhancing the overall learning experience for students.

Noteworthy in this context is the institution's transparent and dedicated governance, coupled with unwavering support from the management. Their commitment is evident in facilitating both academic and administrative processes by providing essential amenities, state-of-the-art facilities, and necessary financial support. This holistic approach ensures a conducive environment for the holistic development of students.

## **Institute's Vision**

"Satisfy the aspirations of youth force, who want to lead nation towards prosperity through techno-economic development."

## **Institute's Mission**

"To provide, nurture and maintain an environment of high academics excellence, research and entrepreneurship for all aspiring students, which will prepare them to face global challenges maintaining high ethical and moral standards."

## **Introduction:**

The Jayawant Shikshan Prasarak Mandal is a charitable educational trust, a pioneer in imparting quality technical education in the field of Engineering, Pharmacy, Management, Computer Applications etc. It has established five campuses in Pune at Tathawade, Hadapsar, Wagholi & Bavadhan & Narhe. Each campus consists institutes of global competitiveness.

Bhivarabai Sawant Institute of Technology & Research (BSIOTR) is one among the competent engineering colleges, established in 2009-10 and is situated on a picturesque heart throbbing landscape at Wagholi on Nagar –Pune Road. The institute offers Under Graduate courses in Electrical Engineering, Computer Engineering, Information Technology, Electronics & Telecommunication, Mechanical Engineering. The core strength of this institute is highly qualified, dedicated & experienced faculty, well equipped laboratories and state of art infrastructure.

Faculty members in this institute strive hard to impart quality technical knowledge so as to produce the technocrats of futuristic vision. The Institute promotes Research activities which provide a platform to enhance the research attitude. The students who aspire to become engineers are groomed with appropriate technology expected in the industries. Technical forums, student associations and study groups are the avenues in the institute to enhance the technical & softskills. The students are oriented and counseled through an unique concept of Guardian Faculty Member. A teacher is GFM for a group of students (not more than 20) who is responsible to guide the students through counselling to achieve academic excellence.

BSIOTR is a temple of knowledge where technocrats who are responsible for the technological growth of the nation are produced.

## **Principals Message:**

Jayawant Shikshan Prasarak Mandal's Bhivarabai Sawant Institute of Technology & Research (BSIOTR) is an institution where students are groomed into technocrats having the skill sets compatible to the industries/employers and the society at large. The academic infrastructure of the institute is having state of the art facilities like smart boards, virtual class rooms and internet and Wi-Fi enabled class rooms to facilitate the teacher to implement the well-crafted curriculum in an effective manner to achieve the goal of outcome based education. Different teaching methodologies and modern teaching tools adopted by the teacher in teaching-learning process, supplemented with extra-curricular and co-curricular activities help the students to acquire the skills required to pursue their dream career. We believe in strong and cordial interaction between teachers and students which is an essential parameter to help the students to achieve greatness in academics, extracurricular and co-curricular achievements. This is being practiced in this institute with great care and devotion. BSIOTR expects its graduating students to excel with their skills both inside and outside of the classroom. I would like to express through this message that, you being part of this institution as a student or staff member, would definitely feel proud of yourself because of its excellent teaching-learning environment and commitment to serve the nation for its techno-economic development. I welcome all the students who wish to be part of BSIOTR to fulfill their aspirations of becoming an able engineer who will fulfil the needs of the industries, society and the nation. Good intention and smart efforts never go waste. And team work is a key factor for success. So we believe in team work for grooming the students.

## 5.Members of Academic Advisory Body

Role: AMC is centralized (Institute level) committee responsible for drafting, regulating and implementing different academic policies. It is meant for smooth & uniform conduction of academics throughout the institute.

Governing Board		
Sr.No.	Name	Designation
1	Dr. T.K.Nagaraj	Principal
2	Dr. Arun G. Patil	Dean Academics
3	Dr. Yogesh S. Angal	Member
4	Dr. Nilam Ghuge	Member
5	Dr. Gayatri Bhandari	Member
6	Prof. Vidya Jagtap	Member
7	Prof. P.V.Jatti	Member

AMC is headed by Academic Coordinator along with Co-coordinator. The representative from each department acting as Departmental Academic Coordinator is the member of AMC. All coordinators are involved in policy making process. Class teachers & Teacher Guardians are pillars of AMC. All Teachers are responsible for implementing the same.

## 6. Student Feedback on Institutional Governance/ Faculty performance

### Objective of Feedback:

The Institute is affiliated to Savitribai Phule Pune University (SPPU). The syllabus is framed by the university as per the statutory provisions. This task is assented to selected institutes to frame the syllabus. Such institute conduct syllabus revision workshop in which Teachers, Invited Industry Experts, Senior Professors share their views and finalize the draft of the syllabus. This syllabus is then approved by BOS/Academic Council/Executive Council of the Savitribai Phule Pune University, Pune. Syllabus implementation workshops are again conducted by selected institutes in which the concerned subject teachers participate. In this workshop the extent of the contents to be covered for all units and laboratory work are finalized. The syllabus so framed is implemented in the institutes. The feedback of the stakeholders namely Student, Parent, Alumni and Employer is obtained which help the institution to design curricular and extra circular activities to enhance the learning and develop skills of the students

### Student Feedback Questions

1. How do you rate the curriculum being implemented at the institute is upgrading your knowledge level?
2. Quality of the teaching methods and techniques being used to implement the designed curriculum

3. How do you rate the quality of industry expert lectures/seminar to understand the concepts?
4. Is the level of present curricula sufficient in solving actual industrial problems?
5. Are the industrial visits, guest lectures, workshops, add-on courses helping you to development Engineering skills?
6. How do you rate teaching “learning methods and techniques in participative learning?
7. Is the experimental learning in laboratories helping you to understand the concepts?
8. Is the curriculum being implemented helpful in developing human values and etiquettes in you?
9. How do you rate the curriculum for creative and innovativeness?
10. Do you think the curriculum is sufficient enough to make you an employable engineer?

### **Parent Feedback Questions**

1. Is your ward capable to use his/her knowledge to get/perform the job?
2. How much your ward is capable to analyses the things related to stream/Branch?
3. How well he/her is able to face new problems and challenges?
4. Does your ward use modern engineering tools, techniques and software?
5. Does your ward behave in responsible manner?
6. How much he/she is careful about safety, society, health and environment?
7. How well does he/she follow the discipline, time and ethics?
8. How well your ward is able to work in group of people?
9. How well he/she is able to handle his work and financial matters?
10. Does the designed Curricula/Syllabus help ward in catering needs of society, economy and environment? If no, suggest necessary additions in curricula/Syllabus.

### **Alumni Feedback Questions**

1. Do you think that your experience at BSIOTR laid the foundation to compete professionally as an engineer?

2. Do you think that your experience at BSIOTR laid the foundation to apply the problem solving skills you learned at BSIOTR to meet the challenging demands and increasing responsibilities of a successful engineering career
3. Do you think that your experience at BSIOTR laid the foundation to model/formulate/solve engineering problems?
4. Do you think that your experience at BSIOTR laid the foundation to be a lifelong learner?
5. Do you think that your experience at BSIOTR laid the foundation to think creatively and critically?
6. Do you think that your experience at BSIOTR laid the foundation to continue to learn in your profession, using modern technology and communication skills?
7. Do you think that your experience at BSIOTR laid the foundation to function effectively in multidisciplinary teams?
8. Do you think that your experience at BSIOTR laid the foundation to be a leader in solving important problems for your employer and for society?
9. Do the designed Curricula help you in catering needs of society, economy and environment? If no, suggest necessary additions in curricula.
10. Does the designed syllabus help you in solving actual industrial problems? If no, suggest necessary additions in Syllabus.

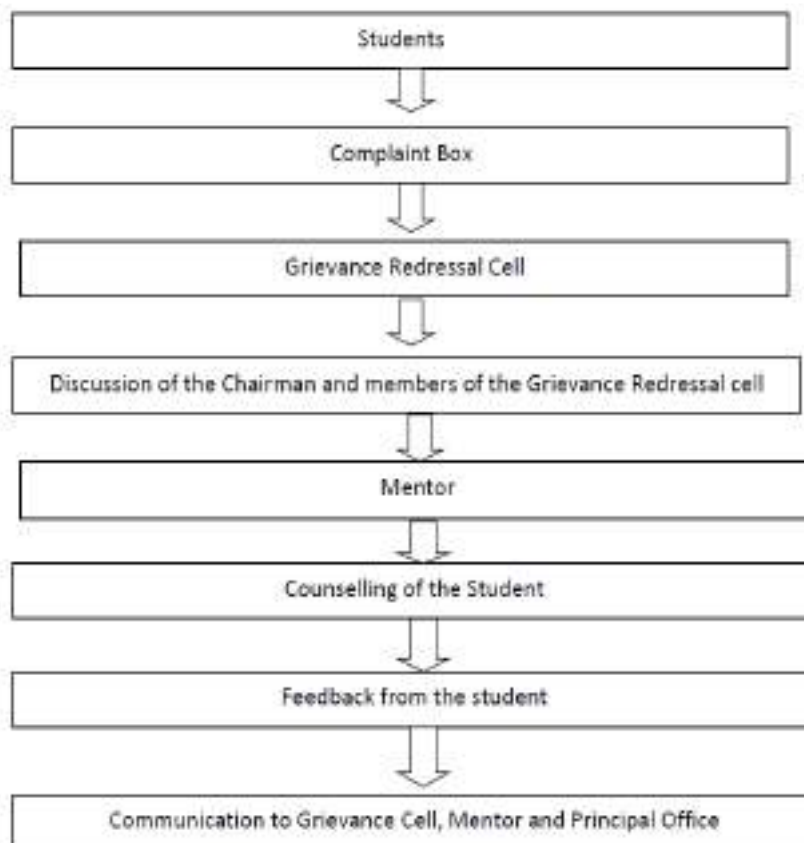

### **Employer Feedback Questions**

1. Has the graduate ever been engaged in effectively applying engineering/technology in their profession
2. Compete professionally as an engineer
3. Successfully apply their learned skills throughout their professional pursuits
4. Can they Model/formulate/solve engineering problems & develop cost effective solutions for organization?
5. An ability to design and conduct experiments, as well as to analyze and interpret data
6. Awareness of the value of continuous improvement, with a focus on quality and a commitment to life - long learning:
7. Ability to effectively articulate ideas in both written and oral communications:
8. Ability to work effectively as a member of a multi-discipline project team:
9. Do the designed Curricula help in catering needs of the organization? If no, suggest necessary additions in curricula?

10. Does the designed syllabus help the graduate in solving actual industrial problems? If no, suggest necessary additions in Syllabus?

### **Purpose of Feedback:**

1. Alumni Feedback is taken from Alumni for the academic year. The analysis helped the institute in development of curriculum.
2. Feedback about Faculty is taken from students twice a semester. The various parameters on which teaching is assessed are: Communication Skills, Quality of Teaching/ Academic input, Subject Knowledge, Content and Method of Delivery, Resourcefulness, Readiness of teacher, Accessibility and Availability of Teacher in Campus/ Department. Feedback is signed by the Director and conveyed to the faculty by respected Head of the Department. Counseling of faculty having feedback count less than sixty percent is carried out by Head of the Department as well as by the Dean academics for his/ her improvement.
3. An Institute level Parent Teacher meeting is conducted once every semester. During the meeting, parents are made aware about their wards' attendance, academic performance for the semester as well as about the various learning processes conducted in the institute. In academic year 2020-21, Suggestions given by parents were taken into consideration for further actions. Also this helped in identifying the parents who would help in providing support to the institute in terms of Projects, internship and placement etc.
4. Feedback about Institute is also taken from all students once in a year. This includes the feedback about the facilities and the infrastructure of the institute.
5. Various companies visit the campus of the institute for the placement of the students. Based on this feedback, Guest lectures, workshops, seminars are organized for students to help them to be ready for industry

## Computing Facilities:

The institution has IT facilities including WI-FI and sufficient number of computers and required number of peripherals. The facility available facilitates ICT enabled teaching-learning process and evaluation, research activities, and administration. The departments are having system software and application software, both licensed and open source software. The following table describes the computing facility available:

Internet and WI-FI facility:	Internet Facility Details:100 Mbps leased line Content Ratio: 1:1(Gold) (ISP provider –TATA Telecom), Date of Updating: 01/09/2017 Aircell Backup line:10Mbps

## List of facilities available

### Games and Sports Facilities:

- Sports Facilities: Grounds for outdoor games and facilities for indoor games are available.
- The institute has adequate sports facilities and cultural centers for holistic development of students.
- The details of the facilities available are as follows:
  - Basketball court with size- 28mx15m meters
  - Volley ball courts with size- 18mx9m 3).
  - Football cum cricket field with size- 90mx45m meters.
  - A Kho-Kho ground.
  - Indoor games facilities like Carrom and table tennis are made available to the students.

College has a well-equipped gymnasium with facilities such as machine exercises, free weight exercises, etc, Physical Education Director is appointed to train the students participating in various zonal, all

- India and Inter-university level tournaments.

## **Extra-Curricular Activities and Soft Skill Development Facilities**

- To ensure quality sustenance and enhancement the college periodically conducts the performance audit of the departments which includes course review, Review of Teaching – learning methodologies, Result analysis, Research output, Faculty Development Programs attended/conducted and Extension activities, Co-curricular and extra-curricular activities conducted during the year.
- In order to have overall development of the students and generate teamwork and leadership skills the institute gives an opportunity to students to participate in co-curricular and extra-curricular activities.
- Students are encouraged to participate in co-curricular and extra-curricular activities organized by the institute and at other institutes by providing financial assistance and transport facilities. Good number of students has participated in various activities and has won prizes. The college has registered Alumni Association. Alumni assist the institution financially or non- financially by way of internships, Guest Lectures, Workshops, Industrial Visits, Campus Drives, etc.
- **Department Level students Associations:** These associations are fully represented by the students guided by a faculty member. These associations take initiative for promotion of activities related to academics, skill enhancement programmes curricular and extra-curricular activities. Students are encouraged to take decisions, plan and execute the programs to develop decision making and leadership skills.
- FDP for the faculty members should be arranged for design of the curriculum for the revised syllabus.
- Value-added courses and training programmes should be conducted to improve the employability of the graduating students.
- Training and placement activities to be conducted to improve the students skill sets. Various soft skill programs should be arranged in Institute to Improve the Students communication and soft skills

- Industry visits should be encouraged to give an exposure of industrial applications and practices.
- **Student Support and Progression**
  - Students are given scholarships by the Government as per the Government rules for various categories. Institution also provides scholarship to the students namely, Academic Excellence Scholarship, JSPM's Scholarships. In case of
  - Exceptional cases fees are waived partly for students coming from economically weaker sections on their request. The institution has dedicated Training and Placement Cell comprising of Training and Placement Officer
  - (TPO), Departmental Training and Placement Co-coordinators (TPC) and student coordinators. Various programs such as guidance for competitive exams and higher studies, career counseling, personal counseling, soft skill development, etc. are conducted. Field projects and internships are facilitated for the students through MOU's signed with industries for experiential learning and hands-on training. A good number of students have qualified in competitive exams for higher studies and recruitment by various Government departments. A satisfactory number of students are placed in core and IT industries through campus drives.
- **Teaching Learning Process**
  - Curricula and syllabus for each of the Programmes as approved by the University
  - Academic Calendar of the University
  - Academic Time Table with the name of the Faculty members handling the Course
  - Teaching Load of each Faculty
  - Internal Continuous Evaluation System and place:
- **Evaluation and Analysis**
  - Continuous assessment of the student is carried out by conducting Class/ Unit tests /mock online

- Tests/mock oral/mock practical exam to ascertain the attainment level of the students and thereby identify slow learners and advanced learners.
- External evaluation is done through in-semester, oral/practical and end semester written exam conducted by university.
- Remedial lectures are conducted for slow learners and opportunities are created for advanced learners to showcase their innovative ideas.
- Feedback from various stakeholders is taken for corrective measures to improve the effectiveness of curriculum delivery.

**Internal continuous Evaluation Systems and Place**

- Continuous assessment of the student is carried out by conducting Class/ Unit tests /mock online tests/mock oral/mock practical exam to ascertain the attainment level of the students and thereby identify slow learners and advanced

learners. External evaluation is done through in-semester, oral/practical and end semester written exam conducted by Savitribai Phule University.

- Remedial lectures are conducted for slow learners and opportunities are created for advanced learners to showcase their innovative ideas. Feedback from various stakeholders is taken for corrective measures to improve the effectiveness of curriculum delivery.
- Institute has dedicated and experienced faculty members. Continuous internal evaluation of the student's performance is carried out through assignments, tests, mini-projects, etc. Internal evaluation and end-semester evaluation is used to ascertain the attainment of COs, POs and PSOs. Reforms are made in these internal assessment evaluation methods whenever required. Any grievances related to examination and evaluation is addressed properly. The institute has clearly stated its learning outcomes and accordingly implements the curriculum. On completion of each course, the attainment level of Course Outcomes is evaluated and efforts are taken on students to achieve high level attainment of Program and Program Specific Outcomes.

- **Student's assessment of Faculty, System in place:**

- Alumni Feedback is taken from Alumni for the academic year. The analysis helped the institute in development of curriculum for 'Autonomy'.
- Feedback about Faculty is taken from students twice a semester. The various parameters on which teaching is assessed are: Communication Skills, Quality of Teaching/ Academic input, Subject Knowledge, Content and Method of Delivery, Resourcefulness, Readiness of teacher, Accessibility and Availability of Teacher in Campus/ Department. Feedback is signed by the Director and conveyed to the faculty by respected Head of the
- Department. Counseling of faculty having feedback count less than 60 % (out of 100) is carried out by Head of the Department as well as by the Director for his/ her improvement.
- An Institute level Parent Teacher meeting is conducted once every semester. During the meeting, parents are made aware about their wards' attendance, academic performance for the semester as well as about the various learning processes conducted in the institute. In academic year 2020-21, Parent Teacher meeting for the first semester was conducted. Suggestions given by parents were taken into consideration for further actions. Also this helped in identifying the parents who would help in providing support to the institute in terms of Projects, internship and placement etc.
- 4. Feedback about Institute is also taken from all students once in a year. This includes the feedback about the facilities and the infrastructure of the institute. 5. Various companies visit the campus of the institute for the placement of the students. Based on this feedback, Guest lectures, workshops, seminars are organized for students to help them to be ready for industry.

The Institution ensures effective implementation of planned curriculum in accordance with syllabus prescribed by the affiliating University aided with ICT enabled facilities and e-resources. The curriculum is planned taking into consideration the current industry requirements and the technological advancements. In order to bridge the gap, Certificate programs, workshops, seminars, add-on, value added courses are

conducted by in-house faculty members and invited professionals and industry experts. To cope up with the changing technologies, new courses are introduced and electives are offered which facilitates academic flexibility

## Best Practices

The institution has taken initiatives to shift learning from traditional “teacher centric” to the “student centric” approach. Following are some of the efforts been taken to make learning more student- centric:-

### **1. Experiential learning: -**

Students are encouraged to undertake internship programs, hands on training, industrial training, sponsored projects in order to make them industry ready graduates. Further institute organizes industrial visits, field trips for the students to make them aware of the current market working trends and technologies. Various technical events like model making, robot making, circuit-designing, 3D- sculpt making, etc. are arranged.

### **2. Participative learning**

Students are recurrently motivated to participate in curricular, co-curricular and extracurricular activities so that they become industry ready confident candidates and an amalgam of knowledge and persona. Different departments organize paper presentation, mini- projects, project, and poster-making competitions for the students to promote participative learning. “Cynosure” is a national level technical event organized annually by the institute. This is a platform created to promote awareness of advancements in respective fields and showcase technical expertise and talent of the students. To realize student participation, institute engages students in a number of modern teaching learning methodologies like role play, group discussions, brain storming sessions, etc.

### **Role play-**

Here group of students simulate a scenario by assuming specific roles. Students work through a situation and try to enact a concept/scenario by making the concept live by conversing the dialogues between their group-members. This technique is an excellent mechanism of participative learning since students play their specific role and interact with their peers in order to accomplish their assigned task.

### **Brainstorming sessions –**

Random cases pertaining to day to day issues faced by industry, real life scenarios; technical, non-technical aspects, etc. are explored to nurture the student’s problem solving skills.

### **Group Discussions-**

To develop students into future leaders in industry, institute inspires students to participate in a number of group discussions.

**Paper presentation:-**

Students are exposed to latest trends and practices in industry through case studies and research work presented in the form of research papers.

**Project competitions:** Institute conducts in-house and outbound competitions pertaining to all. Disciplines by assigning a task in the form of competition.

## **Conclusion:**

The organization is implementing a well-structured teaching–learning process that prioritizes Outcome-Based Education for a diverse student body. The goal is to equip students with the skills needed for their professional careers, emphasizing moral and ethical values for socio-economic development. This presents a significant opportunity for the institution to influence the future of its students through Academic Flexibility, student-centric activities, project-based learning, internships, and community-oriented initiatives. Simultaneously, the institute faces the challenge of preparing students to meet the demands of an ever-evolving technological landscape.

The teaching process is centered around the learner, employing effective methodologies like participative learning, experiential learning, and collaborative learning modes. The institution's educators are well-prepared and proficient in utilizing ICT tools and teaching methods, enhancing the students' learning experience. An essential aspect not to overlook is the institution's transparent and dedicated governance, supported by the management's commitment to providing necessary amenities, facilities, and financial support for both academic and administrative processes.

## **Introduction:**

JSPM's Bhivarabai Sawant Institute of Technology and Research (BSIOTR) is approved by the All India Council for Technical Education (AICTE) and Directorate of Technical Education (DTE) Government of Maharashtra and Affiliated to Savitribai Phule Pune University (SPPU), Maharashtra State. The institute is a self-financed private organization established in the year 2009. It is located at GAT No.720/1&2, Pune-Nagar road, Wagholi, Pune and its geographical location is latitude 18.58614 and longitude 74.003956. The institute is offering full-time five undergraduate courses and two post-graduate courses in an engineering discipline. Eleven batches of students have graduated from the institute. The institution is committed to imparting quality technical education to achieve its vision and mission.

The institute is offering five undergraduate and two postgraduate programs affiliated to the Savitribai Phule Pune University (SPPU). The Institution provides adequate facilities and ensures the best possible utilization of physical infrastructure to support the teaching-learning process, co-curricular, extracurricular activities and an ecosystem for research and innovation. The infrastructure and facilities fulfil the norms laid by AICTE, DTE, and SPPU. The facilities are regularly upgraded considering the need of stake holders.

## **Institute's Vision**

"Satisfy the aspirations of youth force, who want to lead nation towards prosperity through techno-economic development."

## **Institute's Mission**

"To provide, nurture and maintain an environment of high academics excellence, research and entrepreneurship for all aspiring students, which will prepare them to face global challenges maintaining high ethical and moral standards."

## **Principals Message:**

JSPM's Bhivarabai Sawant Institute of Technology & Research (BSIOTR) is an institution where students are groomed into technocrats having the skill sets compatible to the industries/employers and the society at large. The academic infrastructure of the institute is having state of the art facilities like smart boards, virtual class rooms and internet and Wi-Fi enabled class rooms to facilitate the teacher to implement the well-crafted curriculum in an effective manner to achieve the goal of outcome based education. Different teaching methodologies and modern teaching tools adopted by the teacher in teaching-learning process, supplemented with extra-curricular and co-curricular activities help the students to acquire the skills required to pursue their dream career. We believe in strong and cordial interaction between teachers and students which is an essential parameter to help the students to achieve greatness in academics, extracurricular and co-curricular achievements. This is being practiced in this institute with great care and devotion. BSIOTR expects its graduating students to excel with their skills both inside and outside of the classroom. I would like to express through this message that, you being part of this institution as a student or staff member, would definitely feel proud of yourself because of its excellent teaching-learning environment and commitment to serve the nation for its techno-economic development. I welcome all the students who wish to be part of BSIOTR to fulfill their aspirations of becoming an able engineer who will fulfil the needs of the industries, society and the nation. Good intention and smart efforts never go waste. And team work is a key factor for success. So we believe in team work for grooming the students.

### **STRENGTH, WEAKNESS, OPPORTUNITY AND CHALLENGES (SWOC):**

- **Institutional Strength:** 1. Prepared to implement NEP-2020 2. Teaching Faculty upskilling policy 3. Student-Centric ICT enabled Teaching-learning 4. Dedicated faculty members. 5. Structured Mentoring System 6. Extensive Use of modern teaching tools and Resources.
- **Institutional Weakness:** 1.Liaoning with research organization 2. MOUs with foreign Universities
- **Institutional Opportunity:** 1. Implementation of NEP-2020 2. Innovations through Research 3. Imbibing entrepreneurship skills to budding entrepreneurs 4. Collaborative activities with industry and institutions. 5. Multidisciplinary approach.
- **Institutional Challenge:** 1. changing the learning style of students from exam-oriented learning to knowledge-based learning applicable to real-life 2. Making students ready for fast-changing scenarios in industries, due to limited flexibility. 3.Making the students industry ready coping up with ever changing technological developments and its applications.

## 5. Members of Academic Advisory Body

Role: AMC is centralized (Institute level) committee responsible for drafting, regulating and implementing different academic policies. It is meant for smooth & uniform conduction of academics throughout the institute.

Governing Board		
Sr.No.	Name	Designation
1	Dr. T.K.Nagaraj	Principal
2	Dr. Arun G. Patil	Dean Academics
3	Dr. Yogesh S. Angal	Member
4	Dr. Nilam Ghuge	Member
5	Dr. Gayatri Bhandari	Member
6	Prof. Vidya Jagtap	Member
7	Prof. P.V.Jatti	Member

AMC is headed by Academic Coordinator along with Co-coordinator. The representative from each department acting as Departmental Academic Coordinator is the member of AMC. All coordinators are involved in policy making process. Class teachers & Teacher Guardians are pillars of AMC. All Teachers are responsible for implementing the same.

## **6. Student Feedback on Institutional Governance/ Faculty performance**

### **Objective of Feedback:**

The Institute is affiliated to Savitribai Phule Pune University (SPPU). The syllabus is framed by the university as per the statutory provisions. This task is assented to selected institutes to frame the syllabus. Such institute conduct syllabus revision workshop in which Teachers, Invited Industry Experts, Senior Professors share their views and finalize the draft of the syllabus. This syllabus is then approved by BOS/Academic Council/Executive Council of the Savitribai Phule Pune University, Pune. Syllabus implementation workshops are again conducted by selected institutes in which the concerned subject teachers participate. In this workshop the extent of the contents to be covered for all units and laboratory work are finalized. The syllabus so framed is implemented in the institutes. The feedback of the stakeholders namely Student, Parent, Alumni and Employer is obtained which help the institution to design curricular and extra circular activities to enhance the learning and develop skills of the students

### **Student Feedback Questions**

1. How do you rate the curriculum being implemented at the institute is upgrading your knowledge level?
2. Quality of the teaching methods and techniques being used to implement the designed curriculum
3. How do you rate the quality of industry expert lectures/seminar to understand the concepts?
4. Is the level of present curricula sufficient in solving actual industrial problems?
5. Are the industrial visits, guest lectures, workshops, add-on courses helping you to development Engineering skills?
6. How do you rate teaching “learning methods and techniques in participative learning?
7. Is the experimental learning in laboratories helping you to understand the concepts?
8. Is the curriculum being implemented helpful in developing human values and etiquettes in you?
9. How do you rate the curriculum for creative and innovativeness?
10. Do you think the curriculum is sufficient enough to make you an employable engineer?

### **Parent Feedback Questions**

1. Is your ward capable to use his/her knowledge to get/perform the job?
2. How much your ward is capable to analyses the things related to stream/Branch?
3. How well he/her is able to face new problems and challenges?
4. Does your ward use modern engineering tools, techniques and software?

5. Does your ward behave in responsible manner?
6. How much he/she is careful about safety, society, health and environment?
7. How well does he/she follow the discipline, time and ethics?
8. How well your ward is able to work in group of people?
9. How well he/she is able to handle his work and financial matters?
10. Does the designed Curricula/Syllabus help ward in catering needs of society, economy and environment? If no, suggest necessary additions in curricula/Syllabus.

### **Alumni Feedback Questions**

1. Do you think that your experience at BSIOTR laid the foundation to compete professionally as an engineer?
2. Do you think that your experience at BSIOTR laid the foundation to apply the problem solving skills you learned at BSIOTR to meet the challenging demands and increasing responsibilities of a successful engineering career
3. Do you think that your experience at BSIOTR laid the foundation to model/formulate/solve engineering problems?
4. Do you think that your experience at BSIOTR laid the foundation to be a lifelong learner?
5. Do you think that your experience at BSIOTR laid the foundation to think creatively and critically?
6. Do you think that your experience at BSIOTR laid the foundation to continue to learn in your profession, using modern technology and communication skills?
7. Do you think that your experience at BSIOTR laid the foundation to function effectively in multidisciplinary teams?
8. Do you think that your experience at BSIOTR laid the foundation to be a leader in solving important problems for your employer and for society?
9. Do the designed Curricula help you in catering needs of society, economy and environment? If no, suggest necessary additions in curricula.
10. Does the designed syllabus help you in solving actual industrial problems? If no, suggest necessary additions in Syllabus.

### **Employer Feedback Questions**

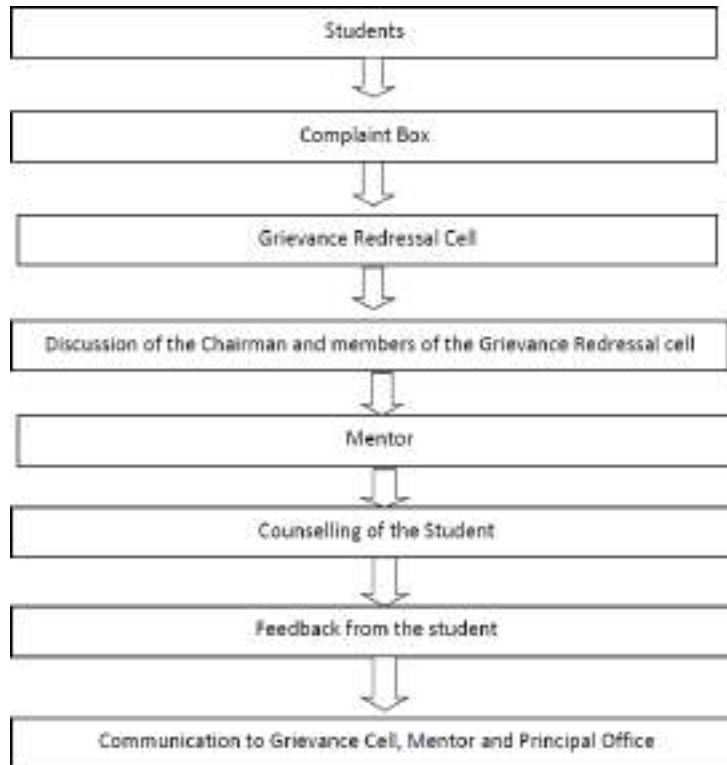

1. Has the graduate ever been engaged in effectively applying engineering/ technology in their profession
2. Compete professionally as an engineer
3. Successfully apply their learned skills throughout their professional pursuits

4. Can they Model/formulate/solve engineering problems & develop cost effective solutions for organization?
5. An ability to design and conduct experiments, as well as to analyze and interpret data
6. Awareness of the value of continuous improvement, with a focus on quality and a commitment to life - long learning:
7. Ability to effectively articulate ideas in both written and oral communications:
8. Ability to work effectively as a member of a multi-discipline project team:
9. Do the designed Curricula help in catering needs of the organization? If no, suggest necessary additions in curricula?
10. Does the designed syllabus help the graduate in solving actual industrial problems? If no, suggest necessary additions in Syllabus?

### **Purpose of Feedback:**

1. Alumni Feedback is taken from Alumni for the academic year. The analysis helped the institute in development of curriculum.
2. Feedback about Faculty is taken from students twice a semester. The various parameters on which teaching is assessed are: Communication Skills, Quality of Teaching/ Academic input, Subject Knowledge, Content and Method of Delivery, Resourcefulness, Readiness of teacher, Accessibility and Availability of Teacher in Campus/ Department. Feedback is signed by the Director and conveyed to the faculty by respected Head of the Department. Counseling of faculty having feedback count less than sixty percent is carried out by Head of the Department as well as by the Dean academics for his/ her improvement.
3. An Institute level Parent Teacher meeting is conducted once every semester. During the meeting, parents are made aware about their wards' attendance, academic performance for the semester as well as about the various learning processes conducted in the institute. In academic year 2021-22, Suggestions given by parents were taken into consideration for further actions. Also this helped in identifying the parents who would help in providing support to the institute in terms of Projects, internship and placement etc.
4. Feedback about Institute is also taken from all students once in a year. This includes the feedback about the facilities and the infrastructure of the institute.
5. Various companies visit the campus of the institute for the placement of the students. Based on this feedback, Guest lectures, workshops, seminars are organized for students to help them to be ready for industry

## 15. Computing Facilities:

The institution has IT facilities including WI-FI and sufficient number of computers and required number of peripherals. The facility available facilitates ICT enabled teaching-learning process and evaluation, research activities, and administration. The departments are having system software and application software, both licensed and open source software. The following table describes the computing facility available:

**16. List of facilities available**

**Games and Sports Facilities:**

- Sports Facilities: Grounds for outdoor games and facilities for indoor games are available.
- The institute has adequate sports facilities and cultural centers for holistic development of students.
- The details of the facilities available are as follows:
  - Basketball court with size- 28mx15m meters
  - Volley ball courts with size- 18mx9m 3).
  - Football cum cricket field with size- 90mx45m meters.
  - A Kho-Kho ground.
  - Indoor games facilities like Carrom and table tennis are made available to the students.

College has a well-equipped gymnasium with facilities such as machine exercises, free weight exercises, etc, Physical Education Director is appointed to train the students participating in various zonal, all

- India and Inter-university level tournaments.

### **Extra-Curricular Activities and Soft Skill Development Facilities**

- To ensure quality sustenance and enhancement the college periodically conducts the performance audit of the departments which includes course review, Review of Teaching – learning methodologies, Result analysis, Research output, Faculty Development Programs attended/conducted and Extension activities, Co-curricular and extra-curricular activities conducted during the year.
- In order have overall development of the students and generate teamwork and leadership skills the institute gives an opportunity to students to participate in co-curricular and extra-curricular activities.
- Students are encouraged to participate in co-curricular and extra-curricular activities organized by the institute and at other institutes by providing financial assistance and transport facilities. Good number of students has participated in various activities and has won prizes. The college has registered Alumni Association. Alumni assist the institution financially or non- financially by way of internships, Guest Lectures, Workshops, Industrial Visits, Campus Drives, etc.
- **Department Level students Associations:** These associations are fully represented by the students guided by a faculty member. These associations take initiative for promotion of activities related to academics, skill enhancement programmes curricular and extra-curricular activities. Students are encouraged to take decisions, plan and execute the programs to develop decision making and leadership skills.
- FDP for the faculty members should be arranged for design of the curriculum for the revised syllabus.

- Value-added courses and training programmes should be conducted to improve the employability of the graduating students.
- Training and placement activities to be conducted to improve the students skill sets  
Various soft skill programs should be arranged in Institute to Improve the Students communication and soft skills
- Industry visits should be encouraged to give an exposure of industrial applications and practices.
- **Student Support and Progression**
  - Students are given scholarships by the Government as per the Government rules for various categories. Institution also provides scholarship to the students namely, Academic Excellence Scholarship, JSPM's Scholarships. In case of
  - Exceptional cases fees are waived partly for students coming from economically weaker sections on their request. The institution has dedicated Training and Placement Cell comprising of Training and Placement Officer
  - (TPO), Departmental Training and Placement Co-coordinators (TPC) and student coordinators. Various programs such as guidance for competitive exams and higher studies, career counseling, personal counseling, soft skill development, etc. are conducted. Field projects and internships are facilitated for the students through MOU's signed with industries for experiential learning and hands-on training. A good number of students have qualified in competitive exams for higher studies and recruitment by various Government departments. A satisfactory number of students are placed in core and IT industries through campus drives.
- **Teaching Learning Process**
  - Curricula and syllabus for each of the Programmes as approved by the University
  - Academic Calendar of the University
  - Academic Time Table with the name of the Faculty members handling the Course
  - Teaching Load of each Faculty
  - Internal Continuous Evaluation System and place:
- **Evaluation and Analysis**
  - Continuous assessment of the student is carried out by conducting Class/ Unit tests /mock online

- Tests/mock oral/mock practical exam to ascertain the attainment level of the students and thereby identify slow learners and advanced learners.
- External evaluation is done through in-semester, oral/practical and end semester written exam conducted by university.
- Remedial lectures are conducted for slow learners and opportunities are created for advanced learners to showcase their innovative ideas.
- Feedback from various stakeholders is taken for corrective measures to improve the effectiveness of curriculum delivery.

### Internal continuous Evaluation Systems and Place

learners. External evaluation is done through in-semester, oral/practical and end semester written exam conducted by Savitribai Phule University.

- Remedial lectures are conducted for slow learners and opportunities are created for advanced learners to showcase their innovative ideas. Feedback from various stakeholders is taken for corrective measures to improve the effectiveness of curriculum delivery.
- Institute has dedicated and experienced faculty members. Continuous internal evaluation of the student's performance is carried out through assignments, tests, mini-projects, etc. Internal evaluation and end-semester evaluation is used to ascertain the attainment of COs, POs and PSOs. Reforms are made in these internal assessment evaluation methods whenever required. Any grievances related to examination and evaluation is addressed properly. The institute has clearly stated its learning outcomes and accordingly implements the curriculum. On completion of each course, the attainment level of Course Outcomes is evaluated and efforts are taken on students to achieve high level attainment of Program and Program Specific Outcomes.

- **Student's assessment of Faculty, System in place:**
  - Alumni Feedback is taken from Alumni for the academic year. The analysis helped the institute in development of curriculum for 'Autonomy'.
  - Feedback about Faculty is taken from students twice a semester. The various parameters on which teaching is assessed are: Communication Skills, Quality of Teaching/ Academic input, Subject Knowledge, Content and Method of Delivery, Resourcefulness, Readiness of teacher, Accessibility and Availability of Teacher in Campus/ Department. Feedback is signed by the Director and conveyed to the faculty by respected Head of the

- Department. Counseling of faculty having feedback count less than 60 % (out of 100) is carried out by Head of the Department as well as by the Director for his/ her improvement.
- An Institute level Parent Teacher meeting is conducted once every semester. During the meeting, parents are made aware about their wards' attendance, academic performance for the semester as well as about the various learning processes conducted in the institute. In academic year 2020-21, Parent Teacher meeting for the first semester was conducted. Suggestions given by parents were taken into consideration for further actions. Also this helped in identifying the parents who would help in providing support to the institute in terms of Projects, internship and placement etc.
- 4. Feedback about Institute is also taken from all students once in a year. This includes the feedback about the facilities and the infrastructure of the institute. 5. Various companies visit the campus of the institute for the placement of the students. Based on this feedback, Guest lectures, workshops, seminars are organized for students to help them to be ready for industry.

The Institution ensures effective implementation of planned curriculum in accordance with syllabus prescribed by the affiliating University aided with ICT enabled facilities and e-resources. The curriculum is planned taking into consideration the current industry requirements and the technological advancements. In order to bridge the gap, Certificate programs, workshops, seminars, add-on, value added courses are conducted by in-house faculty members and invited professionals and industry experts. To cope up with the changing technologies, new courses are introduced and electives are offered which facilitates academic flexibility

#### **17. Publications:**

Total 102 papers published by faculty members during academic year 2021-22 at Different National international journals.

#### **18. Workshop Seminars:**

10 Workshop/seminars on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the year.

#### **19. Professional Development Programmes,**

Total 90 faculty members have attended FDP/Orientation / Induction Programme, Refresher Course, Short Term Course etc. during the academic year.

#### **20. Industry Linkage:**

Total 426 Collaborative linkage activity has been carried out during the year like transfer of knowledge, industrial visits, internships and projects

#### **21. MoUs with Industries:**

53 active MOUs signed with different industries during the year for collaboration of different activities, like campus interviews, industrial sponsored projects, staff and students training, expert lectures etc.

## 22. Best Practices

The institution has taken initiatives to shift learning from traditional “teacher centric” to the “student centric” approach. Following are some of the efforts been taken to make learning more student- centric:-

### 1. Experiential learning: -

Students are encouraged to undertake internship programs, hands on training, industrial training, sponsored projects in order to make them industry ready graduates. Further institute organizes industrial visits, field trips for the students to make them aware of the current market working trends and technologies. Various technical events like model making, robot making, circuit-designing, 3D- sculpt making, etc. are arranged.

### 2. Participative learning

Students are recurrently motivated to participate in curricular, co- curricular and extracurricular activities so that they become industry ready confident candidates and an amalgam of knowledge and persona. Different departments organize paper presentation, mini- projects, project, and poster- making competitions for the students to promote participative learning. “Cynosure” is a national level technical event organized annually by the institute. This is a platform created to promote awareness of advancements in respective fields and showcase technical expertise and talent of the students. To realize student participation, institute engages students in a number of modern teaching learning methodologies like role play, group discussions, brain storming sessions, etc.

#### Role play-

Here group of students simulate a scenario by assuming specific roles. Students work through a situation and try to enact a concept/scenario by making the concept live by conversing the dialogues between their group- members. This technique is an excellent mechanism of participative learning since students play their specific role and interact with their peers in order to accomplish their assigned task.

#### Brainstorming sessions –

Random cases pertaining to day to day issues faced by industry, real life scenarios; technical, non-technical aspects, etc. are explored to nurture the student’s problem solving skills.

#### Group Discussions-

To develop students into future leaders in industry, institute inspires students to participate in a number of group discussions.

#### Paper presentation:-

Students are exposed to latest trends and practices in industry through case studies and research work presented in the form of research papers.

**Project competitions:** Institute conducts in-house and outbound competitions pertaining to all. Disciplines by assigning a task in the form of competition.

## **Conclusion:**

The institution is dedicated to executing a well-structured teaching–learning process, emphasizing the significance of Outcome Based Education for a diverse student body. The goal is to equip students with the skills necessary to embark on their professional journeys while upholding moral and ethical values for socio-economic development. This presents a valuable opportunity for the institution to shape the future of its students, emphasizing Academic Flexibility, student-centric activities, project-based learning, internships, and community-oriented initiatives. Simultaneously, it poses a significant challenge to prepare students for the dynamic demands of industry and evolving technologies.

To address this challenge, the institution has embraced a learner-centered teaching approach employing methodologies such as participative learning, experiential learning, and collaborative learning modes, fostering effective learning. The institution's faculty members are well-prepared and proficient in utilizing Information and Communication Technology (ICT) tools and innovative teaching methods, enhancing the overall learning experience for students.

Noteworthy in this context is the institution's transparent and dedicated governance, coupled with unwavering support from the management. Their commitment is evident in facilitating both academic and administrative processes by providing essential amenities, state-of-the-art facilities, and necessary financial support. This holistic approach ensures a conducive environment for the holistic development of students.

## **Introduction:**

JSPM's Bhivarabai Sawant Institute of Technology and Research (BSIOTR) is approved by the All India Council for Technical Education (AICTE) and Directorate of Technical Education (DTE) Government of Maharashtra and Affiliated to Savitribai Phule Pune University (SPPU), Maharashtra State. The institute is a self-financed private organization established in the year 2009. It is located at GAT No.720/1&2, Pune-Nagar road, Wagholi, Pune and its geographical location is latitude 18.58614 and longitude 74.003956. The institute is offering full-time five undergraduate courses and two post-graduate courses in an engineering discipline. Eleven batches of students have graduated from the institute. The institution is committed to imparting quality technical education to achieve its vision and mission.

The institute is offering five undergraduate and two postgraduate programs affiliated to the Savitribai Phule Pune University (SPPU). The Institution provides adequate facilities and ensures the best possible utilization of physical infrastructure to support the teaching-learning process, co-curricular, extracurricular activities and an ecosystem for research and innovation. The infrastructure and facilities fulfil the norms laid by AICTE, DTE, and SPPU. The facilities are regularly upgraded considering the need of stake holders.

## **Institute's Vision**

"Satisfy the aspirations of youth force, who want to lead nation towards prosperity through techno-economic development."

## **Institute's Mission**

"To provide, nurture and maintain an environment of high academics excellence, research and entrepreneurship for all aspiring students, which will prepare them to face global challenges maintaining high ethical and moral standards."

## **Principals Message:**

JSPM's Bhivarabai Sawant Institute of Technology & Research (BSIOTR) is an institution where students are groomed into technocrats having the skill sets compatible to the industries/employers and the society at large. The academic infrastructure of the institute is having state of the art facilities like smart boards, virtual class rooms and internet and Wi-Fi enabled class rooms to facilitate the teacher to implement the well-crafted curriculum in an effective manner to achieve the goal of outcome based education. Different teaching methodologies and modern teaching tools adopted by the teacher in teaching-learning process, supplemented with extra-curricular and co-curricular activities help the students to acquire the skills required to pursue their dream career. We believe in strong and cordial interaction between teachers and students which is an essential parameter to help the students to achieve greatness in academics, extracurricular and co-curricular achievements. This is being practiced in this institute with great care and devotion. BSIOTR expects its graduating students to excel with their skills both inside and outside of the classroom. I would like to express through this message that, you being part of this institution as a student or staff member, would definitely feel proud of yourself because of its excellent teaching-learning environment and commitment to serve the nation for its techno-economic development. I welcome all the students who wish to be part of BSIOTR to fulfill their aspirations of becoming an able engineer who will fulfil the needs of the industries, society and the nation. Good intention and smart efforts never go waste. And team work is a key factor for success. So we believe in team work for grooming the students.

## **STRENGTH, WEAKNESS, OPPORTUNITY AND CHALLENGES (SWOC):**

- **Institutional Strength:** 1. Prepared to implement NEP-2020 2. Teaching Faculty upskilling policy 3. Student-Centric ICT enabled Teaching-learning 4. Dedicated faculty members. 5. Structured Mentoring System 6. Extensive Use of modern teaching tools and Resources.
- **Institutional Weakness:** 1.Liaoning with research organization 2. MOUs with foreign Universities
- **Institutional Opportunity:** 1. Implementation of NEP-2020 2. Innovations through Research 3. Imbibing entrepreneurship skills to budding entrepreneurs 4. Collaborative activities with industry and institutions. 5. Multidisciplinary approach.
- **Institutional Challenge:** 1. changing the learning style of students from exam-oriented learning to knowledge-based learning applicable to real-life 2. Making students ready for fast-changing scenarios in industries, due to limited flexibility. 3.Making the students industry ready coping up with ever changing technological developments and its applications.

### **Enrollment and Admission:**

- In the academic year 2022-23, the institution witnessed a total of 355 students admitted in the First Year Engineering (FE) program, compared to the allocated intake of 492. In the Direct Second year (DSE) 88 students have been admitted. Existing SE-310, TE-448 and BE-495.
- The Postgraduate (PG) program, which includes students ME-I and ME-II total enrolled students are 11. Collectively, across all engineering disciplines, the institution welcomed a total of 1707 students during this academic period 2022-23.

### **Faculty and Staff:**

- In the academic year 2022-23, the institution employed a total of 95 teaching staff members. Additionally, there were 81 non-teaching staff members contributing to the overall functioning of the institution.
- This collaborative effort from both teaching and non-teaching staff played a crucial role in maintaining the academic and operational excellence of the institution during that period.
- Expenditure excluding salary component year wise during the years 22-23 is 581.3500 (INR in lakhs)
- Numbers of full time teachers are eleven (11) with NET/SET/Ph.D. in academic year 2022-23 in JSPM's BSIOTR.
- 

### **Curriculum and Program Updates:**

- Well-planned and implemented curriculum by adhering to academic calendar.
- For effective delivery of curriculum more emphasis is given on Teaching methods & Techniques, Quality of delivery of content, Continuous Internal Evaluation, Remedial measures for slow learners, Use of ICT tools and Project Based Learning.
- Continuous assessment of the student is carried out using various assessment tools to ascertain attainment level of the students. Remedial actions are taken for slow learners.
- Video links from NPTEL are provided to students for self-learning. The MOODLE is being used for Assessment and Evaluation by conduction of tests, assignments and mini-projects. Self-made videos are used to explain the laboratory experiments.
- Programme Outcomes (POs) and Course Outcomes (COs) for all Programmes offered by the institution are stated and displayed on Institute website.

- The MOODLE is being used for Assessment and Evaluation by conduction of tests, assignments and mini-projects.
- Twenty three (23) add-on courses, Value added, courses, workshops, seminar conducted during 2022-23
- One thousand seven (1007) students from all programs has been enrolled in Certificate/ Value added courses and also completed online courses of MOOCs, SWAYAM, NPTEL etc. as against the total number of students 1707 during 2022-23 and successfully completed.
- Institution integrates cross cutting issues into the curriculum by offering the audit courses prescribed by affiliating university, which address cross cutting issues. In addition the various community approach activities are also conducted under the banner of National Service Scheme (NSS) and Student Development Cell (SDC).
- Other activities initiated by the institute Blood donation camp: Inculcating human values Tree plantation: Environment and Sustainability Celebration of birth anniversary of great Indian personalities: Inculcating human values & culture Visit to Orphanage : Inculcating human values and social responsibility. Speech by spiritual leaders: Professional Ethics, Gender, Human Values, Community approach activities under NSS camp: Social Responsibilities.
- Feedback collected, analyzed, action taken& communicated to the relevant bodies and feedback hosted on the institutional website.
- The Project Based Learning is adopted for the self-study components. The students have to do projects pertaining to a course. The final year Projects are mentored and evaluated by externals from other institutes and industry. These projects are evaluated by a well-defined detailed rubrics framework to ensure quality of the projects. The best projects are sponsored to attend the project competitions.
- Audit courses as per syllabus of SPPU and twenty three Value added programmes are conducted on various topics. The students are also trained towards abstract writing, technical paper writing and literature survey.
- The OBE is practiced in true spirit resulting in more focused all-round development of our students.
- Modern Tool Usage: Wi-Fi enabled smart Boards, LCD projectors, MOODLE are used in teaching learning process.
- Industry-Institute-Interaction: Soft Skill training programs, Expert lectures, industrial visits are conducted with the industry personnel for enhancing the learning

levels of the graduates.

- One thousand sixty (1060) students completed online courses of MOOCs, SWAYAM, NPTEL with value added courses and add-on as well.

### **Research and Publications:**

- Grant received from BCUD SPPU is point one five (0.15) lakh.
- Centre for Innovation Incubation and Entrepreneurship Development (CIIED) within institute by Industry.
- Research Initiatives: Project funding schemes are offered to encourage students to undertake research projects. Project based learning and internships are encouraged and students have completed it successfully. Financial support was provided by the management to students to participate in project competitions, conferences, publications in journal.
- Technical Clubs/Labs: The Institution has well equipped and dedicated labs, technical clubs for development of innovative projects. e.g. Robotics and E-Yantra Lab, Coders Club, etc.
- Professional Society Chapters - The Institution has well established chapters under professional societies like IEEE, ISTE, IETE, CSI, Various project competitions, seminars, community development activities, etc are organized under the societies.
- Centre for Innovation Incubation & Linkage: This cell established in collaboration with the affiliating university to promote innovation and incubation.
- Research Initiatives: Project funding schemes are offered to encourage students to undertake research projects. Project based learning and internships are encouraged and students have completed it successfully. Financial support was provided by the management to students to participate in project competitions, conferences, publications in journal.
- Scheme for Promoting Interests, Creativity and Ethics among Students (SPICES): This scheme was sanctioned by All India Council for Technical Education for academic year 2022-23 with financial assistance of Rs.100000/- with equal contribution from the management. Under this scheme different clubs as listed below are established in Institute for students activities.
- Cultural Club ("Balgandharva") 2. Personality Club("Swami Vivekanand ") 3. Technical Club( " C. V. Raman") 4. Social Club( " Baba Amte") 5. Sports Club ( " P. V. Sindhu")
- Students of electrical engineering won the following prizes for their project

“ADVANCED CAR JACK CONTROLLED BY WIRELESS DEVICE 1st Winner of PROJIT at JIT,Nashik, India. 3rd Winner of TECHPRO at JSPMS’s BSIOTR, Pune, India. 3rd Winner of IEEE SETC 2023 at California,USA,June 2023 3rd Winner of “TECHNOTHAN at SPCOE Baramati, India.

- One hundred and forty research papers are published in the Journals notified on UGC CARE during 2022-23.
- Twenty four books and chapters are published during 2022-23

#### **Outreach and extension Activieies:**

- National Service Scheme: NSS unit (Unit No:A98)recognized by affiliating university (Savitribai Phule Pune University) for 150 students is one of the platform created for conduction of community approach activities to help the students to sensitize them towards social problems, environment and sustainability, giving back to society.
- Twenty three (23) activities have been conducted under National Service Scheme.
- Workshops/seminars/conferences including programs conducted on Research Methodology,
- Intellectual Property Rights (IPR) and entrepreneurship are eighteen (18) in umbers during 2022-23.
- Total six functional MoUs have signed with institutions/ industries in India for internship, on-the-job training, project work and collaborative research during AY 2022-23.
- The institution promotes various extension activities under National Service Scheme (NSS), IETE & IEEE Student Chapter and various clubs established at the institute. A Scheme for Promoting Interests, Creativity and Ethics among Students(SPICES) was sanctioned by All India Council for Technical Education with financial assistance of Rs.100000/- with equal contribution from the management. Under this scheme different clubs namely 1. Cultural Club ("Balgandharva") 2. Personality Club("Swami Vivekanand ") 3. Technical Club( " C. V. Raman") 4. Social Club( " Baba Amte") 5. Sports Club ( " P. V. Sindhu"). The main aim is to identify development challenges in rural area and propose appropriate solutions for accelerating sustainable growth. Entrepreneurship Development (ED) Cell at the Institution aims to encourage students to consider self-employment as a career option. Institution has received many awards for innovative projects.
- The main aim of the NSS Unit is to develop a sense of social and civic responsibility

in the students. Several activities are carried out such as cleanliness, tree plantation, water conservation, use of solar energy, environmental awareness, national integrity, blood donation camps, health check-up camps, road safety and plastic eradication. In addition to this, students volunteered during pandemic. The student volunteers have organized weekly camps in nearby adopted villages.

- Apart from this, departments have their department students associations to continuously encourage students to take active participation in welfare of society by engaging them in social activities. The participation in extension activities helps students in sensitizing towards social issues and encourages them to provide solutions. This leads towards holistic personality development of students.

### **Result AY 2022-23 and Participation:**

- Number of final year students who passed the university examination in academic year 2022-23 are 393 out of 487.
- 1345 students get benefited of guidance for competitive examinations and career counseling offered by the Institution during 2022-23.
- 215 students placed and progressed to higher education year wise during 2022-23.
- Four students qualifying in state/ national/ international level examinations year wise during 2022-23 (eg: IIT/JAM/NET/SLET/GATE/GMAT/GPAT/CLAT/CAT/ GRE/TOEFL/ IELTS/Civil Services/State government examinations etc.)
- Three students awards/medals for outstanding performance in sports/cultural activities at national/international level (award for a team event should be counted as one) year wise during the 2022-23, students in project completions, paper presentation of the Institution participated during 2022-23.
- 22 students participated in sports and cultural programs in which students of the Institution participated during 2022-23.

### **Infrastructure:**

- The Institution provides adequate facilities and ensures the best possible utilization of physical infrastructure to support the teaching-learning process, co-curricular, extracurricular activities and an ecosystem for research and innovation.
- The infrastructure and facilities fulfill the norms laid by AICTE, DTE, and SPPU.
- Physical infrastructure like Classrooms, Tutorial Rooms, Laboratories, Machine

Shop (Workshop) and Seminar Halls are available to conduct session/Expert talk etc.

- In addition to this, the Institution has distinctive auditorium with seating capacity of three twenty people, administrative rooms, and examination control room, central and departmental libraries, a computer center, two language laboratories, Video Conferencing Room, Sick room and ambulance available twenty four by seven.
- The Institution has adequate number of ICT-enabled classrooms and seminar halls. All classrooms and seminar halls have Wi-Fi/internet facilities for an effective teaching-learning process. They are well equipped with green boards, LCD projectors, and Smart boards.
- An expenditure of 71.29 lakhs has been allocated and expended for the development of infrastructure, reflecting a commitment to enhancing the overall growth and progress of the designated area.
- Band Width: 300 Mbps Content Ratio: 1:1(Gold) Campus Level Updating: 300 Mpbs to 300Mpbs.
- 163.84 Lakhs, Expenditure incurred on maintenance of infrastructure (physical facilities and academic support facilities) excluding salary component year wise during academic year 2022-23.
- 1345 students benefited by scholarships and freeships provided by the institution, government and non-government bodies, industries, individuals, philanthropists during the 2022-23.
- Sixty five activities organized in capacity development and skills enhancement activities are organized for improving students' capability 1.Soft skills 2.Language and communication skills 3.Life skills (Yoga, physical fitness, health and hygiene) 4.ICT/computing skills
- One thousand and eighty two (1082) students get benefitted by guidance for competitive examinations and career counseling offered by the Institution during the 2022-23.
- The Alumni Association was registered with the charity commissioner office in August 2017(MAHA/1097/2017/Pune).
- Alumni contributed in terms to deliver the expert session as their expertise. (Guiding and Motivating)
- Institution implements e-governance in its operations 1.Administration 2.Finance and Accounts 3.Student Admission and Support 4.Examination.

- Thirty teachers provided with financial support to attend conferences/workshops and towards membership fee of professional bodies year wise during 2022-23.
- 125 teaching and non-teaching staff members participated in Faculty development Programmes (FDP), Management Development Programmes (MDPs) professional development /administrative training programs during the academic year 2018-19.
- The institute has a strong ethical work culture that is based on inclusivity. Gender sensitivity is an inherent value in the cultural ethos of the institute as is evidenced by the following facilities – Safety and Security, Counseling.
- National and international commemorative days, events and festivals celebrated by students associations. The Institution celebrates Engineer’s Day on 15th September to recognise and honour the achievements of the great engineer Sir Mokshagundam Visvesvaraya.
- Various national festivals and Women’s day is celebrated on International Women’s Day i.e. 8th March to show respect towards women in all the efforts taken by them to manage their personal and professional life and for their contributions. International Yoga Day is celebrated in the Institution on 21st June to bring awareness about the health benefits of yoga among the students and the faculties. ### **Library Facilities:**

- The central library is automated with software and is equipped with e-resources.
- Open access software “Koha” is used for management of library support.
- OPAC software used for quick access to library resources.
- There are a total of 3646 titles and 16644 volumes
- A digital library is made available for browsing/searching.
- The reading room is well furnished with seating capacity of around 200 students / faculty.
- The institutional governance and leadership are in accordance with the vision and mission of the Institution and it is visible in various institutional practices such as NEP implementation, sustained institutional growth, decentralization, participation in the institutional governance and in their short term and long term Institutional Perspective Plan.
- Vision Statement of the Institution To satisfy the aspirations of the youth force, who wants to lead the nation towards prosperity through techno-economic development.

Mission Statement of the Institution To provide, nurture and maintain an environment of high academic excellence, research and entrepreneurship for all aspiring students, which will prepare them to face global challenges maintaining high ethical and moral standards. The Institution's Vision emphasizes creating workforce to lead the nation towards prosperity through techno-economic development.

- To ensure the realization of the Vision, the Mission statements have created actionable areas with an emphasis on the development of entrepreneurial skills, the impetus for research and development activities, creating an environment of inclusiveness for the overall development of students.
- The Institution is working towards the accomplishment of the mission statements, which are clearly aligned to the vision. For the fulfilment of the stated mission, the leadership ensures the monitoring and enforcement of the policy statements and strategic action plans which are formulated based on careful consideration of all the stakeholders.
- Decentralization and participation The Institution promotes decentralization and participative management where each committee is given freedom to make a perspective development plan for smooth functioning.
- Effective leadership is visible through planning, implementing, and executing the quality policy of the Institution. The Institution has formed various committees that are constituted by staff members to manage different institutional activities and to promote academic leadership. The Principal discusses with the Heads of the Departments the needs, problems, suggestions for improvement in the educational quality, infrastructure, etc. to propose to the management for further action.
- As a part of the quality initiative the IQAC, statutory Committees, CDC, and Governing Body (GB) continuously work on quality improvement. The committees are headed by faculty in-charges and comprise inter-departmental teams along with student representatives.

### **Conclusion:**

The institution is dedicated to executing a well-structured teaching–learning process, emphasizing the significance of Outcome Based Education for a diverse student body. The goal is to equip students with the skills necessary to embark on their professional journeys while upholding moral and ethical values for socio-economic development. This presents a valuable opportunity for the institution to shape the future of its students, emphasizing
